Weighing heavily upon us this month is the fire danger facing Texas and Oklahoma. Many of us have been able to smell the smoke in our homes once or twice during the month and it is very disquieting. When the fire gets really close to home, it becomes terrifying for some of us. Let’s remember our Lake Kiowa Volunteer Fire Department during this time and give thanks to all of these firefighters for their bravery and dedication. Recently they sent out their annual reminder for donations and the conditions this winter must be really stretching their budget; so if you haven’t sent your check yet do it now, and if you don’t usually make a donation now is a good time to begin. Then start praying for rain.

We hope we never have to face the destructive force of fire in Lake Kiowa, but if needed there are other Cooke County fire departments ready and willing to pitch in and help us, as our LKVFD stands by to help with fires in other areas of the county. In what turned out to be a very timely meeting, the Emergency Preparedness Task Force of the Long Range Planning Committee (LRP) met with Ray Fletcher, Cooke County Emergency Management Coordinator; Joe Rider, Chief LKVFD; and Ronny Young of the KHWSC, as well as POA staff to discuss the resources available to Lake Kiowa in the event of an emergency, such as fire. The information provided was very beneficial and included assurance that Lake Kiowa has full Cooke County emergency service assistance - we are not alone. Additional details regarding the meeting can be found in this issue of the CommuniQue.

There are also steps we as individuals can take to help minimize the fire threat to our property. During the Open Board Meeting held on the Open Board Meeting held on December 13, Ray Fletcher emphasized the need for fire safety awareness. Everyone is asked to keep a water source handy, such as a fire hydrant or water tank, in case of an emergency. He also encouraged the community to participate in mutual aid and ensure that all water sources are checked and functioning properly. This is especially important for those living in areas prone to wildfires.

As a sub-committee of the Long Range Planning Task Force, the Emergency Preparedness Task Force hopes to complete its mission in the late spring. We will keep you updated as we progress.

Smoke rises above Lake Kiowa Community

Due to the rash of fires in our county and surrounding areas, your volunteer fire department is asking everyone to please use extreme caution in your everyday activities, at home and when you are traveling. Be advised...if you observe anyone tossing a cigarette out the window of their vehicle, copy down their license number and give it to the proper authorities. Welding is allowed only with a water source, no outside open fires, such as fire rings or chimineas. Use extreme caution when grilling outside; if you plan to use your fireplace this winter, check to see that the chimney has proper screening.

Joe Rider, Fire Chief

Task Force on Emergency Preparedness

The Emergency Preparedness Task Force recently met with Ray Fletcher, Cooke County Emergency Management Coordinator; Joe Rider, Chief LKVFD; Ronny Young, Water Manager, KHWSC; and LKPOA staff. The purpose of this meeting was to get input from other entities for our Preparedness Plan. The task force was reassured we are on the right track and that Lake Kiowa was, indeed, part of the countywide plan. You were sent a letter over a week ago alerting you to some of the information from that meeting. In the event we have not had significant rain between then and now, the countywide burn ban will still be in place. Please continue to be vigilant in your efforts to observe the burn ban and keep debris away from your home. Report all suspicious activity to Security and dial 911 for emergencies.

The meeting covered a wide range of emergency events other than fire. Minor emergencies will continue to be handled by LKPOA personnel. In the event of a major emergency, Ray Fletcher advised that the county will either assist us or take the lead as a particular situation dictates. In the event of an evacuation, we can expect school buses, ambulances, and county officials to render assistance. CCEM will announce which shelter will be utilized when they announce the evacuation. Although our Lodge is not an official shelter designated by the Red Cross, it could be turned into one by local or county officials if an event required it. Therefore, the task force is researching shelter designation requirements and will make recommendations to the Board in the very near future.

Joe Rider assured us that we are never unprepared even if his department is engaged outside Lake Kiowa. Fire departments throughout the county participate in mutual aid. Ronny Young advised us that Kiowa Homeowner’s Water Supply Corporation has emergency plans in place. Even if he loses a tower, he can still get water to everyone as long as he has electrical power. The task force has been assured that Cooke County Electric is striving to improve continuity of service to Lake Kiowa. Neither the KHWSC nor the LKPOA has an emergency generator. The cost for something we have never needed seems prohibitive. However, both entities are researching the possibility of installing the necessary electrical requirements to link with rented generators. KHWSC also has planned for the contingency of a chemical spill.

Ray Fletcher emphasized the need for warning sirens. The task force has been researching warning devices since last June, and recently recommended that the Board proceed with the purchase of two or more pole-mounted sirens; the Board accepted this recommendation. Other forms of emergency communication are being researched by our community manager.

As a sub-committee of the Long Range Planning, the Emergency Preparedness Task Force hopes to complete its mission in the late spring. We will keep you updated as we progress.
Long Range Planning Seeks Volunteers

Did you know that our LKPOA Long Range Planning Committee is very similar in function and responsibility to a city’s Planning and Zoning Commission? And did you know that our current committee has members with a combined total of almost three decades Planning and Zoning experience? Additionally, LRP has a collective total of another thirty years in long range planning for government, industry and non-profit organizations. We also have members with education and experience in land use and development, building and construction, property management, survey design and implementation, recreation facilities development and implementation, as well as a variety of other business and professional skills. Volunteers with a variety of specific gifts have come together to accomplish the goals of the Long Range Planning Committee.

I am proud to serve with such talented members on this and other LKPOA committees and sub-committees.

COMMITTEE VOLUNTEERS NEEDED
As you may know, we have several standing committees appointed by the Board of Directors each year. If you are interested in serving on a committee, please contact the POA office and submit your name to be forwarded for consideration.

Thanks,
Scott Campbell

Lake Kiowa has an honored tradition of volunteer service throughout the community which we must ensure for the future. There were over 125 positions to fill this year, counting sub-committees and task forces. Occasionally someone asks why one member serves on multiple committees. The answer to that may be that the member has specific skills needed by multiple committees, or it may be that there weren’t enough members who said “yes” when asked to serve. New committees will be formed this spring and their chairs will be seeking qualified volunteers to fill each committee. Please be thinking about how you can serve your community and let others know how your experience can be utilized.

The LKPOA Office would be happy to accumulate this information; please send your name and committee(s) that you would be willing to serve on along with applicable background or interest. Linda Fite

Board Notes continued from page 1
Jan. 16, this information was provided by Bob Wickersham and Scott Campbell. Afterwards these suggestions were compiled in letter form and mailed to all of us. We hope that everyone has taken the time to read through this information. If you did not receive this letter, it is posted in its entirety on our Web site, www.lakekiowatx.com and on page 8 in this issue.

In other Long Range Planning news, the surveys are being returned in better than expected numbers. To date there have been almost 500 completed surveys received which should provide good statistically based conclusions. If you’re reading this before the end of January, there is still time to return one survey per lot via our Web site (address above), or the drop boxes in the Lodge and the POA office. In February we will randomly draw 20 participants to receive a $25 gift certificate good for food and/or beverage in the Lodge dining room or 19th Hole. LRP expects to have the survey results tabulated by March.

The Kiowa Woman’s Club will sponsor the annual Candidates Forum to be held this year on Jan. 29. This huge job is taken on for the benefit of the community as we each begin to decide for whom to vote in the Lake Kiowa Property Owners Association Board of Directors election. This is an opportunity to get to know the candidates and their vision for Lake Kiowa as they respond to a series of questions chosen from suggestions submitted by the membership. The Board appreciates the attendance of every member and thanks the Kiowa Woman’s Club for their continued service in this regard. We also thank the Kiowa Woman’s Club for their recent financing of a new portable TV for the Southwest Room, which brings us farther along the technological timeline by including a DVD and VCR player as well as easily accessible auxiliary device connectors in this TV model.

February is voting month at Lake Kiowa. In this issue of the CommuniQue, you’ll find a picture and resume of the four candidates for the Board. Three directors will be elected to serve three-year terms each. Electing these board members is the responsibility of each and every member of our POA. The business of running Lake Kiowa is critical to the success of this community and the Board is only as good as the people elected. Please take the time to become participating members of your community by exercising your right to vote.

