East Defeats West In 2006 East-West Challenge

The East Beach is just one of the sites for the new storm warning sirens. The Driving Range on the West Side and the golf course hole #4 and #5 rest area also are sites of the new sirens. There will be a mailing soon describing the various signals and their meanings.

Sam Moore, Captain for West’s Team, was prepared to take his dunking after being defeated by the East Team. Gary Atterbury was the captain for various signals and their meanings.

The lake was not lowered to work on the #9 hole. Unfortunately Mother Nature dealt us a blow with drought and wind; the water level is rising. I’m sure you were as surprised as the LKPOA Board members to receive Executive Chef Ricky’s resignation. We wish him well in his future endeavors and appreciate his service to our community.

Security checks the site at noon and midnight each day.

Many thanks to the volunteers of MGA who helped lay sod on #9. That is no easy task, but Wayne Shearer inspired many to come out and help.

Once again, don’t forget to watch for children playing – sometimes in the streets! We want everyone to have a safe summer vacation.

If you haven’t been to the Lodge lately, you’ve missed the improvements to the entry. A beautiful desk graces the foyer and new carpet and paint have spruced up other areas. Many thanks to the groups who made donations to make this possible.

The new alarm system is now installed. This will be a benefit to all of us when some type of warning is needed for our community. Thanks to KE50 for their contribution towards this purchase. Another reminder is to check the Web site often. Justin McMurry and Bill Burhans do a great job of updating the site so we can all be informed.

NEW GRASS FOR #1 FAIRWAY

David Long, Golf Course Superintendent, and his crew prepare the #1 fairway for the spreading of Princess 77 grass. This should be a superior fairway grass and if it proves successful at Lake Kiowa, more fairways at Lake Kiowa will be done.

RUMOR CONTROL -- FIRE HYDRANTS

After the recent fire here at Lake Kiowa, which was caused by lightning, there were several comments made concerning the number and the location of our fire hydrants. Lake Kiowa has 36 fire hydrants installed (above ground) around the subdivision. They are installed on six-inch and eight-inch main lines. These hydrants are located so that every home is within 1,000 feet. These hydrants can be used by the local fire departments to assist in fighting any structure or grass fire that might endanger local property. The hydrants cannot be used independently to fight a fire, but may be used to fill tanker trucks to re-pressurize and thus fight a fire. All hydrants in Lake Kiowa are currently, and have been able to be, energized with water to be used in case of a fire.

The blue painted spots and arrows along side the roads are used by the water corporation employees to quickly locate main line shut off valves. These are used to restrict water flow in areas between the valves to assist in the repairs of main line breaks. The Kiowa Volunteer Fire Department has maps of the locations of these fire hydrants on each fire truck. The water corporation will once again install colored fluorescent road markers on the roads after LKPOA has finished all of the road repairs later this summer.

It behooves all of us to know where a hydrant is located nearest to our house when an emergency occurs.

DID YOU KNOW........

...the East Gate will be manned on the 4th from 10 am to 6 pm to alleviate heavy traffic at the front gate? Guess may be met at the east gate where passes will be issued to them.

...we will be celebrating America’s birthday on the 4th?

...all food and beverages sold on the 4th will be by tickets only at the food court (under the pavilion), 19th Hole, and Lodge dining room? Tickets go on sale at 9 am.

...the fireworks display begins at Dark Thirty? (that means 30 minutes after dark or about 9 - 9:30 pm!)

...this is a community-wide event?

SO LET’S ALL CELEBRATE!!
As we enter the summer months, the staff and Board of Directors are finalizing the budget for presentation to the community at our second meeting in June. Please see the proposed budget listed on page 28 of this issue.

We are very near completion with the installation of the emergency warning sirens. We would like to once again thank KESO for their donation to this needed project. The staff is currently being trained in operation of the sirens, and there will be more testing of the sirens in the coming weeks. We will continue to post those test days on the front gate sign. We will soon be sending out a special mailer or a notice in your next billing with some very specific information about the sirens and the meaning of their different tones.

We have completed the new automated gate off of Comanche, and it will soon be operational for buses and emergency vehicles.

By the time you receive this issue, we will have received bids for several miles of roadwork to be done this summer. The POA will notify those residences along these streets prior to beginning work.

