Several new events for the younger crowd were welcomed this year with more children staying around longer and enjoying all the games.

The other big event was the sky divers dropping in just before the cooling thunderstorm arrived. A big “thank you” goes to Bob Bingham for his persistence in finding and arranging for the sky divers.

**Board Notes July ...**

Many thanks to Jess Maxwell, president of the Kiowa Homeowners Water Supply Corporation Board, for his excellent presentation at the July 17 Board meeting. The 34 in attendance learned about the source of Kiowa’s water supply, the importance of conservation, why we need Mondays to allow the tanks to fill up following heavy weekend usage, and the fact that Kiowa has an ample supply of water at the present, but can supply only so much a day with the conduits that are now in place. If you missed the meeting, please carefully read the information mailed to you about the various Stages of Conservation.

Board members and attendees commended Pat Greenlee, Don Hoover, David Long, and Gary Davidson and their staffs for the excellent job done during July 4 celebrations. Two days of heavy golf course usage, an influx of visitors, extra food preparation needed to feed those who attended, and additional monitoring of the lake and boating areas kept all departments overly busy.

Many thanks, too, to Manager Campbell, Lee Skinner and Bob Bingham for their leadership in planning for the celebration. The Fire Department did an outstanding job with the crowds, and the Kiowa Homeowners Water Supply Corporation Board, for their hard work.

An update on the Trans-Texas Corridor meeting attended by Dave Spangler and Scott Campbell noted how little new information was actually presented and how few decisions have been made. We will continue to be updated as new information becomes available. Contact your representatives in the Legislature to voice your opinion.

Just think, next month’s **CommuniQue** will be reporting on all of the organizations, clubs and activities resuming for the year. Where does the time go??

Take good care of yourself during this especially HOT and DRY spell.

**Public Input Requested**

White striping along the outside of the roads on some curvatures has recently been done. More striping will be added later if the public feels it would contribute to safer travel on the roads. Please give your input to a Board Member.

Public Input was requested at the July 17 Board meeting attended by Dave Spangler and Scott Campbell. Jess Maxwell, president of the Water Board, made an excellent presentation at the open board meeting on July 17 concerning the problem. In case you were among the many who were absent, here is a recap of what he said. Lake Kiowa is not running out of water, but because of the drought, we are in Stage 2 of our Drought Contingency Plan, which restricts the use of your water.

We have plenty of water, but our distribution system cannot supply the demand if everyone waters on the same days.

The Kiowa Homeowners Water Supply Corporation (KHWSC) is required by law to have a drought contingency plan and is required to enforce that plan. Through careful study it has been determined that in times of drought, 80-90% of our water is used for irrigation. So our drought contingency plan is aimed at outside irrigation control.

Under Stage 2 of this plan it states:

1. No watering on Mondays because the tanks need a day to fill up and the wells need time to recharge after the weekend.
2. Homes ending in odd number addresses may water on Wednesday, Friday, and Saturday, and homes ending in even number addresses may water on Tuesday, Thursday, or Saturday, and homes ending in odd number addresses may water on Wednesday, Friday, or Sunday.

**Public Input Requested**

White striping along the outside of the roads on some curvatures has recently been done. More striping will be added later if the public feels it would contribute to safer travel on the roads. Please give your input to a Board Member.

Chief of Security, Gary Davidson, in addition to presenting his report, answered questions about the types of citations given, why so few were handed out compared to the number of automobile stops made, boating violations, etc. He emphasized that there is a definite policy in place and repeat violators will incur citations.

The lake level continues to decrease, as much as six to nine inches per week because of the evaporation due to the hot, dry days. Boaters and skiers are encouraged to be aware of shallow areas and to follow all boating rules.

Be careful at the West Beach as concrete work and new drainage pipe are to be installed soon. The MGA has also started painting the railings on the golf course bridges.

An update on the Trans-Texas Corridor meeting attended by Dave Spangler and Scott Campbell noted how little new information was actually presented and how few decisions have been made. We will continue to be updated as new information becomes available. Contact your representatives in the Legislature to voice your opinion.

Just think, next month’s **CommuniQue** will be reporting on all of the organizations, clubs and activities resuming for the year. Where does the time go??

Take good care of yourself during this especially HOT and DRY spell.

Peggy Paghgam, Secretary

**ENFORCEMENT**

**of Drought Contingency Plan**

Water, water, everywhere, but not a drop over Lake Kiowa

Everyone is aware of the drought that Lake Kiowa and the surrounding areas are facing this summer. The high temperatures only add to the evaporation factor and we are definitely facing a problem. There have been some rumors floating around concerning our water supply. Jess Maxwell, president of the Water Board, made an excellent presentation at the open board meeting on July 17 concerning the problem. In case you were among the many who were absent, here is a recap of what he said. Lake Kiowa is not running out of water, but because of the drought, we are in Stage 2 of our Drought Contingency Plan, which restricts the use of your water. We have plenty of water, but our distribution system cannot supply the demand if everyone waters on the same days.

The Kiowa Homeowners Water Supply Corporation (KHWSC) is required by law to have a drought contingency plan and is required to enforce that plan. Through careful study it has been determined that in times of drought, 80-90% of our water is used for irrigation. So our drought contingency plan is aimed at outside irrigation control.

Under Stage 2 of this plan it states:

1. No watering on Mondays because the tanks need a day to fill up and the wells need time to recharge after the weekend.
2. Homes ending in odd number addresses may water on Wednesday, Friday, and Saturday, and homes ending in even number addresses may water on Tuesday, Thursday, or Saturday, and homes ending in odd number addresses may water on Wednesday, Friday, or Sunday.

Seems Drought on page 6
Fiscal year ‘05-’06 has come to an end and we have entered the new budget year. As many of you heard at the last open meeting, we ended the fiscal year in great shape as our overall fiscal condition remains solid.

I would like to thank everyone that helped make the July 4th celebration such a success. This includes each club and organization that hosted a booth, the entertainers, ticket sellers, money counters, etc. All of these are volunteer efforts and are what make the event so great for everyone. There was a focus this year on providing more kids’ games and the clubs did not disappoint. The sky diving team (First Flight Tandems, Inc.) was a new feature this year, and the divers were met near the putting green by a cheering and patriotic crowd.

I would like to thank the following people/groups for their donations to fund the sky diving show: The Kiowa Woman’s Club, J. B. Cole Insurance, Kiowa Angler’s Club, Bob Bingham, and Frank Winnert.

The 4th of July Celebration is an event that requires a great deal of hard work and extra effort from our employees as well, and they have done an outstanding job meeting the challenge once again. They work on a holiday so we can host a great event for the membership. Please do not hesitate to tell them how much you appreciate them. I would also like to thank the Lake Kiowa Volunteer Fire Department and Chief Joe Rider for a wonderful fireworks display!