Kathy Reed
We have now completed two of our major projects and are looking forward to moving on with the remainder of our projects included in the '05 budget. We are finalizing the clean-up on the #9 seawall, and we would like to thank the Men’s Golf Association for their help in clearing the rocks off the island. Approximately thirty MGA members showed up with rakes in hand to help with this chore. Your assistance is appreciated more than you know! Hopefully by the time you read this, the fountain for the pond will be in place. Thank you to the MGA and WGA for helping with the cost of this item. The golf staff is now occupying the new Golf Maintenance Building, and they are currently installing computers, phones etc., to finalize the move. We have also ordered the materials to start one of the major drainage projects included in this years CARF budget. This project includes approximately 1,100 linear feet of drainage improvements to correct storm water runoff along Cayuga Trail, #6 Fairway, Pawnee Trail, and #7 Fairway.

I would like to thank everyone for your participation with the Long Range Planning Survey. As I stated in last month’s report, hearing from the members is a must as we plan for the future. As many of you heard at the last Open Board Meeting, the Emergency Preparedness Committee, a subcommittee of the Long Range Planning Committee, has been studying the issue of the LKPOA’s evacuation process when the fires were going strong. The fact that the county and its resources are prepared to assist us in such event is something I think is certainly good to know. It was made very clear to the committee that while a county’s disaster preparedness for the POA. These recommendations are as follows:

- The POA should actively pursue the purchase and installation (on public property) of a warning siren system to alert the membership of Lake Kiowa of an emergency. The committee recommends that the Community Manager continue to gather information from the manufacturers and distributors of such equipment to finalize costs, and number of sirens needed for immediate budget consideration. Estimated cost for two sirens is $40,000.
- The POA should equip key staff and facilities (Administration, Security, Lodge, Pro Shop) with a tone alert receiver (“Informer”) to keep them apprised of any potential threat of emergency or disaster. Each unit is approximately $450.
- The Community Manager should further research a public alert text messaging system that is now available. If feasible, this will allow the membership the opportunity to purchase a base unit that will alert them to a text message sent by the POA related to a warning. Our initial research indicates that could be a very good way for the POA to alert the community on any issue, and would be affordable to the individual ($60-$80). It certainly warrants further investigation.
- The POA should recommend that individual members purchase a NOAA Weather Radio for their household. They are available at Radio Shack and Wal-Mart; most electronic stores in the Metropolis will carry them. You should look for a unit, which bears the “Public Alert” logo and includes the “SAME” (specific area message encoding) feature. These devices start at $49.99.

Have a great month!!

Scott Campbell
Community Manager
CASANULL TRAINING OPPORTUNITY

Cooke County, Texas – Court Appointed Special Advocates, a non-profit volunteer agency will be training volunteers to become CASA Guardians Ad Litem for children in the care of the State of Texas due to abuse and/or neglect. Appointed by the District Judge, CASAs (Court Appointed Special Advocates) are trained volunteers who befriend the child and speak on his behalf in Court and within the foster care system. In order to become a CASA volunteer, an individual must have a clear criminal history, a clean record with CPS, have good references and be over the age of 21. Individuals must then complete 30 hours of training provided by CASA and be selected to be sworn as a Guardian Ad Litem for the children. Training is scheduled to begin on Feb. 21 and will continue through March 3.

If interested, please contact the CASA office at 900 N. Grand, Suite 101, Gainesville or by telephone at 665-2144.

SALVATION ARMY THANKS LAKE KIOWA VOLUNTEERS

The Cooke County Unit of the Salvation Army would like to thank the residents of Lake Kiowa for their generosity in helping to raise over $1,000 for the 2005 Christmas Kettle Campaign. Total receipts collected in Cooke Co. this year amounted to $10,454.

The Cooke County Unit of the Salvation Army would like to thank the residents of Lake Kiowa for their generosity in helping to raise over $1,000 for the 2005 Christmas Kettle Campaign. Total receipts collected in Cooke Co. this year amounted to $10,454.

LAKE KIOWA RESIDENT’S SECOND TRIP TO PILLSBURY BAKE-OFF

Bernice Wilkinson-Smusz can hardly believe that she has earned an all-expense paid trip to the Pillsbury Bake-Off this year as the Grand Prize Winner of the Advisor Contest. She has enthusiastically promoted the Bake-Off for many years, and has previously won small appliances and Williams-Sonoma gift cards.

The bi-annual contests award first-class trips and numerous awards at the Bake-Off. Bernice was one of the 100 finalists to compete in the food contest in 1992. This year, she will be a “cheer leader” for the Bake-Off contestants, some of whom are first-time finalists. She smiles and says she won’t be under pressure to prepare a winning recipe twice – once for the judges and again for display.

Other honors Bernice has received for her cooking and canning talent include First Prize for her Savory Dutch Cabbage recipe in the Gainesville Daily Register 1974 Cooking and Recipe Contest, First Prize in 1980 for her Turkey Paprika recipe, the Grand Prize in 1978 for “Crab Mystery Salad” and Grand Prize again in 1984 for “Zucchini Soup” Supper. In 1998 she was inducted into the National Sure Jell Hall of Fame. Her State Fair of Texas canning entries have earned her more than 100 ribbons, the majority of which are first place awards for pickles, relishes, preserves, jams and jellies.

She says “cooking and baking can be a real joy even if your time is limited. I have a radio/CD player in the kitchen that adds to my pleasure while experimenting with food.” From her earliest entries in the Bake-Off original recipe contest, she has gained experience in altering old family recipes as well as to pair or combine ingredients for her family’s and friends’ enjoyment. She believes that home-cooked food is healthier than most out-to-eat meals and snacks. To prepare quick meals, she suggests combining frozen foods with staples kept in the pantry. “The cost of home cooked meals is quite a bit less than eating out,” she added.

Her daughter, Gayla Robles, will accompany her to the Bake-Off as she did in 1992. During the three-day affair in March, they will stay at the Gaylord Palms Resort in Orlando, Florida.

Eva Rose Zimmerman Travis, of 101 Sarsi Cove, Lake Kiowa, and Norma Miner, of Arlington, were married in a moonlight ceremony on Dec. 15, 2005. J. L. Williams read the vows of marriage as the couple stood beneath the bows of two oak trees decorated with thousands of lights. Rose wore a white satin jacket with embroidered sleeves over black slacks and carried a bouquet of red roses and white lilies. Barbara and Bob Davis, formerly of Lake Kiowa, were the matron of honor and best man for the double ring ceremony. The wedding was an unannounced surprise to the delight of 160 guests attending the Red River Peach Orchard Full Moon Christmas Chili Dinner Party. Laurie Hart sang “You Light Up My Life” and “From This Moment On,” and the Newcastle Brass Band provided the traditional wedding music. The honeymoon preceded the wedding during the past eight years.

Thank you Kiowa friends and neighbors and Lake Kiowa Chapel for your many acts of kindness during the illness and death of our dad, J. T. Nash. Your cards and flowers during his brief stay in the nursing home meant a lot to him. We appreciate your expressions of sympathy, prayers, calls, cards and food. Kiowa truly is the greatest place to live.

Thank you,
John & Margie Nash

Heartfelt thanks to Kiowa friends and neighbors for the thoughts, prayers, hugs, words of comfort and other expressions of sympathy in the recent death of my mom. How blessed we are to live in this wonderful community.

Sincerely,
Charlie and Fran Syvert

COUPLES BRIDGE

The COUPLES BRIDGE roster is being set up for 2006. If you are a couple interested in playing once a month on the second Friday night, please give me a call and I’ll add you to our list. Our December meeting was also our Christmas Party with lots of treats and prizes. First Place Winners for the evening were the team of Chris Bost and substitute Peggy Cooledge. Second Place went to Paul and Pam Liscom and our Third Place winners were Bill Hoagland and Dee Magee. Second Place, with a total of 25 points, was won by Paul and Pam Liscom. Our Third Place winners with a total of 18 points were LeRoy and Allene Johnson. And our Fourth Place winners, cumulating 10 points for the year, were Charles and Bill Hagoed. We hope you will plan to join us for 2006.