With summer upon us, many of us will expect more visitors and there will be increased activity around the lake. Please remember that children must be thirteen (13) years of age and have completed the Youth Golf Cart Safety Education Class to be eligible for a golf cart permit. The next class will be on June 17 at 9 a.m. at the Lodge.

In your last issue of the CommuniQue we mentioned that we would continue to monitor any progress or new information related to the Trans-Texas Corridor project. At one of their recent meetings, the Cooke County Commissioner’s Court unanimously approved a resolution opposing this project, basically stating that the State should focus on expanding the existing I-35 corridor, rather than reaching out into the more rural areas of the state. Again, the Texas Department of Transportation will be hosting a series of approximately 50 public meetings this summer to discuss and receive public input on this project. We will attend the appropriate meetings and monitor the progress of this effort as it moves forward.

Finally, don’t forget to make plans to be here on Tuesday, July 4th for another great celebration. Your next CommuniQue will include maps, schedules and menus for this event. You will not be disappointed.

Have a great month!!

District Judge Janelle Haverkamp administers oaths to Barbara Lovegreen, Gary Caldwell and Sheri Raney.

Court Appointed Special Advocates (CASA) of North Texas is proud to announce three (3) volunteers have completed the 30 hours of training required for new CASA Guardians Ad Litem. District Judge Janelle Haverkamp administered their oaths, officially “swearing in” the newly trained volunteers, Barbara Lovegreen, Gary Caldwell and Sheri Raney. These volunteers are now eligible to be appointed by the Court to work in behalf of abused and/or neglected children who have been taken into protective custody of the State of Texas in Cooke County. Each volunteer took an oath to guard confidentiality in their cases and to represent the best interests of the children to which they are assigned.

When assigned to a case, CASA volunteers get to know the children they are assigned, their families and their circumstances. Volunteers keep an eye on the children and the parents, monitoring how they’re doing and report their findings back to the Court. Their efforts help to assure that the children don’t “slip through the cracks.”

CASA of North Texas has been fortunate to provide volunteers for more than 300 children since the inception of the agency in 1999. The constant challenge is to continue to serve 100% of the children taken into care in this county. CASA of North Texas will be training volunteer advocates in the summer. If interested in becoming a volunteer, please contact the CASA office in person at 900 N. Grand, Suite 101, Gainesville or call (940) 665-2244.
SAFE HAVEN SHELTER IN NEED OF SUPPLIES

Many homeless who were living under the I-45 bridge in Dallas were forced to leave their camps because they were razed by bulldozers.

As many of you know, James Waghoorne (Syd and Jacque’s son) is very involved in helping the homeless in Dallas. He called his mother to ask people in this area to help those people start a new beginning. They need clothing, shoes, toothbrushes, toothpaste, soap, shampoo, shaving equipment, washcloths, towels and other hygiene items. They are now living in shelters and getting medical attention.

Let’s help these needy people. You can deliver the items to Jacque’s front porch at 307 Kiowa Drive West. Call her if you have any questions at 665-4502.

Kiowans Host Reception For Cooke County Candidates

The Kiowans hosted a reception for candidates for the North Texas Medical Center Board of Directors, the North Central Texas College Board of Regents and the Callisburg ISD School Board on Tuesday, May 9 at the Lake Kiowa Lodge.

All seven candidates for the North Texas Medical Center attended. Four of the five candidates for the North Central Texas College Board attended. Only one of the three candidates for the Callisburg School Board of Trustees attended.

Candidates in the picture below are (not in order): Janice Call, Bob Day, Diana Eichenberger, Jay Freeman, Janice Call and Jerry Parr. For North Central Texas College Board of Regents: Kenneth Coolen and Kenneth King. For Callisburg ISD Board of Trustees: Larry Nini and Steve Potz-Nielsen.

CALLISBURG—Callisburg High School announces Liam Matthew Guthrie as Valedictorian of the class of 2006 with a GPA of 5.133, and Stephanie Danielle Zimmerer as Salutatorian with a GPA of 5.309.