In other news, on July 10 the Texas Department of Transportation held the first of a series of public hearings regarding the Trans-Texas Corridor. This was the required public hearing to receive public input on the project. Information was distributed stating that the current proposed alignment is a result of the Phase I Environmental Impact Statement, which must receive approval from the Federal Highway Authority. This may take a year or more. Federal approval of Phase I simply authorizes TxDOT to move forward with Phase II of the Environmental Impact Statement. Approval of Phase I does not authorize any construction or right of way acquisition. It does allow for purchase options for landowners to prevent development on certain lands before construction. You can continue to send your comments to TxDOT through their Web site found at www.keetxsmoving.org.

By the time you read this, our contractor may have started work on our 2006 road projects. We have several areas of road we are addressing, with a completion date of Sept. 15. The following roads will be addressed with a reconstruction and 3” asphalt overlay: Navajo Trail (Huron to Kiowa Drive); Comanche Trail (Houston Drive intersection across Crockett Drive); Colt Drive (Santa Fe to Shoalstone Drive); Kiowa Drive (Shawnee Drive to approx. Lot 112). The following roads will be addressed with a 2” asphalt overlay: Kiowa Drive (Fire Department to Sanchez Drive); Kiowa Drive (Approx. Lot 1069 to low water crossing #2); Kiowa Drive (low water crossing #3 to Santer Drive); Sanchez Drive (approx. Lot 890 to Navajo Trail). We will notify the residents in these areas prior to beginning construction. I would like to thank you in advance for your patience as we move through these road projects.

Have a great month!

Scott Campbell
Community Manager
4th of July Opening Ceremony in the Lodge

My first Fourth of July at Lake Kiowa - what a great community! The bulletin said the ceremonies started at 9 a.m., but if you wait until 8:55 to get there, good luck peering in from the hallway. Both choirs were wonderful. Singing the song of every branch of the service is a great tribute to the men and women who served and to those who stood behind them. I have had the not-very-often privilege of hearing a choir sing Happy Birthday. I hope one of the choirs will sing Happy Birthday to America next year.

My neighbor, Shirley Wooldridge, who suffers fools rather well, invited me over to watch the parade. Thank goodness she provided some Bloody Marys and Tequila Sunrises to knock the chill off that 85-degree morning air. We experienced an all American parade of children riding in golf carts waving and calling out with heartfelt voices, “Happy Fourth!”

I must have mentally passed out 10 First Prizes, however I would have loved to give everyone a blue ribbon. Of course, not all were as pretty as some, but each one had 200 percent of effort. Furthermore, I double-dog-dare anyone to tell one kid that his or her cart was not as dressed up as another one.

The grandparents seemed quietly proud of their grandkids driving their golf carts, while the kids were determinably intent on being focused on the road. While driving around Kiowa the night before the parade, it appeared as though decorating golf carts in driveways is great generational bonding and good quality family time. Knowing that celebrations are tolerated excuses to eat food we normally wouldn’t eat, I sat at tables

Continued on page 4
with strangers who soon became friends. A couple of gals who were splitting a turkey leg were my dining companions. They couldn’t render it with the plastic knife so I loaned them my pocketknife. Not every day a guy gets to loan his pocketknife to a lady, especially to eat with. I had a nice visit with them, and they asked me to their dock to watch the fireworks. Watching the warp and the woof of the fabric of the people pass by, I thought, this is like a county fair but with a full set of teeth.

When the rain fell, I felt bad that the afternoon activities, from the Lodge to the water and the golf course to the backyards, got brought inside. However, I knew the kids would have a safer time and a blast with their fireworks.

The fireworks were the icing on the cake. We couldn’t eat the icing alone — it just makes the cake taste better. When a friendly person asks how I’m doing, I say, I’ve got about an hour’s worth of good news and two minutes of bad. Most folks don’t have the time for one and the inclination for the other. Let me just say, I had a great time this Fourth of July. Next year I hope to make someone else’s first one here as good as mine was.

Joe Carnell

**Lake Kiowans Have Done It Again!!!**

On Saturday, July 1st we were in Snyder, Oklahoma to attend a High School Alumni Reunion. I am Secretary/Treasurer of the alumni association and as we were about to start getting set up in the school cafeteria, Carl was severely injured on his right hand while trying to open a heavy steel door and began bleeding all over the sidewalk. Within minutes (as I was searching for phone numbers to call the President of the association, etc.) I heard a couple voices behind me saying “What can we help you with, girl?” Immediately, I turned around and there was Don and Phyllis Willis, our neighbors, from Lake Kiowa. They did not know that Carl had just been injured - my first thought was we had to get Carl to the emergency room. You never know when a Lake Kiowan will be there to assist you. Thank you very much, Don and Phyllis. Mary Frances Garrison

---

**Golf Heroes**

On July 1st, I was driving along when I saw an old friend, Dorothy Basket, in her yard waving to me so I stopped to talk to her. This was between Hole 10 and going to Hole 11. We had hardly said a word when my car was surrounded by golfers and golf carts. They said, “You have a flat tire, give me your keys and I will get in the trunk.” Then two other men appeared, they were Dorothy’s sons, Bill and Bob. I was out of the car (it was a very hot day and was about 10 a.m.). The jack, which had never been out of the trunk before, was being used; tire off, other tire on and Bill was using some kind of gadget to put air in the tire and the men were gone. One had a driver in his hand and I told them they would be holding up the entire course, but they said it did not matter, their wives were behind them and they wouldn’t mind.

Change a tire while you are playing golf? This would only happen at Lake Kiowa! Thank you, gentlemen. I loved it all and thank you to the wives for having such thoughtful husbands.

Betty Gaertner

**Farewell Nona...**

It is sad to say goodbye to long-time resident Nona Tipps. She is moving to North Carolina into another golfing community which is nearer her family.

Nona contributed many years to the **CommuniQue** through the 90s - building an advertising base that subsidizes this valuable communication for Lake Kiowa. Many newcomers are here as a result of her real estate sales in the last few years.

She plans to visit Lake Kiowa frequently and would also appreciate visits and correspondence in her new home: 585 Broadmoor Court, Sanford, NC 27332; Phone - 910-736-0691; email - NTipps0691@charter.net.

**Outdoors R Us**

Division of Hedges Nursery (under new ownership)

903-267-9802

TXLIC #4671
3. No watering between 10 a.m. and 8 p.m. because of high evaporation.
4. Watering with a hand-held hose is permitted at any time to save shrubs, flowers, and trees.
5. Variances to water differently than the above may be requested to water newly-seeded grass or sodded landscapes by contacting the Water Corporation Office.

Watering every day is not good for your lawn. This will cause the roots of the grass to come toward the surface of the soil to get the water that it requires. If the roots come toward the surface, the sun and heat have a greater effect on the grass plant. It is a fact that watering deeply one or two times a week will cause the roots of your grass to go deeper and you will have a healthier lawn.

We currently have an adequate supply of water if everyone complies with this plan, and no one’s lawn would suffer. However, there are a few people who do not see the importance of following these rules. To enforce the Drought Contingency Plan, the Water Corporation first sends a letter of warning and if compliance is not met, they will issue a fine of $100.