Pam Liscom, 668-6432

CHapel News

Chapel services are regularly scheduled at 8 a.m. every Sunday in the Lodge assembly room. Rev. John Hare and Rev. J. L. Williams are the pastors delivering the messages on alternate Sunday mornings. Rev. Williams will continue his series on Freedom with selected passages from Exodus. Feb. 5, the title will be “The Source of Freedom,” and Feb. 19, the title will be “The Joy of Freedom.” Rev. Hare will deliver the message Feb. 12 entitled “Faith — Not Fakery” with text from Romans 4:1-5 and Feb. 26, the message will be entitled “Crowd Control” with text from Exodus 17:1-7. Chapel Choir continues to practice on Monday mornings at 8 a.m. and singing for Chapel on the third Sunday of each month. New members are always urged to join if they enjoy singing. V.I.S.T.O. is the recipient of food contributed on the third Sunday of every month. All packaged groceries are contributed on the third Sunday of every month. New members are always urged for Chapel on the third Sunday of each month. All residents and guests are welcome. This is an interdenominational service that may precede your regular church service or a round of golf. Casual dress is always welcome. Please come and share this time with your friends and neighbors on Sunday morning at 8 a.m.

“LOVE IS IN THE AIR”

Here’s your chance to take your spouse out for dinner and a short program. February’s meeting will be held in the evening and any of your friends or your spouse is invited to join us on Thursday, Feb. 23, at the Roadhouse Grill in Lindsay at 6:30 p.m. The special feature will be a “surprise.” Our special music will be presented by Maggie Sykes of Gainesville. The main speakers will be Kay and David Hinds of Forney, Texas. David is president of Van-Tone Company, with a Masters Degree from Amberton University. Kay is an actress, currently active in regional theaters. They are parents of two and grandparents of one. Their hobbies include bicycling and fishing. Kay’s new hobby is English horseback riding. We would love to have you join us for good food, song and speakers. For reservations call: (940) 665-6399.

KINSEY SISTERS TAKE AWARDS IN HORSEMANSHIP

Two young ladies at Lake Kiowa deserve a great deal of credit and admiration for their many accomplishments in horsemanship this past year. Bree and Sadie Kinsey have been through a lot during the past three years. Their dad had a brain tumor, their grandmother died and they are in the middle of an ugly court situation. Through it all they still set goals and reached those goals.

At the POA (horse) Awards banquet recently they were both honored. They both set the goal to be in the Top 5 in Texas and with extremely hard work, they both did it. Both girls have not only had to move from the ranch, but also have had to sell their horses due to financial reasons.

Bree Kinsey was the Top Rider and her sister Sadie was third for the Texas Club. There were 60 riders who competed this year. Bree was also presented the Lance P. Scott award. This is awarded in honor of a young man who was paralyzed in a diving accident but has continued to lead a rich and fulfilling life.

Bree was very proud to accept this award from Club President Pat Burton. She was also awarded the Diane Goodman Tennant Showmanship Traveling Award. This was for the exhibitor who accumulated the most Showmanship Points in their age group for the year.

Sadie shares her sold horse with friend Emma and the horse placed third in Large Mares. Sadie had other great accomplishments. She placed first in Timed Events (barrels, pole bending, flag race), Senior English Pleasure and second and third in many other events. This was for points accumulated for the 2005 year.

These girls may have had to sell their horses, but their mother says so many generous people have offered to let them use one of their ponies for next year so the girls can continue to ride. Bree is already making plans to attend Texas A&M. They thank Becky and Jessica for letting Sadie show Charlie at the Fort Worth Stock in January.

Thanks to all of you who prayed for these girls throughout the year. Without many of you this would not have been possible. Congratulations Bree and Sadie. Lake Kiowa is proud to call you great citizens of our community.

CALLISBURG—The Callisburg High School academic UIL team took fourth place overall at the Denison High School Invitational meet Saturday, Jan. 14. They also brought home 17 individual trophies.

Earning the most individual trophies was senior Liam Guthrie who earned first place in Science, Biology and Chemistry. He also won second place trophies in Current Events and Social Studies.

The Cross Examination Debate team of juniors Elisha Hooper and Ashlee Taylor took first place.

Taylor took first place. The Social Studies and Current Event teams of Guthrie and seniors Mandy Cagle and Josh Morgan earned second place trophies. Cagle also placed fourth in Accounting.

Senior Stephanie Zimmerer placed third in News Writing and fourth in Editorial Writing, while senior Chase Skjolsvik taking the fifth place spot in Computer Applications with junior Karie Dorman.

Dear Member,

The Emergency Preparedness Task Force, a subcommittee of the Long Range Planning Committee, recently met with Ray Fletcher, Cooke County Emergency Management Coordinator; Joe Rider, Chief LKVFD; Ronny Young, Water Manager, KHWSC; along with LKPOA staff. A wealth of information was amassed for our long-range objectives and our Emergency Preparedness Manual, which will be shared with you in future issues of the CommuniQue.

We are writing to you today to give you information pertaining to the immediate drought-related fire hazard, and hope that you will give this letter your concentrated consideration.

Your welfare is of the utmost concern to LKPOA and LKVFD personnel. Additionally, we want to assure you that county agencies have planned for emergencies in Lake Kiowa just as they do for every other community in the county. For example, when grassfires threatened Nocona, eight school buses were sent to aid in the evacuation. If we ever need to evacuate Lake Kiowa, we can expect similar assistance. Mr. Fletcher advised that three fire departments were deployed for the hay and fire departments would always be deployed to any structure fire within Lake Kiowa.

We found out Sunday that numerous fire departments were deployed for the hay fires, and fire departments would always be deployed to any structure fire within Lake Kiowa. We found out Sunday that numerous fire departments were deployed for the hay and fire departments would always be deployed to any structure fire within Lake Kiowa.

We found out Sunday that numerous fire departments were deployed for the hay and fire departments would always be deployed to any structure fire within Lake Kiowa. includes woodpiles, brush heaps, compost bins, combustible chemicals, and glass bottles. These items may either cause a fire or become fuel for a fire. Connect garden hoses so as to be prepared to extinguish small sparks.

Make and/or review your personal plans for leaving in the event you must evacuate. How would you leave, in what and which roads and exits would you use? In the event of an evacuation, Security may open all or some of the exterior gates in our perimeter. Know where they are. Purchase a NOAA Weather Radio. They are no longer just for thunderstorms and tornadoes. NWR broadcasts warnings for all types of hazards, which currently includes grassfires. Locally, they are available at Radio Shack and Wal-Mart; most electronic stores in the Metroplex will carry them. You should look for a unit, which bears the “Public Alert” logo and includes the “SAME” (specific area message encoding) feature. These devices start at $49.99. If you have difficulty programming your weather radio, please contact Security. They will either assist you or send someone else to assist you. If you have special needs, please advise Security to put you in their emergency database. Unless you are on the Lifeline program, you will need to update security on a weekly basis. Finally, watch out for your friends and neighbors; telephone them, at any time of the day or night, to alert them to an emergency. We hope you find this information helpful and we greatly appreciate the concern and cooperation of all of our members. If you have any questions about this information or anything else, please do not hesitate to contact the POA office.

Finally, watch out for your friends and neighbors; telephone them, at any time of the day or night, to alert them to an emergency. We hope you find this information helpful and we greatly appreciate the concern and cooperation of all of our members. If you have any questions about this information or anything else, please do not hesitate to contact the POA office.

Finally, the Board of Directors candidate forum will be held January 29 at 6:00 p.m. at the Lodge. We encourage all full time weekenders to make time to attend a session to learn about the candidates.

Majestic Pool & Spas

Majestic Pool & Spas is celebrating one year at their new location. With many years of experience in Denton, they have opened their new home in Tioga on Highway 377. There is a beautiful indoor showroom with many hot tubs from which to choose and a yard full of other spas and accessories. Bobby Short and his wife, Marbie, have 29 years experience in the spa business. He says, “Experience, dedication and 29 years of knowledge help to separate us from other spa dealers.” Marbie says, “We handle only the highest quality spas. We believe in quality and dependability. When you buy our Tub we are “married” to you to give you great service and care.” They both stress that their employees are also as attentive and knowledgeable as they are.