**Liam Matthew Guthrie** is the son of Heather Guthrie. Guthrie is active in the Science Club, is a three year band student, competes in numerous UIL events and One-Act play, and is active as reporter in the National Honor Society (NHS). Guthrie is also an active member in the community as a member of “Keep Callisburg Beautiful,” and he is the Cooke County Delegate to the Democratic State Convention in June.

Guthrie’s future plans are to attend Midwestern State University in the fall to pursue a degree in biology. He then hopes to earn an advanced degree and aspire to go into teaching or research.

**Stephanie Danielle Zimmerer** is this year’s Salutatorian. She is the daughter of John and Shirley Zimmerer. Zimmerer is president of Students Against Destructive Decisions for the 2005-2006 school year and National Honor Society (NHS) treasurer for 2004-2005 and 2005-2006. Her other activities include Junior class Treasurer, Student Body Association, volleyball, UIL news writing, feature writing, and editorial writing. She is a member of the yearbook staff, Prowler staff, and the Wildcat Den radio staff.

Zimmerer is also an active member of her community. She has tutored middle school students and volunteered at local doctors’ offices and at St. Mary’s High School religious education and youth Sundays.

Zimmerer plans to attend Baylor University in the Interdisciplinary Core (BIC) in the fall and will be majoring in Pre-Medicine. She holds future aspirations of becoming an orthopedic surgeon specializing in foot and ankle restoration.

CALLISBURG—Sophomore **Karis Holder** qualified to compete in the May UIL state track meet in Austin in the high jump. Her 5’4” jump netted her a first place Regional finish as well as set a new school record at Callisburg High School.

“Karis is an amazing athlete,” her coach Chet Baker said. “This is the first female Callisburg has sent to the state meet in track in over 20 years.”

Holder, who has been doing the High Jump since the seventh grade, made it to the regional meet last year but failed to advance from there, causing her to adopt her personal motto, “Never give up.”

Lake Kiowa Lodge

Chapel services are regularly scheduled at 8 a.m. every Sunday in the Lodge assembly room.

You are invited to attend the Chapel Quarterly Meeting and potluck dinner on June 5 at 6:15 p.m. in the Lodge. Come and enjoy the fellowship, good food, and hear a report on the various activities of the Lake Kiowa Chapel.

Rev. J. L. Williams and Rev. John Hare are the pastors delivering their messages on alternate Sunday mornings. Rev. Williams will deliver his message on June 4 entitled “God is My Portion” with text from Psalm 119:57. On June 11, Rev. Hare will deliver his message “Fatal Fixation” with text from Romans 6:1-11. June 18 Rev. Williams entitles his message “A Strong and Courageous Heart” with text from Joshua 1:7. “Risky Business” will be the message from Rev. Hare on June 25 with text from Matthew 10:40-42.

The Choir sings on the third Sunday of each month, practicing every Monday morning at 8 a.m. in the Lodge. They welcome any interested singers to their group.

V.I.S.T.O. is the recipient of food contributed on the third Sunday of every month. All packaged groceries are appreciated but each month the request is made for some specific items that are regularly stocked in their food room. In June, they are asking for toilet paper and laundry detergent which are particularly needed items. Other items from your pantry as well as cash are always welcome contributions.

The Lake Kiowa Chapel meets regularly every Sunday morning from 8 to 8:30 a.m. in the Lodge. All residents and guests are welcome. This is an interdenominational service that may precede your regular church service or round of golf. Casual dress is always welcome. Please come and share this time with your friends and neighbors on Sunday morning at 8 a.m.

Reminder: The Club will meet once a month in June, July and Aug, on the fourth Thursday at 7 p.m. at the Lodge.

TALK TO A REAL PERSON

When you call almost anywhere today for help, are you tired of talking to an automated answering system? If you are like me, you want to speak to a real person, not some machine. Well, your Personal Computer and the Internet can help.

Just hop onto the Internet and go to www.gethuman.com. Click on the database tag, find the appropriate category, or just click the alphabetized list again. Now just find the outfit you are looking for and follow the directions.

You can contribute as well. The site is free, it is voluntary, and there is even a form to fill out about your experiences so you can help others.

Want to find out about this and other nifty things you can do with your computer to help make your life better? Attend one of the Lake Kiowa Computer Club meetings on the second or fourth Thursday of the month at 7 p.m. at the Lodge.