The third time an infraction occurs a water restrictor will be put on the water line to prevent outside watering at the owner’s expense. If your irrigation system is operating and a sprinkler system running? If your aerobic sprinklers are running during any of the periods when you are not to water and a Water Corporation employee drives by, there are two easy checks. Most aerobic heads are purple and your water meter that is located near the road will be turning rapidly if your irrigation system is operating. So it is easy to recognize. Another misconception is that the lake is going down because the golf course is using the lake water to water the course. The golf course does take its water from the lake and pays the Water Corporation to put it all back plus 7% more. Most of the water is put back in the late fall and early spring when the demand is not as great. It is not the major user of water in our community.

Lake Kiowans have always come through when they understood the problem. Let’s pull together on this one and not necessitate the tighter restrictions of Stage 3.

Kiowa Homeowners Water Corp.

How does this sound? Park at the front door. No standing in line. Old fashioned friendly, personalized service. Order what you want, how you want it. Guaranteed fresh, quality product. One-stop shopping. Think you’re dreaming? Not any more!

COOKE COUNTY MEAT MARKET is Gainesville’s newest neighbor open for business at 815-B North Grand Avenue. We are proud to welcome you to our fully renovated facility and offer you a full service market. We offer a full line of beef, pork, chicken, turkey (in season) and, of course, sausages. Let us custom cut your selection, or you may choose from the display of fresh cuts in the counter. Grilling tonight? Check out our rubs and sauces! Complement your menu with a salad and extras from our fresh produce bins.

COOKE COUNTY MEAT MARKET is locally owned and operated and, while our business is new, our experience is not. Hi, my name is Brad Phillips. I have over 22 years experience in the meat market business. You can count on me and a fully qualified staff to provide you with the friendly, personalized service you deserve. We are glad to be your neighbors. Come by and see us.

Chapel services are regularly scheduled at 8 a.m. every Sunday in the Lodge assembly room. Rev. John Hare and Rev. J. L. Williams are the pastors delivering their messages on alternate Sunday mornings. However, in August, they have adjusted their schedule as follows:

The Choir is taking a summer break and will resume practice on Monday, Sept. 11 and singing for the Chapel on Sunday morning at 8 a.m.

The Lake Kiowa Chapel meets regularly every Sunday morning from 8 to 8:30 a.m. in the Lodge. All residents and guests are welcome. This is an interdenominational service that may precede your regular church service or round of golf. Casual dress is always welcome.

Please come and share this time with your friends and neighbors on Sunday morning at 8 a.m.

That New PC

You just got a new computer and, regardless of whether it is a desktop or laptop machine, there are some things you should do to avoid problems in the future.

First, save the shipping boxes for about 30 days. As with most electronics, if something is not right, the problem will probably appear early on. So, save the boxes in case the equipment needs servicing or has to be returned.

Second, take all the documentation that came with your new PC and put it somewhere where you can find it. That includes all disks, invoices, documentation, and so forth. If something happens in the future, you will need to have all that at your fingertips.

Third, if your system is informing you to make recovery disks or some other type of CDs, just do it. If the day comes that you will need those disks, it will be too late to make them. So, do it now.

Write down all the user IDs and passwords you use in setting up your computer. Keep this list handy with your other documentation.

OK, now let’s hook the new computer to the Internet. In most cases, this entails simply plugging in the Ethernet cable to the machine. If you have a wireless setup with security, you will need the access codes. If you’re having a problem, find someone who has experience to help you.

If you’re upgrading from another machine, you will probably like to have your name and address book, e-mails, favorites and all your documents moved to the new machine. You can do this yourself, or hire a pro to do it for you at a nominal fee.

Gotchas abound on a new PC. Most of these come in the form of 30- or 60-day trials of software. You will find security packages (Norton or MacAfee) or productivity packages (MS Office). Before you start to use one, read carefully the documentation. At some point in time, you will need to pay a substantial fee to continue to use these products.

Got a computer question? Attend a Lake Kiowa Computer Club meeting on the fourth Thursday in August and get an answer.

Barry Lotman
Kiowans To Hold Membership Meeting

There will be a membership meeting, Friday, Aug. 4, beginning at 7 p.m., in the Southwest Room in the Lake Kiowa Lodge. The purpose of the meeting will be to elect new officers and to receive a financial report from the Treasurer. Your officers, Virgil Musick, President; Jan Thies, Vice President; and Jerry Parr, Secretary/Treasurer have served the last two years. A nominating committee consisting of Peggy Padgham, Chairman, Joan Carroll and Bob Wickersham will present their recommendations for new officers. All Kiowan members are urged to attend and vote for new leadership.

Art Camp - July 18 & 20

These youngsters enjoyed creative activities during summer Art Camp.

Hi, my name is Sarg! I’m a ten-month old Belgian Malenois. I need a home in the country where I’ll have lots of room to run.

You can find me at Noah’s Ark Animal Rescue, 2501 N. Weaver St., Gainesville, TX, or call 940-665-9800 for more information.

Texas Parents’ Day – August 13

Texas Parents Day was created by the Texas legislature in 1999 to celebrate the Texas family and emphasize the importance of parents taking an active role in the raising and future of their children.

On Aug. 13, take your kids or grandkids to a park and have a picnic, fly a kite, or throw a frisbee.

Have a family movie night with pizza or popcorn; visit a bookstore or library; have a game night and play board games or cards.

ARBORIST

now available to Lake Kiowa residents.

Due to popular demand, I now offer my tree expertise to your area.

If you need a limb cut, call anybody.

If you have tree health issues, call me.

I specialize in disease diagnosis and tree health recovery.

When you need me, please call my metro number...

214-724-8733

Thank You,
James Davis
Dear Friends of the Lodge,

Special thanks for purchasing the new flat screen televisions in the 19th Hole. Also, thank you Jeff Wagner and Joe Brockette for your help with the project. These new TVs are a great addition to our Lodge and we appreciate all of you for taking on this job.

Sincerely,

The Lodge and Tavern Committee

Was Lake Kiowa’s July 4th Celebration great or what! From the opening ceremony to the ending fireworks, there was something for everyone…a huge parade, sky divers, arts and crafts, cakewalks, bingo, all types of games including many new activities for the kids, activity booths, food courts, excellent live entertainment on the pavilion stage all day, and to top it all off, WE GOT SOME MUCH NEEDED RAIN. What more could you ask for? We would like to say a great big “thank you” to everyone involved in making the 4th of July Celebration a success and to Jeff Wagner at the Exxon station for giving us a deal on cold drinks when our supply was low.

As you probably know, the big screen TV in the 19th Hole died and went to that “TV Heaven in the sky” a month or so ago. Thanks to the donation from Friends of the Lodge, the Lodge and Tavern Committee was able to purchase two 40” flat screen TV’s which have been installed in the 19th Hole. To everyone who had a hand in purchase and installation, once again we thank you. These TV’s will benefit the entire membership and are much appreciated.