Now only do they have this local retail outlet, they are the factory representatives and distributors for two international manufactures of spas. They handle a four state area including Texas, Oklahoma, Louisiana and Arkansas, offering same day delivery on most occasions.

If you already have your Hot Tub or Pool, they carry a full line of chemicals for use in them. They also service your pools and hot tubs.

As a family-owned business, they give special attention to their customer’s special needs. They offer custom orders for your spas, in-ground pools, gazebos or whatever you need to make your backyard that water paradise you wish it to be.

Stop by and see them on Hwy 377, just north of downtown Tioga, Tuesday through Saturday from 10 a.m.-5 p.m. You will enjoy your visit and your new spa.

See ad on page 3.

The DSL On Ramp to the Information Highway

(AOL, AT&T, etc.) allow you to access the Internet anywhere in the US. The downside to this system is speed. It is a relatively slow connection (24-33 kps). Local ISPs with this service are Nortex, Cooke.Net, Earthlink, AT&T and Texoma.Net.

Satellite – A special dish is placed on your building. On the plus side is that it is fast (400 kps and up) and has an excellent record of uptime (you can also get TV on the same dish). It’s expensive, with prices starting at $600 to install, $70 a month, plus other fees.

Wireless – It’s a relatively new system and leading-edge technology. Each basic connection requires an antenna and a receiver. It offers high speed at a reasonable cost. This is a constant-on system, which is capable of very high speeds. The downside is that it is new, it is complex and uptime can be an issue. Kiowa Online and Nortex offer this service in this area. This is a great alternative to Satellite for remote users.

Cable – This is also, an always-on, high-speed (700kps +) choice, at competitive prices. It is a proven technology over the same system technology over the same system that brings TV into your home. A connection to the location and cable modem are required. Nortex is the ISP for Kiowa. Availability and support are from the same people who understand 7/24 services that they bring with their cable system.

Finally DSL has arrived at Kiowa. A Digital Subscriber Line is high speed Internet over your existing phone lines. Nothing changes with your phone; you will simply get a self-install kit to set things up. Price, service and support are similar to cable.

You should contact the various vendors that offer these services for specials on service and installation. If you want further information or to hear discussions on these choices, please contact the Kiowa Computer Club through the Kiowa Web site at www.lakekiowatx.com or attend an upcoming computer club meeting at the Lodge.

Barry Lotman
From the President...

Opening Doors to Friendship

We’re beginning the second half of our club year. It seems the first five months have just flown by. To me, it’s been very productive and a whole lot of fun. To recap, there was the successful Rally for A Cure Golf Tournament that the WGA always organizes so beautifully, the Halloween Decorating Contest, cookies for the Christmas Lighting Ceremony which made our entry beautiful and the Lodge Christmas decorations that made a festive setting for all the holiday parties. Then there was the Home Tour. What a treat for all...beautiful homes, beautiful people.

We were able to increase the amount of funds awarded from the Anice Rhodes Scholarship, designate $5,000 to be used as needed for the planned library space, revived the Arts and Crafts department, and launch a new Kiowa Cookbook project. Whew! We’ve been very busy. And WE is the operative word here. None of this would be possible without the dedicated, hardworking, fun-loving women of our organization, and I applaud you all.

Our meetings have been great fun, and our membership continues to grow. It was “Standing Room Only” for our January meeting featuring Linda Armstrong Kelly as our program speaker. She’s not only “Lance Armstrong’s mother” but quite an inspiring woman on her own. As a quick reminder, don’t forget the Arts & Crafts meeting this month (call Lee Skinner or Shirley Falkenhagen to sign up), and the Book Review on the Feb. 3 at the home of Inez Freeman. (Julia Mayo reviews The Curious Incident of the Dog in the Night Time). “Kick-Off” for the second half of our year is Feb. 9. Don’t forget to make your reservation now. Until then at Kiowa Woman’s Club the door is always open.

Gayla Wilkinson-Robles

The Kiowa Woman’s Club Book Review will be held on Friday, Feb. 3 at the home of Inez Freeman, 1003 Kiowa Drive West. Please note this is a change in the meeting place. Julia Mayo will review The Curious Incident of the Dog in the Nighttime by Mark Haddon. This group is open to all members of the Kiowa Woman’s Club and no reservations are necessary. Please join us for social hour at 10 a.m. and the review will start at 10:30 a.m.

Jo Ann Gill 665-3117, Judy Hughes 668-2578

Romanesc is in the air, love is in our hearts, Valentine’s Day is here!! Let’s turn the calendar back several decades. Our special guest has performed for a number of years in many venues, and we’ve got him. His performance is sure to recall the glory days of RnR and for a short while we can relive them. For a program that is sure to bring back some fond memories or a special event, you simply must not miss this one! Be prepared for a fun surprise at the end of the show.

Genevieve Springer

Linda Armstrong Kelly was the guest speaker at the Kiowa Woman’s Club meeting in January. Here she is shown with Bernice Wilkinson-Smusz, mother of Gayla Robles, KWC President.

BIBLE STUDY CLUB

Bible Study will meet Feb. 28, 10 a.m. at 212 Kiowa Drive North. We hope to see all of you for the February Meeting. Alice Standeven moved from Lake Kiowa in December. We will miss her. Alice was a regular with our group.

We will be starting a new study soon. Give either Peggy or Mecilla a call if you have any questions.

We look forward to the continuing study with Mary Francis Covington. Peggy Robins 665-1665
Mecilla Keene 668-6869

Many thanks to Lorraine McKissick for hosting our Christmas brunch and setting a wonderful table for us. I also want to thank the 19 members that attended for bringing delicious treats to share as well as money and canned goods to donate to VISTO.

NEXT Meeting: Feb. 20 at Ann Butler’s, 1029 Kiowa Dr. E. Jan Parsons will present “Birds all Around Cooke County.” You birders and “wantobe’s” should definitely attend this meeting.

TWITTER NEWS: Don’t forget to provide for our feathered friends in winter, which can be a difficult time for birds. The days are short, and nights are often cold and long. The natural food supply has been consumed and most insects are dead or dormant. Many birds that usually eat insects need to find other reliable sources of food in winter. Water can be hard to find, and food needed to provide the energy to keep birds warm might be scarce. Finding shelter may not be easy. If there are limited natural evergreens or shelter, birds may seek man-made houses or habitats that can provide refuge from the winds, rains, ice or snow of winter. So make sure you clean out the old nest from those birdhouses every fall and reduce the chance for diseases.

Also, birds are warm-blooded. In general, this means that they maintain their body temperature within a certain range even when the temperature around them changes. The maintenance of body temperature within a normal range depends on the amount of heat the bird produces.

On cold, wintry days, most birds puff up their feathers, creating air pockets, which help keep the birds warm. The more air spaces, the better the insulation. Some birds perch on one leg, drawing the other leg to the breast for warmth. To keep up their high metabolic rate, most backyard birds need rich, energy foods such as oil sunflower seeds, suet and peanuts. It is also helpful if feeders are located out of the wind and have a perching spot such as a tree or bush nearby to use to survey the feeding area and provide cover from predators.

DON’T FORGET THE WATER! Especially in this drought it is even more important so don’t forget to fill those bird baths and keep them clean.

BLOOM NEWS: Don’t prune those roses until after Valentine’s Day. Also remember not to prune those spring blooming plants until AFTER they give their spring blooms or you will not get any this year.

Gussie should be back for next month’s article and you can expect a little more information in the BLOOM area.