Wondering how the fish fry was? We will give you all the great details in next month’s article! Hope we saw you there and you had a wonderful time.

Once again the busy boating season is upon us. The Angler and Conservation Club would like to ask all boaters and personal watercraft users to review the lake rules and regulations. If you have questions on the water, please make sure they understand and comply with our rules. Even though Lake Kiowa is a private lake, it has adopted the guidelines of the Texas Water Safety Act. There are additional rules put into effect by Lake Kiowa Officials. Please remember that travel around the lake is to be in a COUNTERCLOCKWISE direction, all watercraft are to remain 50 FEET from the shoreline and 100 FEET from ANY OTHER WATERCRAFT. If you have any questions on any of the rules or regulations, please contact Security at 940-665-3221. You can also get a copy of the Texas Water Safety Act by mail, phone or on the Web. The contact information is listed below.

You may also check with any Texas State Park Office or Local Game Warden. The LKACC members have worked hard to place artificial cover in our lake. This cover is constructed of cinder blocks with black irrigation tubing. These structures have been placed in strategic locations for fish habitat.

Our third tournament of the season was held on Saturday, May 20. The winners of this tournament will be announced in next month’s article. Our second Happy Hour Tournament was held on Friday, April 21 and Mr. Wayne Kyle won the cash prize with the best stringer. Mr. Richard McCarter took the top prize for Big Bass. Our third Happy Hour Tournament was held on Friday, May 12 and Wayne Kyle took first place with the best stringer and big fish. Congratulations to these guys for a job well done. Our next bass tournament is Saturday, June 17 and our next Happy Hour Tournament is Friday, June 23. June 17 will be a big day for the LKACC; not only will we have our bass tournament, but we will also be hosting a Catfish Derby for the youngsters at Little Fox Pond. The Derby will begin at noon and run through 2 p.m.

Again, for those of you who were interested in participating in the HOOK, LINE & SINKER tournament, it has been postponed. A new date has not been scheduled at this time, but please keep watching in the LKACC article for more information and please let your friends and family know it has been postponed.

Our Web site is filled with all kinds of information. The Web site has been recently updated with new information and pictures. Just log on to www.lakekiowawacs.com to access LKACC’s 2006/2007 Schedule of Events. Bass Tournament results, articles from the CommuniQue, membership forms, LKACC Lake Record Program Rules and much more.

Here are the recommendations made by Bob Lusk, Fisheries Biologist and Lake Management Consultant, for the year 2005 Fishing Limits. These recommendations have been given careful consideration to keep a thriving ecological habitat for Lake Kiowa. The Angler and Conservation Club has fully endorsed the following fishing guidelines for Lake Kiowa.

Rainbow Trout: - 5 Per Day, Per Person
White Bass: Otherwise known as Sand Bass. No Limit. Remove all you can.
Perch: No Limit.
Channel Catfish: Keep fish over 14 inches; No Limit. Release all under 14 inches.
Drum: No Limit. Remove any caught from lake.
Carp: No Limit. Remove any caught from lake.

For questions, feel free to contact George Davis or Mike Merolla for specifics.

RULES FOR LAKE BLACK BASS RECORD PROGRAM

1. Black Bass must be caught from Lake Kiowa
2. Black Bass must be caught on artificial bait
3. Black Bass must be weighed on official LKACC scales
4. Black Bass must be measured by hard measuring rule
5. Black Bass must be photographed
6. Black Bass must be witnessed by at least one of the established members listed with security
7. Black Bass must be witnessed, released alive in Lake Kiowa or transferred to the ShareLunker Program
8. Black Bass records shall be effective from October 1 through September 30
9. Each Black Bass record caught within each time frame will be given a $100 prize from the LKACC
10. One Black Bass replica shall be awarded for this year’s largest record Black Bass
11. Each replica shall hang on the wall in the Nineteenth Hole at the Lodge until a new record is established, at which time the defeated replica shall be returned to the owner
12. If the record is not broken each year the latest record shall remain in place until defeated
13. Each year that a new record is not established, the $100 prize shall roll over to the next year. (Example - no new record for 5 years, prize pot would be $500). The cumulative pot shall not exceed $1,000 at any time
14. If the record is broken at any time, the prize award will return to $100

LKACC membership is $15 per family. Your membership and any additional donations will help our organization continue to focus on children’s events, lake health and improving lake assets.