Julie LaSalle, Lake Kiowa Chef, has recently worked up a new expanded lunch and dinner menu which will be in place in the near future. The new menu also includes heart healthy, diabetic and some weight watchers items as well as many other tasty dishes. For the month of August, dinner specials will be Oriental fare on Wednesdays, Cajun on Thursdays and Seafood on Fridays and of course our regular steak night on Saturdays.

The Lodge will sponsor a dance on Aug. 18 with D. J. and singer, David Moore. David has performed here several times in the past year for various club functions and does a super job. He plays and performs a large variety of music so there is something for everyone. We have also booked him for our 2006 New Year’s Eve Party. If you like to dance (or just like good music), we hope you come on out and join the fun. Look for additional details on the next page.

Texas Hold’em Poker Tournament continues to go strong. Looks like Marvin Crew started a trend last month by donating his winnings back to Hold’em. Smokey Mountcastle donated $50 of his winnings back to Hold’em so we had three payouts this month. Our latest winners were: First Place – Ronnie Young, Second Place – Nora Parsons and Third Place – Keith Cole. Congratulations to you all!!

As always, a special thank you to all of our members for supporting the Lodge, our staff and maintenance personnel for a job well done! We look forward to seeing all of you soon.

Pat Greenlee

From the President …

The Fourth of July KWC Cakewalk was a huge success. We had a wonderful turnout. The fact that the room was the coolest place to be didn’t hurt either. This project brought in $1,269. Thanks to all the ladies who cooked the 80 cakes. Kathie Milburn did a great job in organizing the event this year. We appreciate all the volunteers who helped set up and work the cakewalk. This is a wonderful moneymaker for us in a short two hours.

We also sold the 100 Kiowa Cookbooks that were allocated to be sold with proceeds going to the “Rally for a Cure.” Catharine Moss will cover this more in her Rally article.

The department chairs for this year are as follows: Arts & Crafts – Becky Stoppel and Cathy Farquhar; Bible Study – Mecilla Keene and Peggy Robins; Book Review – Miriam Beebe and Clara Lemming; Bridge – Jan Thompson and Peggy Carpenter; Garden & Nature – Becky Branham and Ann Butler; Gourmet – Genny Koziol and Catharine Moss. Each of these departments will have an article in the CommuniQue regarding their meetings throughout the year. You can also find this information online at the POA Web site. Our special thanks to all these women who devote so much of their time to providing great programs and events for us throughout the year.

Jan Thompson, Second Vice-President and Program Chairman, has been working very hard to arrange wonderful programs for this coming year. Our Sept. 14 meeting starts off with Nancy Worcester’s program entitled, “Extreme Makeover, Animal Edition.” Please make sure you mark your calendar to attend and help us start the new year.

Remember luncheon reservations can be made in three ways: (1) Permanent Reservations can be made with Joyce Manners, Luncheon Committee Chairwoman; (2) Telephone Reservations can be made with your Telephone Reservations Committee representative; (3) Online Reservations can be made on the Kiowa Woman’s Club Web site. Linda Moore, Webmaster, will have information on how to access the Web site and make luncheon reservations in the CommuniQue and in the Yearbook. Mary Wood, First Vice-President and Membership Chairman, has reported 400 members for this year. Fifty-seven of these are new members. The yearbook is being proofed and will go to press at the end of the month. For those of you that missed getting your name in the yearbook, we will have all new members listed on the KWC Web site. This year our theme “All Roads Lead to Lake Kiowa” celebrates the diversity that arises from having our members come from all over North America. We will be honoring a different region of the United States at each of our general meetings except for April when we have the Style Show. In June, we will honor our members from other countries. If you did not indicate on your membership form which state you consider to be home, please call Julia Mayo at 668-0710 or e-mail her at jmayo@gtin.net. This does not have to be where you were born or even where you grew up. It can be any place where you lived that you would consider to be “home.”

The menu at our meetings will reflect these regions as well. Genny Koziol and Catharine Moss, our Gourmet leaders, will be working with Julie Spangler on the selection of menus from the Kiowa Woman’s Club Cookbook. We will have the menu selection posted on our Web site. This will give us an opportunity to sample some of the fabulous recipes in the Cookbook. These are the months and the order in which the regions will be honored:

I would like to close with a quote from Thomas Jefferson. “…friendship is precious, not only in the shade, but in the sunshine of life; and thanks to a benevolent arrangement of things, the greater part of life is sunshine.”

Julia G. Mayo

**BIBLE STUDY MEMBERS SUPPORT LOCAL SOLDIERS IN IRAQ**

Christopher Moenster and Brandon Neal are soldiers in Iraq with a connection to Lake Kiowa. The Bible study group began to pray for their safety when they were deployed. This has become a special project for us. These young men are dear to the hearts of their families here at Kiowa and to each of us. We continue to pray for their safety. We have corresponded with Brandon and Chris by letter and e-mail. Chris has shared some pictures by e-mail. We have joined their families in mailing packages of goodies. They all like that good beef jerky from the Peanut Shoppe in Durant, OK.

**Brandon Neal** is the son of Judy and Don Neal of Lake Kiowa. **Christopher Moenster** is a grandson of Billie Perkins, long time resident of Lake Kiowa. Dorothy Baskett is his great aunt.

Chris has shared some of the military humor that helps to keep them going. Here is a good example: 2-10-2 = A two-ten-two is a girl or guy who is a 2 at home, a 10 in the desert, and a 2 when they get back home; LONELINESS changes your vision. I swear!! Don’t you love them!!

We would like to share a summary of an e-mail Chris recently sent to his family and friends.

**Howdy All,**

Well I have been back here from my leave for about 15 days now, so I thought it was a good time for an update.

First my leave was great. I got to see everyone in the family and have some fun with my friends. It was worth the 20 plus hours of flying it took to get home. Iraq is FAR, FAR, AWAY.

As soon as I got back to Balad I jumped right back in the game. It has been very busy here. Many people are going on leave and units are rotating in and out. We are flying at full capacity everyday. I got to see Toby Keith in concert. He really rocked the house when he sang AMERICAN SOLDIER. What a great song and a great performance. Toby was really friendly with the crowd and spent time visiting with us before the concert. We flew him all over the country for performances. The governor of Missouri came to visit. We got to have lunch with him after he visited our HQ. He is a Lt. Cdr. in the naval reserve (a photo of he and I is attached). No, he is not tiny, I am just HUGE! HA HA.

I got to take a trip to Baghdad to participate in an aviation conference. It was a quick 25 minute Black hawk Helicopter ride down there. The place is pretty wild; I can’t begin to describe the amount of marble and gold involved in building this joint.