Kathie Milburn

Letter to the Editor -

The month of December was a wonderful experience at the Kiowa Lodge if you are a seafood lover like my wife and myself. On two of the four Friday nights, we ordered a shrimp and crab legs feast beyond anything else we have experienced at the Lodge since moving here in 1999. My compliments are extended to Ricky and his staff on two fine Friday night specials. Anyone who has had a chance to partake in these Friday night specials was certainly more than satisfied and anyone who missed these culinary events, I certainly recommend they attend the next ones and partake. We have come to use the Lodge more and more since Ricky and his staff have taken over the kitchen. The food has always been good and Ricky’s personal appearance at the tables shows his interest in insuring all meals are good. Hats off to the Lodge Committee and their foresight to retain such an outstanding Chef.

Mark Anthony

Friends of the Lodge

Since February is Sweethearts Month, the Friends of the Lodge will sponsor a Sweethearts Dinner and Dance, Feb. 17, with music provided by everyone’s favorite DJ, Mr. Barry Ott. Make plans now to be there for a great party. Call the Lodge for your reservations.

We would also like to remind you that there will be a form in your statement to submit with your annual dues. Please return it with your check. As always, dues are $10 per couple. We have planned some fun events for 2006 and are looking forward to a great year.

March 17, St. Patrick’s Day, we are planning an Irish Bash, Green Beer, Corned Beef and Cabbage, etc. You might want to brush up on your Old Irish Tunes, since we will be doing a Sing Along.

We are working on a schedule of events for the entire year, including a Follies Show, Horse Racing, Casino Night and a Roaring 20s Party. If you have ideas or talents in any of these areas, we would like to hear from you.

Since February is Sweethearts Month, we will be offering “table-side entrées” on a limited basis. All ladies will be treated to a complimentary carafe of wine for each table.

Make your reservations early.

Call 940-665-3741

February’s Day Special at The Lodge

Along with our regular dinner menu, we will be offering “table-side entrées” on a limited basis. All ladies will receive a complimentary rose.

The table-side entrée reservations will also receive a complimentary carafe of wine for each table.

Make your reservations early.

Please see the information regarding the Valentines Day special on this page. Other events of note for February include a Super Bowl Party, more karaoke, and country and western dance lessons. Call Pat at the Lodge for details on these items. As always, keep your comments coming and thanks for supporting the Lodge.

Scott Campbell

Friends of the Lodge

Since February is Sweethearts Month, the Friends of the Lodge will sponsor a Sweethearts Dinner and Dance, Feb. 17, with music provided by everyone’s favorite DJ, Mr. Barry Ott. Make plans now to be there for a great party. Call the Lodge for your reservations.

We would also like to remind you that there will be a form in your statement to submit with your annual dues. Please return it with your check. As always, dues are $10 per couple. We have planned some fun events for 2006 and are looking forward to a great year.

March 17, St. Patrick’s Day, we are planning an Irish Bash, Green Beer, Corned Beef and Cabbage, etc. You might want to brush up on your Old Irish Tunes, since we will be doing a Sing Along.

We are working on a schedule of events for the entire year, including a Follies Show, Horse Racing, Casino Night and a Roaring 20s Party. If you have ideas or talents in any of these areas, we would like to hear from you.

We will be offering “table-side entrées” on a limited basis. All ladies will be treated to a complimentary carafe of wine for each table.

Make your reservations early.

MGA GOLF NEWS

NEW OFFICERS AND BOARD FOR 2006 MGA

Every dollar received through dues is spent on golf course improvements. HELP!!

Jim Williams reported that there will be a work day Monday, Jan. 16. The mission is to rake the entire island of Hole #9 and void it of rocks left from construction of the sea wall.

John Schneider advised that he and Barry Piller have completed the 2006 tournament schedule as well as the Saturday play schedule. Both will be posted on the Kiowa Web Site and on the bulletin board at the Pro Shop. John also announced a plan to give away more prizes for our Saturday fun day players. Stay tuned for further details.

During our Saturday play day Chuck Essex was given the past President’s plaque and a BIG thank you for leading the MGA in 2005.

During the past year we had five hole in one winners. Four of them were in the hole in one club and each* received $1027.50 and all received plaques and their official score card.

Congratulations to each. The winners were: Gary Hartner,* Fred Anderson,* Jerry Bomar,* Charlie Robinson* and Virgil Slayton.

David Long advised the following: The #14 hole camera has been installed on the hill making it easier to see around the corner. Trees will be trimmed for even better vision.

The #9 hole will be closed Jan. 16, 17 and 23, 24. This will allow the removal of the rocks, the installation of the water fountain in the pond and other work to prepare the hole for full time use. He also indicated that they will sod barren areas in the spring.

On #1 hole he plans to plant Princess 77 on the fairway in June. If it works there, the plan is to plant the same on all fairways. Stay tuned!

The lake water is not only low but the quality is less then normal. Consequently David will water the greens and tee boxes on a regular basis. However, the fairways will only be watered to keep down the dust.

The play day format for Saturday was a scramble 6-5-4-3.

The next MGA board meeting will be February 8 and our play day will be February 11.

Wayne Shearer
JANUARY 14 - MGA SCRAMBLE WINNERS

MGA play on Saturday, Jan. 14, was a 4-man 6-5-4-3 Scramble. This format requires each team to use the A player’s drive 6 times, the B player’s drive 5 times, the C player’s drive 4 times and the D player’s drive 3 times with the rest of play being regular scramble. The weather was great except for a little wind. The winners’ photos are included on this page.

The MGA Board is also pictured and identified. They are constantly working to beautify our course. Get involved with them on the workdays this year! You can also fill divots in the fairways on Mondays (when the course is closed). Repair your ball marks on the greens when you play and another if it went unrepaired.

There are four new trees on our course!

One is in the turn-a-round area at the 16th green and 17th tee and three are in the 18th dogleg area. The trees were donated by Mr. and Mrs. Dave Huffman and the hauling and replanting paid by MGA.

See you next month.

**GOLF NEWS**

**Superintendent’s Report ...**

We are continuing to hope and pray for rain. Maintenance is as usual for this time of the year with conditions we are experiencing.

The move to the new facility has been completed as far as we can go for now. We will be operating out of that location from now on. We still have some clean up to do on the outside of the building and straighten up on the inside.

Number nine hole is open for play on Wednesday through Sunday and will remain closed on Mondays and Tuesdays until we have it cleaned up. We thank the MGA for the assistance in the clean up. The fountain should have been delivered by the time this report went out and if it did, we will have the fountain installed and the pond filled shortly.

David Long

**WATERING CONCERNS**

As you well know, the lake is at its lowest level since 1980. This has me concerned on the watering of the golf course. The “experts” say that it may be as long as March before there is any significant rain. We are approximately four inches over the intake of the flume at the West Beach pump house. We have approximately 18 inches of water left before we start sucking air.

First of all, let me make this clear. We are talking about the watering of turf grass, not residential lawns. There is a difference. For example, turf grass has more abuse, from play, traffic (both foot and golf cart) and lower mowing heights, just to name a few.

One of the factors that affects the growth of turf grass is the watering. With the lack of rain, the water from the lake changes its chemical balance of the elements that affect the growth of the turf grass. The evaporation of the water with no new rain water coming in is like a pot of water boiling. As the water boils out, it leaves a residue in the pan which is chemical elements. As you can see by the following chart, we took water samples from the lake when it was full to capacity and again about 30 days ago. This is the result:

<table>
<thead>
<tr>
<th>ELEMENT</th>
<th>FULL LAKE</th>
<th>30 DAYS AGO</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sodium</td>
<td>59.3 ppm</td>
<td>78.4 ppm</td>
</tr>
<tr>
<td>Calcium</td>
<td>42.1 ppm</td>
<td>.0 ppm</td>
</tr>
<tr>
<td>Magnesium</td>
<td>8.31 ppm</td>
<td>10.4 ppm</td>
</tr>
<tr>
<td>Electrical Conductivity</td>
<td>.564</td>
<td>.686</td>
</tr>
<tr>
<td>Sodium Absorption Rate</td>
<td>2.2</td>
<td>2.9</td>
</tr>
<tr>
<td>Bicarbonates</td>
<td>115</td>
<td>122</td>
</tr>
</tbody>
</table>

All of these elements and factors have a bearing on the growth of turf grass. With the lake level where it is now, the chemical elements will become more concentrated, a result of higher parts per million of each.