Opening Doors to Friendship

As I write this, I’m anticipating the “Star Spangled Night” dinner dance sponsored by Gourmet. I’ve heard bits here and there about the plans and I can assure you it’s going to be quite the affair.

We are planning our participation in the community 4th of July Celebration. Our annual Cake Walk will be held in the Assembly Rosen from 11 a.m. until 1 p.m. This is one of our major fundraisers of the year – and a lot of fun too! We are asking our members to donate a cake for this event. There will be a sign-up sheet at our June meeting.

And be sure to remember, at Kiowa Woman’s Club the door is always open. As of the end of June, I will join this honored group of past presidents. I am humbled to be associated with these women who have organized and guided this organization since 1973. What began as a small group of dedicated women now boasts a membership of more than 400. In addition to officers, there are six departments and 23 committees including Tour of Homes and the Style Show. It takes the devoted time and talent of more than 100 women to implement all the programs, events and community services that Kiowa Woman’s Club provides. There are no words to express my appreciation to all the women who have volunteered to make this last year a special one. I am forever grateful for your kind support. I look forward to seeing you on June 8.

At our last meeting we elected new officers for 2006-2007. Please plan to attend our meeting on June 8 as we will install the new officers and honor the past presidents of Kiowa Woman’s Club.

The new Lake Kiowa Cookbook will be offered for purchase as a magnificent two-way gift at the July Fourth Celebration. This cookbook is a wonderful gift for any occasion. All money collected from the sale of the cookbooks will be donated by the Lake Kiowa Woman’s Club to the Susan G. Komen “Rally for a Cure.” This is the annual Kiowa Rally to raise money to fight breast cancer. Spend $15 for this great cookbook and you will also be donating $15 to the Rally. What a fantastic gift that gives twice!!

Your friends, relatives and even your grandchildren will love this super cookbook from the seasoned cooks at Lake Kiowa. There are over 400 great recipes that have been tested and compiled by some of the best cooks in the U.S.A. It is a notebook-type cookbook that also allows you to add your own favorites. It would make a wonderful gift for birthdays, hostess gifts, Christmas or whenever you need a special gift. These cookbooks are sure to please. Even men who like to cook will enjoy the great variety of recipes. Yes, we had men contribute their special recipes to our cookbook.

Make your list and come on the 4th of July to buy this outstanding gift and also fight Breast Cancer. This is a superb gift that keeps on giving!

In April the Garden and Nature Club toured the Ft. Worth Botanical Japanese Gardens.

The Bridge Department finished its last tournament on April 27. The winners were: 1st place, Allene Johnson and Jeanie Foster; 2nd place, Ruth Kurtz and Jan Thompson; 3rd place, Dee Magee and Peggy Carpenter and 4th place, Pat Medley and Barbara Koval. This was a very exciting tournament with the lead changing each week until the end. Everyone had a great time. Since there was little interest in another tournament this spring that would go into the summer, play will resume in the fall with a new director. I would like to take this opportunity to thank all the players. I have had the pleasure of being chair for four of the last five years and it is now time for a new chair. I have enjoyed my time as chair and thank all the people that have helped me. I look forward to playing in the fall with all the regulars and hopefully some new players.

ROOFS ARE BEING REPLACED FROM THE APRIL 30th HAILSTORM!

LAKE KIOWA ROOFING, INC. MEETS WITH INSURANCE ADJUSTER ON WEST SIDE OF LAKE AND GETS HOMEOWNER NEW ROOF, “DAMAGE WAS CONSIDERED SIGNIFICANT BY BOTH OUR ROOFING COMPANY AND THE INSURANCE ADJUSTER, IT LOOKS LIKE HOMEOWNERS WITH LOT NUMBERS 300 THROUGH 1049 ON THE WEST SIDE AND 1100 THROUGH 1800 ON THE EAST SIDE MAY HAVE ENOUGH DAMAGE TO FILE A CLAIM” SAID MARK CORNETT OWNER OF LAKE KIOWA ROOFING, INC. “I HAVE LIVED HERE SINCE 2000 AND ROOFED OVER 300 HOMES WHEN THE LAST STORM HIT. THIS LOOKS TO BE A VERY SIMILAR SITUATION.”