Not much else to tell, everyone always want to know what I need over here, and the answer remains, not much; I get fed plenty and am doing well. If you want to send something, the Iraqi children in the villages around my base need basic school supplies, pencils, paper, pens, chalk, etc. Wounded soldiers at the hospital here need clothing. When they are brought in from a battle their clothing has to be cut off and burned because of the blood. They are given gowns to wear but prefer some real clothing. The basics are great, sweat pants, athletic shorts, and t-shirts are all in high demand. If you send any of these items to me, I will make sure they are distributed.

**DID YOU KNOW?**

With summer upon us full force, now is the time to tackle those home improvement projects that you have been putting off until later. If you are like most people, your home is one of your biggest investments and you want to protect it and your family to the fullest. Summer is the optimal season to replace your roof. The Texas heat will allow your roof to cure and stick properly before the rainy season next fall and protect your home from the sometimes harsh North Texas Winter.

So, if you suffered damage to your roof this past spring and have been putting off getting it fixed, call Roof Roof now & we will be glad to help. We have FREE estimates, guarantee all of our work! You will be quite pleased with our prices. We have even enclosed a money saving coupon to get you started! But hurry, this offer won’t last forever.

---

**ROOF ROOF**

**THE PRICE IS RIGHT, No Hidden Charges!**

One Price Includes: Tear off one layer of composition shingles, install 15lb. roofing felt, install new composition shingles, clean up & haul off all debris, 7 year warranty on workmanship & labor. All labor & taxes.

*20 yr. - 3 Tab - $107 per sq.*

*30 yr. Architectural - $120 per sq.*

*If your roof is 22 sq. and you choose 20 yr. 3 tab shingles:*

SISTER/BROTHER DUO RATE HIGH IN GOLF RANKINGS

Lake Kiowa has some top notch young golfers in residence here full time. There are also two young adults, a sister and brother, who are weekenders here. They are Taylore and Austyn Karle, daughter and son of Richard and Toni Karle. They have been residing in Scottsdale, AZ for the past two years and when time is available between competitions, they are at Kiowa.

Taylor is 16 and recently made the cut to play in the Women’s Open in Rhode Island. Although she did not make the final cut, her drives average 275 yards and she is ranked #3 in Golfweek’s Junior Rankings.

Austyn is 17 and his deft putter keeps him in contention in tournaments across the country. He recently participated in the AJGA Tour Justin Leonard/Deloitte Junior Team Championship. This was the same weekend Taylore was in the LPGA Open, so Dad was with Taylore and Mom was at Kiowa while Austyn played in Dallas.

When they take their lessons they each have 30 minutes, but listen intently for the full hour. “Austyn is my best friend and I’m pretty sure I’m his best friend, because we spend every moment of every day together” said Taylore. “We’re so close it’s unbelievable.”

They attend school together. Both carry a 4.0 grade point average. It’s no wonder both say they would like to attend the same college together. The short list included Stanford, ASU, Arizona and Pepperdine. Austyn isn’t ruling out the Ivy League, but says there’s no way Taylore would put up with the weather. Austyn hopes to pursue international policies in college and wouldn’t be too surprised if Taylore concentrates on chemistry or pre-med.

There are, of course, a few differences between the two. He likes techno, she likes country. Taylore makes birdies by the boatload and tends to get a little dramatic when things are going well. Austyn, however, tends to tone things down when the putts start falling. She likes chick flicks; he leans toward Academy Award winners. But they share the popcorn. When they want to see a movie, they go together.

Both have their own philosophy on the course. Austyn says, “If you don’t have an edge and a plan, you’re just going to get killed on the golf course. You need to stick to your plan and commit to it.” Taylore believes as most teenagers that attitude is everything. Mottos such as “only through struggles come success” and “my time will come” dot her bathroom mirror. Her mental approach is “attitude is everything.”

We’re sure to hear more about these two special teenagers, so watch for the Karles in upcoming golf tournaments.

We had another big turnout for our Junior/Family Golf Tournament on Sunday, June 11. Over 70 golfers participated and approximately 95 came to the dinner and awards ceremony afterwards. The tournament was a 4-5-person scramble with a putting contest for the junior golfers. This tournament is a great opportunity for our members to play with the junior golfers in their families. It was wonderful not only to see the parents with their kids, but also the number of grandparents with grandchildren. That is all the reward one needs to make it worth the work that goes into hosting these tournaments. Thank you, parents and grandparents, who took the time out to spend with your kids thus making the tournament a success!

We would also like to thank our sponsors who donated cash/prizes for the kids: J. B. Cole Insurance, The Book Cottage, A-Tex Insurance-Cade Bower, Back Porch Café, Henderson Chiropractic, Lake & Country Realtors, Lake Kiowa Realty, Kiowa Pharmacy, Lake Kiowa Store and Exxon Station and Wal-Mart.

We were able to give medals and prizes for our winners as well as have a door prize for each junior golfer thanks to the generosity of the above-mentioned sponsors. Thank you again for allowing us to relax and have a fun filled tournament without the stress of finances.

A special thank you to Jesse Trevino for his time and participation and giving the kids acknowledgement from a PGA Pro. Also a big thank you to John Nash for donating his time to run the putting contest for the juniors on such a HOT day!

Here are the final results of the tournament:

Junior Prizes: Hole #8 Closest to the Hole – Karie Dorman; Hole #2 Longest Putt – James Bryant; Hole #6 Closest to the Line – Josh Monkree; Hole #5 Closest to the Hole – Chris Trevino.

PUTTING CONTEST
6-8 years old: 1st place - Will Koberick, 2nd place - Josh McAllister, 3rd place – Scout Tatsum; 9-11 years old: 1st place - David Bryant, 2nd place – Austin Weger, 3rd place – Bryce Berryman; 12-14 years old: 1st place – James Bryant, 2nd place – Bobby Dorman, 3rd place – Ryan Potter; 15 years and over: 1st place – Dylan Stone, 2nd place – Zack Fox, 3rd place – Chris Trevino.

Beverly Berryman
TO THINK PINK!

The Rally for a Cure® Committee would sincerely like to thank everyone who has been in support of this effort. We are grateful to the Lake Kiowa Woman’s Club who sold their last 100 cookbooks at the Fourth of July Celebration and donated the $1,500 to the Rally.

To those WGA Members who were not signed up for the Rally before the entry closed at 120 players, please contact Fran Adams (668-1069) and your name will be put on the waiting list.

Oct. 4 is the day and now is the time for everyone at Kiowa to THINK PINK! Buy decorations early or the stores will be out. Please decorate your home, wear PINK! The Bunco groups at Lake Kiowa are having a Bunco Challenge to see which group can raise the most money at their September meetings to donate to the Rally. Has your group joined this effort? Please call Barbara Cole (612-2355) to join this Challenge.

Most of all remember it’s time for Kiowa to THINK PINK!

Catharine Moss

The Rally was a beautiful morning for their annual President’s Cup Tournament on June 27 and 28. The overall winner of the 18-hole flight was Peggy Coolidge with a net two-day score of 138. The winner of the 9-hole flight was Paulette Andrews with a net of 68. Both winners’ names will be engraved on the trophies that are on display in the 19th Hole.