A question was asked about watering the fairways. Normally, this time of the year with the Bermuda grass being dormant we water for two reasons: (1) we want to protect the roots and (2) to knock down the dust that affect the growth of the turf grass. The evaporation of the water with no new rain, the water from the lake changes its chemical balance of the elements just to name a few.

With the Texas weather the way it is, we could have a freeze at any time. Then we take a chance on winterkill of the Bermuda grass. It is not necessary to water the dormant grass through the winter months. Therefore we don’t and in addition with the drought conditions it just makes sense to conserve the water.

We are looking at alternatives if we don’t get rain to fill the lake. We are not panicking at this time, we are just concerned.

I hope this explains my concerns and my actions at this time. Let’s just hope and pray that we will get some rain soon.

David Long

RALLY FOR A CURE PLANNING BEGUN

“Rally for a Cure” Committee has already had their first meeting to plan for our 2006 event. Mark your calendars for Wednesday, Oct. 4. To give you some idea of how much is involved for this committee of nine ladies, the meeting lasted two and a half hours. Each person on the committee has her list of tasks to do before the next meeting in February. All you Kiowa people who are interested in this event, please give us your ideas and input on what would make the 2006 Rally even better. Last year $32,371.10 was sent to the Rally headquarters making Lake Kiowa the top contributor for the whole state of Texas! This was a great success for Lake Kiowa.

TWGA - Jane Moberly; Red River, Texoma and WTGA have not been filled. Jane Moberly announced the Texas Women’s Golf Association Tournament would be May 14-20 at the Holiday Course in Mineral Wells. June announced the following Committees for 2006: Finance & Audit - Peggy Coolidge; Telephone - Catharine Moss; Door Prizes - Neta Stutzman; Handicap & Registrar - Fran Adams and RosaLeigh Woods. Other WGA Chairs are: Birdie & Chip in Tree - Corina Nichols; Ringer Board - Mary Piller; Seniors and Super Seniors - Lucy Deck.

The Association Representatives will be: Central Texas - Mary Ragan; Seniors - Lucy Deck; Board - Mary Pliler; Seniors and Super Seniors - Kathy Reid; Luncheon - Nona Tipps; Ways & Means - Marian Wickersham; Christmas Dance - Genny Koziol; Finance & Audit - Neta Stutzman; Handicap & Register - Fran Adams and RosaLeigh Woods.

For any newcomers who have not heard about this golf tournament, a few facts. This will be the fifth year for this wonderful event. Yolanda Arronté was the Chair for the first three years and did a superb job of guiding us through the procedure for success. That year we donated over $7,500. This tournament is open to the Lake Kiowa WGA Members. The first 120 ladies who return the entry forms which are sent out in the summer will get to play. We need everyone who is willing to participate and this includes high handicappers as well as the low handicappers. It is one 18 hole round of golf. The proceeds are sent to Rally for a Cure Headquarters benefiting the Susan G. Komen Foundation to help find a cure for breast cancer. It is a fun day for a worthy cause. Barbara Cole will Chair the event again this year and LaVona Duryea will be her assistant. Other committee members are Fran Adams, Lee Skinner, Linda Stroup, and Neta Stutzman who served last year. New committee members this year are Maureen Anselmi, Catharine Moss and RosaLeigh Woods.

Last minute flash... Our first returning sponsors have just called and volunteered to host our luncheon again this year. Thank you to Marion Hoelein and Noble Moss.

The LKWG met Jan. 4, with President June Cloud presiding. The minutes were approved with the following corrections: Marchele Metcalf was the 2005 USGA Most Improved Winner, and Ruth Robinson won the Most Birdies for the USGA in 2005.

Margie Nash gave the membership report showing we have 144 current members with two new members: Carol Haywood and Anita Mason. The 18-Hole Golf Chair is La Vonnie Jucha. She announced the Chairs for each tournament as follows: Spring Handicap - Judy Montgomery, Joanne Dorsch; Member/Member - Peggy Coolidge, Sue Sprunger; Member/Guest - Lena Howell, Mary Piller; President’s Cup - Judy Hughes, Margie Nash, Doris Javors; Club Championship - Mary Steinbauer, Merlene Miller. Cecilia Davis is the 9 Hole Chairman and will be handling the 9-Hole Tournament. Rally for the Cure Tournament: Chair - Barbara Cole; Co-Chair - LaVona Duryea; Hole Sponsors - Linda Stroup and Maureen Anselmi; Publicity - Lee Skinner and Catharine Moss; Door Prizes - Neta Stutzman; Handicap & Register - Fran Adams and RosaLeigh Wood.

Other WGA Chairs are: Birdie & Chip in Tree - Corina Nichols; Ringer Board - Mary Piller; Seniors and Super Seniors - Lucy Deck.

The Association Representatives will be: Central Texas - Mary Ragan; Seniors - Lucy Deck; Board - Mary Pliler; Seniors and Super Seniors - Kathy Reid; Luncheon - Nona Tipps; Ways & Means - Marian Wickersham; Christmas Dance - Genny Koziol; Finance & Audit - Neta Stutzman; Handicap & Register - Fran Adams and RosaLeigh Woods.

Other committee members are Fran Adams, Lee Skinner, Linda Stroup, and Neta Stutzman who served last year. New committee members this year are Maureen Anselmi, Catharine Moss and RosaLeigh Woods.

Last minute flash... Our first returning sponsors have just called and volunteered to host our luncheon again this year. Thank you to Marion Hoelein and Noble Moss.

Bio-Identical Hormone Therapy (BHRT) may be the answer

Your Lake Kiowa Handicap Committee is still looking for a few new members. At one time we had eight members which is a real good number, now we have only six. We would like to have at least two more. The requirements are simple. You must be prepared to learn the system. You are not required to like everything about it.

USGA has and does work with the system to improve it. Every four years some aspects of it change. In 2006 the requirements for Clubs to issue USGA Handicap Indexes changed. Clubs are now required to be licensed by USGA in order to issue Handicaps to their members and members of the Handicap Committee are required to attend a USGA Handicap Seminar. The Handicap Committee acquired the license to issue Handicaps in 2005. The members of the committee will be attending a USGA Handicap Seminar this year.

If you are interested in how the system works and are willing to learn and serve on the Committee, please contact either our Pro, Brown McCrory at the Pro Shop, or Fran Adams, Handicap Chairman at 688-1069.

Handicap Committee
Be sure to mark you calendar for Saturday, Feb. 18 for the Kid’s Trout Fest. The excitement will begin at Noon at Little Fox Pond. There will be prizes, food and lots of fun. The 2006 Bass Tournament season is fast approaching as well. There have been some new tournaments added for the 2006 season. Along with the tournament season being extended until October, starting on March 24 the club will host several Happy Hour Tournaments. These tournaments will be held on Friday evenings. Sign up for the first tournament which will begin at 5 p.m. and weigh-in will be at dark. If you can’t join us for a regular fishing tournament, we would love to see you at these new events. These tournaments are not included in the Angler of the Year competition. Dates and times will be posted in the CommuniQue, on the Lake Kiowa Web site and a new calendar of events arriving in your home in March.

Our Web site is filled with all kinds of information. The Web site has been updated with new information and pictures. Log on to www.lakekiowatx.com to access LKACC’s 2006/2007 Schedule of Events, Bass Tournament results, articles from the CommuniQue, Membership Forms and much more.

LKACC membership is $15 per family. Your membership and any additional donations will help our organization continue to focus on children’s events, lake health and improving lake assets. The Angler and Conservation Club would like to send our deepest sympathy to the families of LKACC members J. T. Nash, Jim Lemming and Dr. McCain. They will be greatly missed.

In January Bob Bingham resigned as President of the LKACC due to time constraints. The LKACC Board and members would like to thank Bob for his tireless service to the club and wish him well in all of his future endeavors. Ken Hutchinson has stepped in as President and will be appointing a new Vice President. Come join us for our next meeting on Wednesday, Feb. 8 at 7 p.m. in the Southwest Room at the Lodge.