How do I know if I have hail damage to my roof? Can I tell from the ground?
If you’ve had hail in your area, to determine if the shingles have been damaged a close inspection of the shingles has to be made from the roof. Usually you cannot tell from the ground. Lake Kiowa Roofing, Inc. will perform this service for free. (940) 665-3106

If I think I have hail damage, what should I do?
Call your insurance company and ask for an adjuster to come inspect your roof for hail damage. Call a reputable roofing company and ask for the same inspection. If there are any discrepancies between the adjuster’s finding and the roofer’s finding, you may call for a “RE-INSPECTION” where your adjuster meets with the roofer to go over the roof together. Re-inspections are very common. The insurance company must determine two things when assessing the amount of your loss:

1. Was there sufficient damage to the roof to declare it a total loss? (Usually determined by 7 verified hail hits per 100 square feet.)
2. What is the size of the roof and how many shingles will be needed to replace the roof?

What does hail do to a roof?
Shingles are designed so that the granules block the UV of the sun and protect the asphalt underlayment. As the shingles age the granules fall off over time. As the asphalt is exposed the UV, it dries out and the shingle gets a “potato chip” appearance as the corners start to curl up. A shingle at the extreme end of its life is bubbled in appearance and is brittle to the touch. A 20-year shingle is warranted by the manufacturer to have a useful life, under optimal ventilation conditions, of 20 years. Hail does several things:

1. Accelerates granule loss.
2. Accelerates shingle aging.
3. Voids manufacturer’s warranties.
4. Leads to other associated problems.
Hello everyone! Before we begin on Lodge activity news, for all of you who may not have heard, Carrie and Ricky had a bouncing baby girl. She was born May 8 at 1:56 p.m. and weighed in at 7 lbs. and 8 oz. She was 18” long and her name is Cierra Hope Lopez.

All of you are probably aware by now that Ricky resigned his position at the Lodge and has moved on in his career. We all wish him and his family the best.

She and her staff have successfully handled eight banquet functions in the last three weeks, which included 242 for Mother’s Day, as well as the regular Dining Room and 19th Hole activity. Thank you guys for stepping up to the plate when you were needed and thanks to all of our members for your continued support.

Lodge management is working closely with the Lodge and Tavern Committee on ways to improve and promote the Lodge. Members are urged to make suggestions and recommendations. As always, we appreciate your continued support.

Most of our immediate interior projects have been completed. Lodge painting has been done and new carpet has been installed. Friends of the Lodge purchased a new desk and chairs for the front lobby with funds donated by the Woman’s Club. They really look nice.

Upgrades to our Point of Sale (POS) system have been installed complete with new and improved monitors. We will soon be getting a portable wireless terminal which can be moved from room to room to accommodate banquets and other functions. We will also have a hand-held terminal which can be used for outside dining or banquets.

Barletta Construction will be reworking the thresholds of the new doors and modifying the hardware in the near future.

The next Hold’em Tournament to allow five place payouts rather than two.

Watch for further notices on this one.

May has been another busy month and we look forward to kicking off June with the Kiowa Kapers on June 2, 3 and 4.

Again, thanks for your support of the Lodge and we look forward to seeing you all soon.

Pat Greenlee
Events Manager
FRIENDS OF THE LODGE

Our April meeting was a big success featuring lots of talented Lodge members. Each table was given a bag of items and asked to write a skit or a song using what was in their bag. It was great fun and the ideas were amazing.

By now you have probably noticed the new desk in the lobby. Thanks to the Woman’s Club for their generous donation to purchase it and for being so supportive.

If you haven’t volunteered to help for the 4th of July, it’s not too late. We will have a sign-up sheet at the June meeting and still need workers. Thanks to those who have signed up already. You can also call Carol Maners or me (anytime).

Remember, we will not be meeting during the summer, but will resume meetings in September beginning with a “Roaring Twenties Party.” Watch for flyers with dates and times.

Hope to see you at the June meeting which is planned for outside in the Pavilion.