After a delicious lunch at the Lodge, the awards and door prizes were presented.

Special award winners were given to Sherley Riley for closest to the pin on 13, Carole Clausing for the longest putt of over 35 feet on hole 18, Tolaanda Arronte for closest to the line on hole 6 and Catharine Moss for the longest putt on hole 2. Door prizes were given out. Special thanks to Izod, Doris Javers, Brown McCrory, Catharine Moss, Molly Worthen and the WGA for donating the prizes.

WGA NEWS

President June Cloud introduced David Long, golf course superintendent, to address some concerns of the membership and to talk about things happening with the golf course. They are in the process of smoothing and top dressing some of the women’s tee boxes in which it is difficult to get a tee. He has bids from contractors to level and redo all the tee boxes. This will require POA approval. Many of the problems on the course are caused by lack of rain. With the level of water so low, the more well water pumped into it to replace water used on the course increases the concentration of the minerals and reduces the benefit of the water to the fairways and greens. He also discussed the problem of the tee markers being moved by individuals. He asked that the tee markers be left where they are placed. The flag placement and the tee marker placement are intended to give an accurate distance from marker to marker. If the markers are at the front of the tee box, the flag will be at the back of the green, etc.

Fran Adams asked for all players with handicaps of 20 or less and players with handicaps of 25-35 to play out the full hole and record their accurate score during the next few weeks. The course is currently being rated and handicapped and needs these accurate scores.

Margie Nash announced one new member, Janelle Drieling.

Linda Streup had vents available to try for correct sizing. The vests will be worn by all participating in the Rally for the Cure. They need these accurate scores.

The course is currently being rated and handicapped for other projects. The canopy would be an asset to enhance our “signature hole.” Audrene Robison and LaVonne Duryea, Sue Springer; First Gross: 71 - Ruth Robinson, Connie Glover, Carol Gilmore, Joyce Manners; First Net: 61 - Mary Piiler, Carole Clausing, LaVonne Jucha, and Peggy Coolidge met with Dave Spangler concerning the project and found it is currently being considered by the Facilities Committee of the POA. The estimated cost will be in excess of $20,000. The current board feels it is not in the best interest of the membership to commit future funds for several years to this project, when the money might be better used for other projects. The canopy would be a capitol improvement project and should be underwritten by the POA.

After discussion it was voted to return the set aside funds to the budget. Other projects were discussed including redoing the flowerbed on #9 to make it easier to maintain, as well as making it an asset to enhance our “signature hole.” Audrene Robison and LaVonne Jucha volunteered to gather information needed to redo the flowerbed. June will appoint other interested members to help.

June asked for volunteers to help with the Tri-County Junior Golf Tournament to be held here on July 31.

LaVonne congratulated Marcelle Metcal for breaking 90, and Nancy Gingerich for breaking 100. She then announced the Scramble winners as follows:

First Gross: 71 - Ruth Robinson, Connie Glover, Carol Gilmore, Joyce Manners;
First Net: 61 - Mary Piiler, Carole Clausing, LaVona Duryea, Sue Springer;
Second Gross: 72 - Linda Streup, Margie Nash, Mary Steinbauer, Audrene Robison;
Second Net: 63.2 - Mary Ragan, Judy Hughes, Maxine Patillo, Paulette Andrews.

November 2006 - CommuniQue 23
Superintendent’s Report …

We met with our engineer on Thursday (July 13) to look at what possibilities we have to provide water to the golf course. We will be looking at several possibilities to include short range and long-term solutions. The golf course, under the drought conditions we are experiencing, is holding its own.

Over the Fourth of July, we had a tremendous amount of play on the course. We would like to remind you to repair your ball marks and at least one other. It seems that there are some players that do not repair their marks.

The test plot for the Princess 77 has been prepared and seeded. We have two test plots that are side by side with two different approaches to planting the seed. We killed both areas out, tilled one area and verticut the other. The test area is between the men’s tee box and the women’s tee box on #6. If the water is up and running in the plots that are side by side with two different approaches to planting the seed.

David Long

DID YOU KNOW …

Golf Courses are rated every 10 years. On June 5 the Texas Golf Association rated the tees for men. They rated all four sets of tees.

The Rate and the Slope both were a little higher than when the course was rated in 1996. The Rate went up approximately 1.5 and the Slope went up approximately 4. The new Rates & Slopes for each set of Tee’s is posted on the Handicap Bulletin Board in the Pro Shop and will be printed on the next set of scorecards printed.

The Rate & Slope changed because the USGA has revised the Rating Manuals and there is more credit given to obstacles such as Out of Bounds and Water. The in-ground irrigation throughout the entire course also has a bearing on the Rate & Slope. Another factor is the course yardage changed a little when the holes were measured after David Long became our Superintendent.

On June 23 when the Handicaps were revised, the new Rates and Slopes were used which reduced all the men’s Handicap Indexes by approximately one stroke. The system reduced the Handicaps because it knows the course you are playing is actually a little harder and your scores on the course didn’t change so your Handicap was reduced.

The Texas Women’s Golf Association will rate the Tees for Women later this year.

FIRE DEPT’S GOLF TOURNAMENT

Mark your calendar for the LKVFD’s 16th Annual Fore Alarm Golf Tournament Saturday, September 16th

To be a Hole Sponsor or make a donation to our tournament call: Melodee Moody Young, 665-7977

Two-Person Scramble

We had a great day for our Golf Play Day July 8. The play was A+D, B+C on Holes 1-9 and A+C, B+D on Holes 10-18. The first four team winners’ pictures are shown with identifications.

REMINDEERS:
1. August 5-6 is Lake Kiowa Golf Club Open. Sign up in the Pro Shop!
2. The next MGA play day is 7:30 a.m. on Aug. 12.
3. In August and September the MGA play day is 7:30 a.m. on Aug. 12.
4. Continue to fill those divots.
5. Use 90-degree rule as you drive your cart.
6. Fix ball marks on the green.

Stay cool. Drink plenty of liquids in this HOT weather!

See you next month.

Pro’s Rule of the Month:

A player taking relief under a Rule drops his ball and it rolls more than two club-lengths. He re-drops under Rule 20-2c, with the same result. He must now place the ball as near as possible to the spot where it first struck the ground when re-dropped-Rule 20-2c. Before he places the ball, may he remove loose impediments on or around the spot on which the ball is to be placed?

A: Yes.

MGA PLAY DAY - JULY 8

1st place: Harold McFarling, Charlie Robinson, David Falkenhagen, Roy Moses

2nd place: Jim McGee, Billy Woods, Cotton Nix, Phillip Walker.
MGA BOARD MEETING - JULY 5, 2006

The LKMG held its monthly board meeting on July 5, 2006 and its play day on July 8. President Wayne Shearer presided at the meetings. The January minutes and treasurer’s report were approved.