Leanne Eastep

Lake Kiowa Fishing Limits

Here are the recommendations made by Bob Lusk, Fisheries Biologist and Lake Management Consultant, for the year 2005 Fishing Limits. These recommendations have been given careful consideration to keep a thriving ecological habitat for Lake Kiowa. The Angler and Conservation Club has fully endorsed the following fishing guidelines for Lake Kiowa:

Rainbow Trout: 5 Per Day, Per Person
Black Bass: Keep Black Bass between 10-13 inches; 5 Per Day, Per Person. Release all other Black Bass under 10 inches and over 14 inches.
Crappie: Keep over 10 inches; 10 Per Day, Per Person.
White Bass: Otherwise known as Sand Bass. No Limit. Remove all you can.
Drum: No Limit. Remove any caught from lake.
Perch: No Limit.
Carp: No Limit. Remove any caught from lake.

TROT AND JUG LINES ARE NOT PERMITTED
Dock owners are encouraged to provide cover for the fish under your docks. Make sure the trees are securely anchored not to interfere with boat traffic. Feed the fish! Dry dog food or pellets especially made for the fish are readily available at feed stores. For questions, feel free to contact George Davis or Mike Merolla for specifics.

CHECK CONTRACTORS REFERENCES CAREFULLY

Lake Kiowa is a fortunate community to have many first class craft and repair people who do work for our residents. As a whole these are honest hard-working people who paint our homes, wallpaper, do plumbing, electrical work, rock work, yard work, roofing and most anything we hire them to do.

However in this group there have been scam artists at work who are only out to take your money, maybe do some poor work and never return to finish the job. Please remember the rules at Kiowa say that no one may solicit door to door. This includes repair persons, carpenters, plumbers, painters, roofers, etc. Also remember if someone is working at a house next door or close by and they approach you or you approach them about work, there are some guidelines you should follow. Check their references or wait until they have finished the neighbor’s work and have an honest talk with the people where their references or wait until they have finished the job. Find out if they are an honest talk with the people where their references or wait until they have finished the job.

There are people at Lake Kiowa who have paid large sums of money for work that was never completed or poorly done. Some of these have happened very recently. As much as we would like to believe that all the people who live at Lake Kiowa are honest upstanding citizens, this is not the case in this community or any community. There are many senior citizens in our midst who live alone. Scam artists do not hesitate to prey on these people. If someone comes to your door and solicits work, they should be reported to Security at once. Remember these people know the rules also, so they will probably approach you outside your home or put an ad in the CommuniQue. Just because they have an ad in our paper does not guarantee their work. There is not any way the paper can check out the validity of all the people who advertise. Please do your renovations, but check those references first. Catharine Moss

Letter to the Editor

Dear CommuniQue Editors,

I am writing to discuss the importance of carefully checking contractors’ references before hiring them. As a resident of Lake Kiowa, I have heard stories of people who paid large sums of money for work that was never completed or poorly done. This is not exclusive to our community; it happens everywhere.

How can we ensure we are hiring trustworthy contractors? First, always check their references. If they have worked for neighbors or friends, ask if they know anything about their work. It is also important to remember that just because they have an ad in our paper does not guarantee their work. There is no way the paper can check the validity of all the people who advertise.

It is also wise to consider their work ethic. If someone approaches you outside your home or puts up an ad in the paper, they should be reported to Security at once. They have to follow the same rules as everyone else.

The Christmas and New Year’s holidays are traditionally a time for building warm family memories but unfortunately, as law enforcement agencies report, high numbers of domestic disturbances are also traditionally recorded. This was borne out at Lake Kiowa this year as Security-led Cooke County Sheriff’s Department deputies were called to four such disturbances. Deputies also assisted with a prowler call, investigated an act of criminal mischief and responded to an auto accident that resulted in damage to the East Gate. Security response to reported incidents included citations issued for driving under the influence, report of 4-wheelers operating on the dam and followed up on a littering complaint. Animal Control Officers were dispatched to 16 stray dog calls, handled three stray cats and trapped 11 varmints. Security gate personnel monitored 33 LKVF emergency runs. Security patrol escorted ambulances to residences in Lake Kiowa on two occasions.

Security patrol checked on the welfare of residents five times, assisted four motorists, secured two unlocked doors and reset one business alarm. Two auto accidents were investigated as were four complaints of criminal mischief and three disturbing the peace complaints. Departmental logs also record that Security personnel escorted a worker from the property, responded to a call of 4-wheelers operating on the dam and followed up on a littering complaint.

Gary Davidson
Chief of Security

SPECIAL NEEDS INFORMATION NEEDED

Security maintains a database of members who have identified them as the responder for their Life Line emergency service. If you have special needs, permanent or temporary, (recovering from medical procedure, etc.) which would require assistance in case of evacuation or other major emergency, and would like to be added to this database, please complete the requested information below. You will need to update Security on a weekly basis to remain in the database while you are temporarily disabled.

Richard M. Barron
Attorney at Law
209 E. Main St
Whitesboro, TX
903-364-3663
On September 3, 1955 I married John B. Padgham. We have 3 children, 3 grandchildren and a step granddaughter. I attended Cal State Fullerton (now the Univ. of California – Fullerton) for graduate studies and was awarded a teaching credential in 1960. My teaching career included positions in California, Texas, Louisiana and overseas in Iran.

In Lafayette, LA I served as interim Youth Director and full time Program Director at Asbury United Methodist church for 2 years.

John and I retired to Gainesville in 1992, and moved to Lake Kiowa in 1999.

My volunteer experience has included the following:

- Co-founder of Cooke County Friends of the Library – secretary/treasurer 4 years
- Ways and Means Chairman WGA 2001
- Kiowa Woman’s Club board 4 years (president 1 year)
- Kiowa Homeowners Water Supply Corp. board – 3 years, secretary
- Treasurer Gainesville Area Habitat for Humanity – 2004 to present, a volunteer for 10 years
- Hospice volunteer 8 years
- Co-chairman Butterfield Centerstage Circle – 1 year
- Volunteer Butterfield Stage – 8 years
- First United Methodist Church, Gainesville - member of many different committees in the past 13 years, including Women’s Circle Leader 4 years and Chairman Mission committee 3 years. I am presently a member of the Finance Committee
- Attended Leadership Seminar sponsored by Gainesville Chamber of Commerce
- Member of Leadership Kiowa Seminar committee 3 years
- Co-Chairman Candidates’ Forum – 2 years
- LKPOA Nominating Committee 2 years (Chairman, 1 year)
- Volunteer at Wheeler House (bingo caller) 3 years
- My interests include golf, bridge, reading, travel, being with friends, and especially being with our children and grandchildren.

It would be an honor to serve the Lake Kiowa community as a member of the LKPOA board, and I would serve to the best of my ability.

Herman H. Plot

501 Kiowa Drive West
Wanda and I moved to Lake Kiowa in August of 1998 and both of us believe we have found our final campground. We have five children and twelve grandchildren. Four of our five children live in the Metroplex and the other one in Scottsdale, Arizona.

We have been remodeling our home – inside and out – ever since we moved in and the end is not quite yet in sight! Our home is evolving into a fair expression of our values and individuality. Also, I’ve found hammers and nails to be quite therapeutic.

I love golf but don’t get to play nearly enough. However, golf isn’t always therapeutic!

FORMAL EDUCATION:
- BS Electrical Engineering, 1961; MS (Electrical Engineering, minor in Math), 1965; PhD (Electrical Engineering, minors in Mathematics, Business, and Philosophy), 1972, Auburn University.
- MRE (Master of Religious Education), Nazarene Theological Seminary, 1985.
- MTS (Master of Theological Studies), emphasis in spirituality and spiritual direction, Seattle University, 1993.

WORK EXPERIENCE:
- Applied research in areas of non-linear feedback control systems and data systems for orbiting vehicles. Designed custom data processing systems.
- Commercial product line development. Designed oil field automation equipment, semi-conductor test equipment and flight certified amplifiers.
- Developed audio and video courses for various engineering disciplines.
- Consulting in areas of testability and systems design.