STATE PARTNERSHIP TOURNAMENT
Three WGA members, Ruth Robinson, Mary Ragan and Geneva Maddox, were among the 120 contestants for the Women’s Texas Golf Association Partnership Tournament and enjoyed play at Stonebriar Country Club on April 11-13.

WGA NEWS

WGA members met for lunch after a morning of golf. Forty-seven members participated in the 6-5-4-3 Scramble. The winning teams were:

1st: Margie Nash, Carole Clauasing, Regina Carney, Shirley Falkenhagen
2nd: June Cloud, Kathy Reed, Dolly Marek, Genevieve Averinger
3rd: Peggy Coolidge, Judy Neal, Joan Page, Betty Moore, Audrene Robison
4th: Rosaleigh Wood, Jan Dalton, JoAnne Prestage, Paulette Andrews
5th: Judy Montgomery, Connie Glover, Linda Stroup, Jan Thies, Charolette Loncar

President June Cloud presided over the meeting. Margie Nash reported five new members and recognized those with May birthdays.

Kathy Reed recruited volunteers for the Habitat for Humanity tournament for sandwiches and workers for the concession stands for Kiowa Kapers.

Keith and Judy Montgomery are giving up the maintenance on the big bed on #9, but will continue to work on the small bed. If you would like to volunteer to help, it will be greatly appreciated. Thanks were expressed to Peggy Coolidge, Sue Sprenger and their helpers for their work on the Member-Member Tournament. Sixty-eight members played in the two-day tournament.

Mary Pfifer announced plans for the Member-Guest Tournament. She stated she would find you a guest if you did not know someone to invite. They need door prizes donated so everyone will be laying three, and you will be hitting your fourth stroke.

Out of bounds rules on #7 ditch: If the ball comes to rest in the ditch against the mesh catcher, it is not out of bounds. You may move it back two club lengths and drop without a penalty.

#2 and #14: These are both lateral hazards. Under penalty of one stroke, you may take your ball back as far as you want, keeping the last place it crossed the hazard between you and the green. You may move the ball an equal distance on other size of hazard, using the same formula.

Near the first drive into the lake, you may move your fourth stroke.

Fran Adams explained the carry-over rule for #9, #13, #16. After you hit your first drive into the lake, you may move to the drop zone and drop a ball, which will be laying three, and you will be hitting your fourth stroke. You may move it back two club lengths and drop without a penalty.

Fran Adams, president of the WGA, reported the WGA was involved in their communities. Other committee members shown from left to right are: Maurven Anselmi, Barbara Cole (Rally Chairperson), Fran Adams, Neta Stutzman, Rosaleigh Wood and Lee Skinner.

Pro’s Rule of the Month:

Q: It is a condition of the competition (Note under Rule 6-8b) that players must discontinue play immediately following a suspension of play by the Committee in a potentially dangerous situation. After such a suspension is signaled by the Committee, may a player proceed under a Rule by dropping a ball or determining an appropriate reference point, e.g., the nearest point of relief?

A: In view of the purpose of this type of suspension of play, it is recommended that all players take shelter immediately without taking such further actions. However, discontinuing play in the context of this condition means making no further strokes and, therefore, there is no penalty for taking actions such as those described.

GOLF NEWS
MGA News Play Day - May 13

Saturday, May 13 was a great day for golf! MGA play was a shamble format. All members of the team hit drives at each hole and picked the best. From there each player played his ball through the hole with full handicap. The best gross score and the best net score (two different balls) were kept for each hole. The lowest total was the winner.

The third and fourth place teams are pictured. The first two places chose not to report for pictures.

Some notes of interest:
1. Please sand your fairway divots. If you don’t have a sand container...get one from the MGA. See or call Brown or Wayne. Or just use a plastic milk jug on your cart.
2. Use the 90-degree cart rule...stay on cart path until you get to your ball, then get on fairway or rough. After hitting, go back to cart path at a 90-degree angle (straight to the side).
3. Don’t get too close to the green or tee areas. In front of the green stay at least 15 yards away. We are in the process of getting some cart arrow signs for those who don’t know what 15 yards is.
4. This is OUR golf course. Let’s keep it as best we can!