R. J. Stroup, Membership Chairman, reported that we have 487 members signed. Our goal for this year is to reach 500 members. With this in mind, a letter to all members of the MGA last year and haven’t signed up this year will receive a letter asking for their support. We are asking each property owner if they haven’t signed up to consider supporting the MGA and joining our group.

The Hole in One club has 285 members. There are two Holes in One tournaments.

Larry Glover, Public Relations Chairman, advised that there will be monthly updates on golf course improvements in the CommuniQué to keep members abreast of completed projects.

Brown, McCrory reported that the new tee time/real-time program is working GREAT.

David Long reported that the work is continuing on the practice range. We should see grass on the course and sod on the targets, parking improvements and the tee box complete this month.

Princess 77 grass is still an experimental work project. A test plot is working between the white and red tees on Hole Number 6. Stay tuned.

Wayne Shearer

3rd place: Mike Hess, Alan Pace, Bobby Andrews, Hank Marek.

4th place: Bob Dorsch, Bill Frazier, Dave Williams, Justin Dokter.

John Schneider advised that the July 5 Saturday play day was a success with 100 players. Our play day on Saturday, Aug. 12 will be 6/4-3- scramble. The next tournament will be a Member/Member starting on July 22-23; be sure and sign up because John is planning to add a British twist to the tournament.

John thanked all who played, worked, and supported the very successful Kapers tournament.

Larry Glover, Public Relations Chairman, advised that there will be monthly updates on golf course improvements in the CommuniQué to keep members abreast of completed projects.

Wayne Shearer

Sam Moore has been playing in the Texas Fire Fighters Olympics for 16 years and has had some good tournaments, but not like the one that was just completed in Austin, Texas on July 11-13. The Texas Fire Fighters puts on the Olympics each year and Golf is one of many events put on around the state.

Sam entered with his team from Farmers Branch where Sam has served as a Fire Fighter. There were over 150 players and 30 teams which made up the field. They played on three different golf courses in the Austin area. While the team didn’t win, Sam Moore shot scores of 74, 72, and 77. Sam won the low medalist scoring title and received the GOLD medal for outstanding achievement. Congratulations Sam Moore, a Kiowa Champion.

Couples Golf Committee
9-Hole Couples Tournament Winners

We regret that the winners’ names for the June tournament were unavailable for last month’s article. They were as follows:
First Place – Paul and Donna Dillard and Doris Javors and Pete Robinson;
Second Place – Corky and Janellie Cooson and James and Audrene Robison;
Third Place – Bill and Johnnie White and Bill and Genny Kozol;
Fourth Place – Bill Hoagland and LaNelle Little and Dick and Carol Haywood.

Dinner and awards presentations were held in the backyard of Frank and Charolette Loncar.

Dale Griggs

LAKE AND PARKS CONDUCTS LAKE AND BOAT SAFETY COURSE

The Lake and Parks Committee conducted a lake and boat safety course on June 24 at the Lodge. With approximately fifty-five Lake Kiowa residents in attendance it was considered extremely successful. The course mainly concentrated on boating safety, but also touched on lake and beach safety. One of the main points of the meeting was to have all residents, under the age of eighteen, who wish to operate a watercraft on any lake, to go online and take the boater education training course offered by the Texas Parks and Wildlife Department. The online Web site is: tpwd.state.tx.us/learning/boater_education/

Jerry Slater

Lake Kiowa Fishing Limits

Here are the recommendations made by Bob Lusk, Fisheries Biologist and Lake Management Consultant, for the year 2005 Fishing Limits. These recommendations have been given careful consideration to keep a thriving ecological habitat for Lake Kiowa. The Angler and Conservation Club has fully endorsed the following fishing guidelines for Lake Kiowa:

Rainbow Trout:  5 Per Day, Per Person
Black Bass: Keep Black Bass between 10-13 inches; 5 Per Day, Per Person. Release all other Black Bass under 10 inches and over 14 inches.
Crappie: Keep over 10 inches; 10 Per Day, Per Person. Release all under 10 inches.
White Bass: Otherwise known as Sand Bass. No Limit. Remove all you can.
Perch: No Limit.
Channel Catfish: Keep fish over 14 inches; No Limit. Release all under 14 inches.
Drum: No Limit. Remove any caught from lake.
Carp: No Limit. Remove any caught from lake.

TROT AND JUG LINES ARE NOT PERMITTED

Dock owners are encouraged to provide cover for the fish under your docks. Make sure the trees are securely anchored not to interfere with boat traffic. Feed the fish! Dry dog food or pellets especially made for the fish are readily available at feed stores. For questions, feel free to contact George Davis or Mike Merolla for specifics.

RULES FOR LAKE BLACK BASS RECORD PROGRAM

1. Black Bass must be caught from Lake Kiowa
2. Black Bass must be caught on artificial bait
3. Black Bass must be weighed on official LKACC scales
4. Black Bass must be measured by hard measuring rule
5. Black Bass must be photographed
6. Black Bass must be witnessed by at least one of the established members listed with security
7. Black Bass must be witnessed, released alive in Lake Kiowa or transferred to the ShareLunker Program
8. Black Bass records shall be effective from October 1 through September 30
9. Each Black Bass record caught within each time frame will be given a $100 prize from the LKACC
10. One Black Bass replica shall be awarded for that year’s largest record Black Bass
11. Each replica shall hang on the wall in the Nineteenth Hole at the Lodge until a new record is established, at which time the defeated replica shall be returned to the owner
12. If the record is not broken each year the latest record shall remain in place until defeated
13. Each year that a new record is not established, the $100 prize shall roll over to the next year. (Example - no new record for 5 years, prize pot would be $500) The cumulative pot shall not exceed $1,000 at any time
14. If the record is broken at any time, the next prize awarded will return to $100
The popularity of holiday events at Lake Kiowa over the 4th of July weekend can be attested to by the great volume of guests passed through the Front Gate. Even so, traffic congestion at the entrance was kept to a minimum. The 4th itself was marked by a cooling shower in the afternoon and a corresponding drop in activity levels for a short time. The fireworks' show culminating the day’s events was well-attended and cheered by an appreciative crowd. From the number of golf cart violations noted by Security personnel during the 4th of July celebrations, it is apparent that there is a marked dearth of knowledge about the new golf cart regulations that went into effect at the end of 2005. Both full and part-time residents should familiarize themselves with the provisions of Rules 4.3.2e(3), (4) and (5).

Security patrol performed 15 traffic stops, 21 boating stops and six motorists assists. Six unlocked doors or gates were discovered, a possible prowler and completed run sheets for 36 citations (three for fireworks violations). Security personnel during the 4th of July celebrations, it is apparent that there is a marked dearth of knowledge about the new golf cart regulations that went into effect at the end of 2005.

The Security Department issued six citations (three for fireworks violations) and completed run sheets for 36 LKVID emergency responses. The CCSO lent assistance on an open door at a local business and investigated the golf course vandalism incident.