I am currently an Associate Pastor for Seniors at Whaley United Methodist Church. A significant part of my ministry involves individual discipling and counseling.

COMMITMENT TO OUR COMMUNITY:
I’ve served on the CIP and the By-Laws and Rules Committees. My three-year term on the Kiowa Homeowners Water Supply Corporation Board ended in 2003. I was a member of the Kiowa Homeowners Association Board and was Chairman of the Board. These have all been very positive and productive experiences.

If elected to the POA Board, I am willing to make the time and energy (both physical and emotional) commitment to faithfully serve this community.

Lee Skinner

Ok, so life’s a box of chocolates and you never know what you’re gonna get. That’s how my folks felt when I popped into their lives in West Virginia back in the dark ages. You take what you get. My Mom always said I was lucky to live to age four. Once there it was smooth sailing.

I graduated from Antioch High School (near San Francisco) did the 60’s thing and wound up at Tulsa University. I majored in accounting figuring people will always need to know about their money and that would be a safe (read that “job security”) area to be involved with.

Following a sometimes good (read that - “we drifted apart”) marriage I met the love of my life, Jack; we married and began the Cinderella story. We brought six children to the marriage (three each) and now have accumulated nine grandchildren who will set the world on fire eventually.

My most recent employment was as an accountant for the Dallas Chapter of the American Red Cross. Following that Jack and I volunteered for several years as Internal Auditors for the National American Red Cross out of Washington, D.C.

We chose Lake Kiowa because there’s a guard gate and the kids have to get permission to get in to see us. We love it here. We’ve been active in Chapel; Jack is Vice President of Kiwanis; we both belong to all the golfing associations; and I have been active with Woman’s Club. I was program chairman one year, president the next year, and am now helping with the Arts and Crafts Department.

I’ve worked on the Rally For A Cure® tournament for two years and now serve on the Lodge and Tavern Committee as well as the Youth Advisory Committee. I have helped facilitate a segment of the Leadership Lake Kiowa Sessions for two years.

The one word that could best describe me would be “creative”. I like to think ‘outside the box’. I enjoy working with people and getting the job done.

LAKE KIOWA PROPERTY OWNERS ASSOCIATION MINUTES
MONDAY, DECEMBER 19, 2005
5:00 PM BOARDROOM
CALL TO ORDER
The meeting was called to order at 5:05 pm by President Bob Wickersham. All Directors were present except Dave Spangler and Rick Walker.

REVIEW OF MINUTES
Minutes of the December 5, 2005 Board Workshop were reviewed and approved for presentation at the Open Board Meeting.

FINANCIALS
In response to Mr. Wickersham’s absence Scott Campbell presented the November financial statement and commented on the revenue shown for lot sales, which is below expected for 2006, but it does contain provisions for price increases such as those associated with the Consumer Price Index. Scott Davidson also itemized the assess related disbursements, including a new security vehicle and two new computers from the AAR training. Expenditures from CARF were for the ongoing seawall and golf maintenance building projects. No new insurance policies so the coverage is getting increasingly difficult to find. Linda Fite reported that the Long Range Planning report is ready for presentation during the Open Board Meeting scheduled to begin at 7:00 pm this evening. Bob Wickersham reminded Long Range Planning that the golf course offer of $8500.00 be used for an early warning system will expire in the next month but some of this is offset by the Printing, which is worse than budget. Mary Gill asked if there were any new permits issued prior to November 1, 2005. Gary Davidson provided a summary of available permits and expiration dates which are provided in the newsletter. We were also reminded that the golf course will be cart path only during the months that the ranges are closed and the range will again start a golfer with a handicap flag allowing golf course access is NOT allowed on the course when the “Cart Path Only” signs have been posted. This variance first came before the board in October and at that time we were only able to approve the variance and Randy Howell seconded the motion. The next regular meeting will be on January 11, at 9:00 a.m. Jan Thies seconded the motion and all were in favor.

LAKE KIOWA PROPERTY OWNERS ASSOCIATION OPEN BOARD MEETING
MONDAY, DECEMBER 19, 2005
7:00 PM ASSEMBLY ROOM
CALL TO ORDER
The meeting was called to order at 7:00 pm by President Bob Wickersham. All Directors were present except Dave Spangler and Rick Walker. The vote to adjourn at 6:55 pm was unanimous after Linda Fite made the motion and John Davis provided the second.

ACTION: BUILDING COMMITTEE
Managers’ reports.

MINUTES OF THE BOARD MEETING
KIOWA HOMEOWNERS WATER SUPPLY CORPORATION WEDNESDAY, DECEMBER 14, 2005
INVOCATION: Board member Don Howeth opened with a word of prayer.

CALL TO ORDER: The meeting was called to order at 8:00 a.m. by President Bob Wickersham.

DISCUSSION AND POSSIBLE ACTION: BOARDS AND COMMITTEES
Peggy Padgham moved that the minutes be approved and the motion carried after a second from John Davis. Randy Howell abstained.

APPROVAL OF MINUTES
Linda Fite read the minutes from the December 5, 2005 Board Workshop. Linda Fite moved that the minutes be approved and the motion carried after a second from John Davis. Randy Howell abstained.

FINANCIALS
Scott Campbell presented the November 2005 financial statement. We remain in good fiscal condition and Mr. Campbell directed our attention to a couple of revenue accounts. Since POA disbursements for the month of Allegiance, Mary Gill asked if there were any new members or guests present and nobody offered any. Ms. Fite shared with us that its task, which is required by our by-laws. Ms. Fite with share with us that there are now and have been many small groups looking into the possibility of an additional two courses? Scott Campbell will talk to the contractor about these issues and in a couple of months and asked that LHPC review the project in time. Linda Fite said the committee was working on it. Scott Campbell presented the Long Range Planning report is ready for presentation during the Open Board Meeting scheduled to begin at 7:00 pm this evening.

APPROVAL OF MINUTES
Kathy Reed read the minutes from the December 5, 2005 Board Workshop. Linda Fite moved that the minutes be approved and the motion carried after a second from John Davis. Randy Howell abstained.

DISCUSSION AND POSSIBLE ACTION: BUILDING COMMITTEE
Chairman Dean Dorsch presented copies of revised drawings for the Water Corporation building. He made a motion to spend up to $10,000 for preliminary work needed to be done prior to groundbreaking. Jan Thies seconded the motion and the approved unanimously.

DISCUSSION AND POSSIBLE ACTION: EMPLOYEE REVIEWS/ADJUSTMENTS
Peggy Padgham reported that we are awaiting the results of the performance evaluation/adjustments committee. Jan Thies seconded the motion and all were in favor.

WELCOME TO BOARD MEMBERS AND RECOGNITION OF VISITORS AND GUESTS: There were no guests or visitors present.

APPROVAL OF THE NOVEMBER 16, 2005 MEETING MINUTES: Dean Dorsch moved a motion, seconded by Jan Thies, to accept the minutes as presented. The motion carried.

MANAGER’S REPORT: Manager Young reported no new tarps installed. Following this report, Mr. Young said, “What do you think?” and “What do you want?”. For our convenience the survey can be completed online at www.lakekiowatx.com or it may be completed and sent in. There will be a random drawing from the participants for twenty $25.00 Lake gift certificates.

There were no questions or comments from the membership upon the completion of this presentation.

ACTION: BUILDING COMMITTEE
Don Howeth opened with a word of prayer.

CALL TO ORDER: The meeting was called to order at 8:00 a.m. by President Bob Wickersham.

DISCUSSION AND POSSIBLE ACTION: DE-CONSTITUTION FEE
Don Howeth made a motion to rescind the present de-constitution fee. Jan Thies seconded the motion and all were in favor.

DISCUSSION AND POSSIBLE ACTION: LOT 218
Peggy Padgham moved that we deny the request to buy Lot 218. Jan Thies seconded and all were in favor.

DISCUSSION AND POSSIBLE ACTION: CONSTRUCTION MORTGAGE
This evening.