Superintendent’s Report...

Maintenance of the golf course is increasing as the grass starts to green up and we are starting to prepare the course for upcoming tournaments.

#1 Fairway - We verticut the fairway, seeded it with the Princess 77 bermudagrass, top dressed it and started watering it. And now we wait! We hope that all will go well. We should know within the next 7 to 10 days.

Greens – We have started removing bad areas from the greens and replacing with sod from our nursery, firming up the greens and speeding them up. This process will take about a week to complete.

#9 Seawall - Hopefully by this report we will have received a call from our sod people and they are able to cut. Which means we will have sod if there are volunteers that would like to come out and help, it would be greatly appreciated?

David Long
Thirty-eight couples enjoyed a fun afternoon of golf, a great dinner and the satisfaction that they had helped finish the driving range improvements. David Long reported to the group that built up the landing areas to be constructed on the range beginning in May. The tee box could have more winners. Thank you.

The Kapers planning is on schedule to allow lift, clean and place. The ball down or up by explaining that ball down unless special circumstances stage, and individual play events during the prime growing season. Any individual ball play should be under 1-2-3 on 5-4-3.

Projects: Jim Williams. Projects Chairman will be placing the work project list on the web site in order to allow members both the ability to track projects and measure results on their own observations. Jim is also working on having sand barrels placed at every other tee box to facilitate the refilling of sand bottles by members. There was also a discussion about how to address practice around the #1 tee box and putting green while maintaining an area that looks attractive.

A reminder of the weekly work detail is now being displayed on the new front gate sign.

Tournaments: John Schneider, Tournament Chairman noted the May 13 Saturday play day format will be a shamble, and the Gainesville Habitat for Humanity tournament will take place on the May 27. For those that like to plan ahead, the June MGA outing will be a 1-2-3 on 5-4-3.

John addressed the issue of playing the ball down or up by explaining that the tournament schedule was designed to have scramble type events during the months the course is not at full growing stage, and individual play events during the prime growing season. Any individual ball play should be under USGA rules which consist of playing the ball down unless special circumstances allow lift, clean and place. The Kapers planning is on schedule and it appears the tournament will have a full field by the end of this week.
Old Business: David Long advised the planting of Princess 77 grass on #1 fairway is complete and the hole should remain closed until May 24. If this grass works as well as anticipated, there is a possibility of closing the course after July 9 for two or three weeks to seed the other fairways. Work on the driving range will be set back on account of the unusual, but welcome rain and has delayed getting the 36 pallets of sod needed to finish #9 and #18.

New Business: Dean Dorsch was invited to address the board with his observations from being a course marshall. He opened his remarks by noting he assumed this job because he cares about how the course is maintained. Among the major issues he identified are lack of filling divots with sand, failure to remain on cart paths near tees and greens, and failure to comply with the 90° rule.

Dean suggested signage may help to direct participants. He went on to say that he cares about how the course is maintained. Among the major issues he identified are lack of filling divots with sand, failure to remain on cart paths near tees and greens, and failure to comply with the 90° rule. Dean suggested signage may help to direct participants.

The meeting was adjourned at 9:55 AM.

Respectfully submitted by Jack Thies

SECURITY DEPARTMENT

LAKE KIOWA SECURITY REPORT
April 13 - May 11, 2006

Activity at the beaches and around the lake has noticeably increased in the last month, which is not unusual for this time of year. Quite a few complaints were received concerning loud music at the East Beach. Extra patrols have been assigned to this area with instructions to cite individuals who will not keep music volumes at acceptable levels. Traffic on the water has also picked up. Security patrol wrote two citations for no boat registration, one for a boat in a swimming area and three for parking watercraft at POA docks in excess of the allotted time. A seven-day-a-week lake patrol will be instituted by next week. The department wrote 17 citations in all during this reporting period including two for leash law violations.

Animal Control Officers responded to 28 stray dog calls, one call concerning an abandoned litter of kittens and eight varmint complaints. Security patrol performed 15 traffic stops, secured business alarms and a residence alarm, and have received 28 stray dog calls, one call concerning loud music at the East Beach and littering. Security dispatchers prepared emergency run sheets for 21 LVKFD page-outs.