Security patrol performed 15 traffic stops, 21 boating stops and six motorists assists. Six unlocked doors or gates were discovered, a possible prowler was pursued, an auto accident was investigated and response was elicited to unauthorized entry, a suspicious person and reckless driving. The welfare of residents was checked on four occasions and reports were taken on four incidents of criminal mischief (including the vandalism of Green #10).

Animal Control Officers chased 10 stray dogs. Three that were caught were transported to Noah’s Ark Shelter in Gainesville. Eleven varmints, eight dogs barking incessantly, one cat and a cow were also dealt with with varying measures of success. Departmental logs document the occurrence of three park curfew violations, the use of golf carts by two underage operators and the receipt of six disturbing the peace complaints. Unlawful activities on a golf green, at the spillway and on the walking track were halted. There were two reported burglaries and two reported thefts.

The Security Department issued six citations (three for fireworks violations) and completed run sheets for 36 citations (three for fireworks violations). LAKE KIOWA PROPERTY OWNERS ASSOCIATION

BOARD MEETING MINUTES

MONDAY, JUNE 19, 2006

CALL TO ORDER

President Dave Spangler called the meeting to order at 6:00 p.m. in the Board Room of the Lodge. All members were present.

REVIEW OF MINUTES

Linda Fite moved to accept the minutes of June 5, 2006. Lee Skinner seconded and all were in favor.

FINANCIALS

Kathy Reed reviewed the financial report and discussed specific items within the report.

FISH SURVEY

Bob Bingham representing Lakes and Parks answered questions relating to the Fish Survey report sent to Board members. A representative from Pond King Inc. will attend a future board meeting and discuss the methods used in the survey.

LAKE ACCESS

Sylvia and Neal Clark, owners of Lot 1620, presented an appeal of their choice. Linda Fite seconded and all were in favor.

The minutes were approved on a motion by President Jess Maxwell. all were in favor. motion. The amendment passed unanimously. The Clarks will obtain permission from Pond King Inc. to construct a boat dock with lift. Their application was approved.

There were a few water breaks due to the movement of the ground. Ronny Long reported on the effort to see that problems are taken possible, and Security is making an effort to resurfacing. He, too, emphasized that the lake level went down 6” in just one week. The Comanche gate is ready for emergency use. The Comanche gate is ready for emergency use. The Comanche gate is ready for emergency use.

Peggy H. Padgham, Secretary

MINUTES OF THE
BOARD MEETING

KIOWA HOLOGENESS

WATER SUPPLY
CORPORATION

WEDNESDAY, JUNE 14, 2006

INVOCATION: President Jess Maxwell opened the meeting with a word of prayer.

CALL TO ORDER: The meeting was held at the Kiowa Homeowners Water Supply Corporation Office and was called to order at 9:00 a.m. by President Jess Maxwell.

ESTABLISHMENT OF QUORUM: All members were present.

APPROVAL OF THE MINUTES OF THE MAY 17, 2006 MEETING: The minutes were approved on a motion by Dean Dorsch and a second by Jan Thies. All were in favor.

MANGER’S REPORT: This month there were no new water taps installed. Robert had five hours of overtime and Gary had five hours. There were a few water breaks due to the movement of the ground. Ronny Long reported on the effort to keep the golf course in good condition during the drought. He emphasized that because the Water Corporation replaces all water used to irrigate the course, the lake level is in no way connected to golf course watering. Our water use agreement with the Texas Natural Resource and Conservation Commission mandates that 7% more water be pumped back into the lake than is withdrawn.

Don Hoover reported on upcoming resurfacing of roads. Large equipment will be moving in, and sometimes people might be a bit inconvenienced during the preparation and resurfacing. He, too, emphasized that the lake level went down 6” in just one week. The Comanche gate is ready for emergency use.

Pat Greenlee reported on the Lodge events and continued effort by the Staff to serve effectively. TABC training has been completed and Food Service standards will be reviewed with the staff.

Manager Campbell noted that the Emergency Sirens are installed and have been tested. His report in this issue of the Communiqué will address plans to test each month and the various signals given by the system.

2006 – 2007 BUDGET PRESENTATION: Manager Campbell and Treasurer Kathy Reed presented the Budget for the coming fiscal year, with Dave Spangler handling the Power Point visuals. They noted the operation and maintenance portion of the Regular Monthly Assessment will increase 2.79% or $3.85 per month to a total of $141.85. The ARRF amount for capital asset replacement will remain the same at $34.00 per month, making the Regular Monthly Assessment total $175.85. It was also noted the monthly garbage fee will be $11.16 per month, up from $10.50 per month. This increase is per contractual agreement with the garbage contractor and has been in effect for several months. The LKPOA absorbed these costs until the new budget goes into effect, at which time the increase is part of the homeowners’ monthly fee.

No questions were asked by those in attendance.

WAYS AND MEANS COMMITTEE

Chairman Lloyd Butts presented an overhead review of spending for the first 10 months of the year from the ARRF funds. He emphasized the committee’s review of all purchases made and explained that everything was done in accordance with Resolution #2005-1.

QUESTIONS AND COMMENTS: Paul Liscomb asked what is being done to control the loud music at the East Beach. Security Chief Davidson and Manager Campbell stated that all complaints are handled as quickly as possible, and Security is making an effort to see that problems are taken care of at that site.

ADJOURNMENT: At 8:35 p.m. Kathy Reed made a motion to adjourn. Bill Dalton seconded and all were in favor.

Respectfully submitted.

Peggy H. Padgham, Secretary

DISCUSSION OF ANY ITEMS TO BE INCLUDED ON NEXT MEETING AGENDA: We are anticipating a report from the Long-range planning committee and the bylaw committee.

ADJOURNMENT: Jan Thies made the motion to adjourn at 10:15 a.m.. It was seconded by Dean Dorsch and all were in favor.

The next meeting will be held at the Water Corporation Office at 9:00 a.m. on July 12, 2006.

ROOFS ARE BEING REPLACED FROM THE APRIL 30th HAILSTORM!

LAKE KIOWA ROOFING, INC. MEETS WITH INSURANCE ADJUSTER ON WEST SIDE OF LAKE AND GETS HOMEOWNER NEW ROOF, “DAMAGE WAS CONSIDERED SIGNIFICANT BY BOTH OUR ROOFING COMPANY AND THE INSURANCE ADJUSTER, IT LOOKS LIKE HOMEOWNERS WITH LOT NUMBERS 300 THROUGH 1049 ON THE WEST SIDE AND 1100 THROUGH 1800 ON THE EAST SIDE MAY HAVE ENOUGH DAMAGE TO FILE A CLAIM” SAID MARK CORNETT OWNER OF LAKE KIOWA ROOFING, INC. “I HAVE LIVED HERE SINCE 2000 AND ROOFED OVER 300 HOMES WHEN THE LAST STORM HIT. THIS LOOKS TO BE A VERY SIMILAR SITUATION.”
