Board Notes July...

TO THE LAKE KIOWA COMMUNITY

My thanks to all of you who supported our wonderful July 4th weekend celebration. I have heard so many compliments for Jan and Bill Dalton and their hardworking committee members. The Beebe’s Karaoke music kept things lively, and we are grateful to all the performers. A large thank you also goes to Phylilis and Nels Thomsen for their many hours spent ordering, sorting, and selling our Logo items.

Unfortunately not everything was glorious. Some individuals decided to do damage to various properties, including homes of our residents. Security always tries to be vigilant in looking out for us, but let’s face it. We must look out for each other, too. I wish I had seen who damaged Jeanie Kelley’s mailbox that included damage from fireworks and setting a newspaper on fire. She also had a balloon containing fireworks thrown into her yard. Golf course flags were broken when vandals drove on the greens.

Tampering with mailboxes is a federal offense and those incidents will be turned over to federal authorities for investigation and prosecution. The postal authorities have already been notified of some of the destruction.

Kiowans are not willing to accept the vandalism and many residents have contributed to a reward fund for information leading to prosecution and conviction.

Some of the American flags put out by the Rotarians were also stolen or damaged.

Is this what we are willing to accept for our community?

Is it time for us to form Neighborhood Watch groups? Do you have suggestions for protecting each other and our property?

I feel quite sure we are talking about a small number of vandals out here, but even one is too many. Most of our residents, including our young people, are very respectful of each other and try to obey our rules. It is time we step up our efforts to stop the ones who lack respect for others, and who need more supervision. Parents must be aware of where family members and their friends are—especially during the night and early morning hours. There should be known consequences for any misbehavior, by teens, young adults, and adults.

I am grateful to live in such a wonderful community and feel privileged to serve as president of the LKPOA.

It is time to clean-up trailer hill (trailer storage) so residents are asked to remove your trailers by Aug. 31. Work will begin on September 1st to remove the weeds and to install additional gravel to prevent the weeds from returning. LETTER TO THE LAKE KIOWA COMMUNITY

The two of us would like to take this opportunity to say “thank you” to the volunteers and, especially, the entire Celebration Committee.

The success of the 4th of July celebration was due to the hard work of many people. It is always a great feeling to see something come together as these two days did.

R. J. Stroup did a marvelous job with all the booths for the MGA. He not only worked from sun up to sun down for two days, but many days in advance preparing the booths and organizing committees to man these booths.

Lloyd Butts was in charge of keeping the entertainment tent active for five hours each day, acting as MC for the parade and entertainment, and finding a band for the great dance on Saturday night. Bill and Miriam Beebe assisted him with his equipment and karaoke for the two days.

Randy Schmalitz stayed very busy before and during the celebration working with Brett Wilson for the excellent service of the Lodge food and bar service for a very busy three days. He also directed Don Hoover and his staff in preparing for all the booths, arranging for electricity, setting up the assembly hall for each activity, cleaning up and preparing for each day, and numerous other tasks that we cannot begin to mention.

Special thanks go out to Nels and Phyllis Thomsen who spent many hours in preparation for the logo booth and then worked the booth on both days along with members of the POA Board.

Most Patriotic Float was awarded to the Penland family.

The Koberick family won the Most Original Float award.

The Arts & Crafts show even had a few customers while the parade marched on.
The July 4th Celebration has come and gone and from all accounts it was a tremendous success. I cannot thank the volunteers enough that took time away from their family and friends to help in putting on the event.

This year’s emphasis on lake safety with the lake rules inserted with the monthly billing, the handout at both gates, extensive coverage in the CommuniQué and the increased penalties for the repeat violators had the desired effect. Lake-related citations over the three-day period dropped significantly compared to last year—there was just one written in 2008. I also want to say that even though our Security Officers only wrote 1 citation, they did make 23 on-water stops to point out rule violations to the operator without issuing a citation.

In last month’s Lake Kiowa Electronic Newsletter, I stated that vandals had spray-painted graffiti on the garage doors of a residence. The racial slurs and profanity were so hateful that Cooke County Sheriff’s deputies classified the act as a hate crime. Consequently several private residents have established a $1,000 reward for information that will lead to the arrest and conviction of the perpetrators.

The sad part is that even though the graffiti has been painted over, the sense of security living in Lake Kiowa that the couple previously had has been taken from them. The couple, who are in their 80’s and late 70’s and battling health problems, can’t understand how or why anyone would want to hurt them, nor do I.

In recent weeks we have had an increase in petty theft and vandalism. The crimes range from TP’ing homes, to the theft of a scooter and a go-cart. The crimes have occurred during the middle of the week between midnight and 2 a.m. Security is confident that the perpetrators are our own teenagers or young adults.

In talking to several parents it has become apparent that many are not aware of the fact that, as of August 2007, Lake Kiowa has a curfew in place for those under the age of 17.

Rule 4.3.1.r—Juvenile Curfew states: Any person under 17 years of age is prohibited from being on the commonly owned areas or in commonly owned facilities between 11:01 p.m. and 6:00 a.m. of the following day during Sunday through Thursday, or between 12:01 a.m. and 6:00 a.m. during Saturday and Sunday unless the person is: 1. Accompanied by a parent or guardian, or 2. On an errand at the direction of the parent or guardian, or

Great fireworks provided by the LKVF the evening of July 4th.

Tom and Elaine Blackwell along with John and Janice Seefeldt jumped right in and assisted the Lodge during the pancake breakfast for which there was a good turnout.

During the three months leading up to the celebration, Randy Schnidtiz, Bob Bingham, Jerry Slater and Lloyd Butts assisted us. The POA Board was instrumental with their assistance and authorization of various projects. None of it would have come off if not for their work from each of the above-mentioned people with the Celebration Committee, and their volunteers.

Credit for the large participation in the parade and activities goes to the CommuniQué staff members who did a great job in the advertisements and were so patient with the constant changes.

It might take a village to raise a child, but it also takes a community of dedicated volunteers to have a successful 4th of July Celebration! Thank you, all!

FOURTH OF JULY ANGELS

We want to thank all of the folks who made the 4th of July at Kiowa such a special celebration. Ours has to be the best parade anywhere! We have had a float entry for the last few years, and the efforts of our daughter’s hard-working decorations committee (aka grandkids and friends) finally paid off with their version of Noah’s Ark.

But the real credit for our success belongs to the Lloyd Marshall racing team that came to our rescue, demonstrating their pit stop talents. Last year we were all decorated and pulling out of the driveway when our 1946 Willys jeep died. By the time we had switched vehicles, the parade had finished. So we were ecstatic that this year we made it to the line-up with only two small breakdowns. Even happier to start out with the parade…when Bam!…one of the (original) tires blew out. Everyone had to go around us, and all were sympathetic—one man even offered to pull our float behind his truck. . .

As luck would have it, we had a spare, but only a wrench and a hammer on board. We could not believe our eyes when we saw that we had stopped in front of a beautifully restored 1946 Willys jeep in the Marshall’s drive. Go figure!

The Marshall crew came out with full pit stop gear and proceeded to change the tire in record time, bringing smiles back to the grandkids’ faces. We were at last able to complete the parade route. Only in Kiowa!!

Huge thanks go to the Marshalls and to all the Kiowans who make every year so much fun.

The Griffiths/Payne Gang (Lot 1326)

The Lake Kiowa Duplicate Bridge Club, which meets every Monday in the Lodge at 12:30 p.m., is enjoying greater attendance now during the summer. We have also welcomed some new players here for the first time.

This is a duplicate game, sanctioned by the ACBL, but you don’t need to be a member to play here. Just bring a partner and $3.

CALLISBURG ISD CLOTHES CLOSET
PREPARES FOR THE NEW SCHOOL YEAR

The summer is racing by very rapidly and, as difficult as it is to contemplate, school begins again Aug. 25. The Callisburg ISD Clothes Closet is up and running. We will need school clothing for the needy kids in our area. We request that any such items donated be clean and on hangars. Also, there is a continuing need for underwear, shoes and socks, items that usually are not donated.

Several things have happened recently that I would like to share with you. The Lake Kiowa Kiwanis Club has stepped up to the plate and responded to our appeal for clothes racks. The club has donated six clothes racks for hanging clothes, which fills a tremendous need. In addition to that most welcome act, club members and their spouses decided to augment the Clothes Closet Contingency Fund by donating $300 to help the facility address unanticipated needs. Our heartfelt thanks go to all the club members and especially to Jerry Slater and Gary James, who coordinated these actions.

Volunteers are needed to man the Clothes Closet during the month of August. Please call me at (940) 665-4502 to learn the dates when we will require assistance.

Jacque Waghorne

The first phase of construction began last August. This is the new main entry to be ready for occupancy for the coming school year.

Muggins is my 7 1/2-year old Maltese dog. Saturday night June 28 I took him out to tinkle one more time before going to bed. At that very moment, a neighbor was walking his two dogs, who had been on a leash, but were only a few yards from home when he decided to let the dogs have a run the rest of the way and removed the leashes. We were only a few feet from the front porch when Muggins barked and the larger dog made a run for him and got him by the back and began shaking him. It was several seconds before the owner could get him off and I could get Muggins back in my hands. Muggins was fighting back and thought he was biting the other dog, but was biting me.

I cannot remember a more traumatic moment in my entire 73 years of life. (Yes, my life has been mostly free of trauma.) Muggins was bleeding, I was bleeding and crying and trying to make sense of the whole thing. The owner of the other dog was very apologetic and is offering to pay the medical expenses, of course. I realize he never intended this.

It was a harrowing 45-minute ride to the emergency pet hospital in Denton. I was trying to hold Mugs still with pressure on his wound, he was making a gurgling sound, and we didn’t know whether he would live or how badly he was injured. Frank was trying to drive safely in the rain on busy 1-35. The X-rays show that Muggins has 4 broken ribs, possibly a punctured lung, and fluid in his body cavity, which the vet says the body will absorb, hopefully. He spent Saturday night, Sunday and Sunday night in the hospital with intravenous medicines, then Monday and Tuesday at Retinery Road Vet Clinic, with us bringing him home at night. The cost at the emergency hospital was $1,300.00, and we won’t know how much more the vet bill will be.

When we left the pet hospital I had to go to the emergency room at Denton Regional to have my wounds treated and given a tetanus shot. We did not know if Muggins would survive and still don’t know if he will be the same as he was before.

His beautiful long hair has been shaved off all the way around his torso to accommodate the pressure bandage that helps keep the ribs in place until they heal. He can barely move about. I have even asked myself if we are doing the right thing. If I had had him put down it would only be me who is suffering and not him. Of course I could not have done that.

I am telling my story in hopes that the rest of you dog owners will learn from my painful experience. I have allowed Muggins to walk in the street in front of our house without a leash too. Even though I can pick him up at any time, I am still breaking the leash law in this community. We humans do not have a clue as to what will provoke a dog to become aggressive, do we?? For all our sakes, PLEASE LETS KEEP OUR DOGS ON A LEASH OR BEHIND A FENCE!!! What a horrible tragedy, if Muggins had been a child. Think about it.

ATTENTION DOG OWNERS
It ceases to amaze me the number of people who walk their dogs and allow them to use other people’s lawns for bathrooms!
I have to be careful where I walk, do not walk my mail from our mail box, that area seems to be a frequently used spot.
I have confronted one individual who just sauntered and went his merry way? Leaving a mess for someone else to clean up.
I am sure these people would not want this in their yards!
So, dog owners—please be more considerate of your neighbors and keep Lake Kiowa the nice place it is to live.

ONE CALL, WE DO IT ALL
JUNE 2008 UPDATE

The TNT Youth Conference is an annual event that is hosted in different cities around the state and is produced by Texas Nonprofit Theatres. Going to the TNT Youth Conference is unique because it is not a competition but a festival where youth theater companies throughout the state of Texas get together and share their love of live drama and performance. Although anyone can participate in the conference, performing in the shows requires that one must be eighteen years or younger.

We went to Texas Woman’s University for the TNT conference this June with our show “James and the Giant Peach.” Our college students designed the set for our show “James and the Giant Peach.” We enjoyed the use of puppets. Our version of “James and the Giant Peach” utilized a form of Japanese puppetry called bunraku in which the puppeteers are completely visible to the spectators. The commentator again complimented the actors that controlled the giant puppets, such as the sharks, seagulls, and Cloudmen. He became lost in the world we created and believed that the creatures were real and that the puppeteers that controlled them magically disappeared. Several of our cast members were recognized for their acting and social abilities: Ryan Ramirez as Old Green Grasshopper and Philip Cueller as James Henry Trotter were selected as All-Star Cast members. Ajazaymon Carr received a Spirit medal for her participation and outgoing and spirited personality. All had a great time, and once again our goal of providing children the opportunity to experience the theater arts with all its benefits was realized.

DID YOU KNOW…. Research (According to Dr. Shirley Brice Heath, Stanford University, for Carnegie Foundation for the Advancement of Teaching) shows that young people who participate in the arts are: 4 times more likely to be recognized for academic achievement; 3 times more likely to be elected to class office; 4 times more likely to participate in a math and science fair; 3 times more likely to win an award for school attendance; 4 times more likely to win an award for writing an essay or poem.

The Chapel Choir is taking a break during the summer but will resume practice after Labor Day. They encourage anyone wishing to sing with them, consider joining them on Monday mornings at 8 a.m. after that time.

Special music VISTO is the recipient of food and cash donations on the third Sunday of every month. Their cupboards are emptied as fast as they can fill them, so please remember them. There are a great number of families with children that need this assistance in our surrounding community. VISTO’s “Backpack Kids” provides more than 600 children with single-serving items for the days when there is no school, meaning “no lunches.” The Lake Kiowa Chapel has been a major contributor and much appreciated. Remember, any grocery items may be contributed or monetary donations will be used to purchase highly discounted items that are especially needed.

The Lake Kiowa Chapel meets regularly every Sunday morning from 8 to 8:30 a.m. in the Lodge. All residents and guests are welcome. This is an interdenominational service that may precede your regular church service or a round of golf. Casual dress is always welcome. Please come and share this time with your friends and neighbors on Sunday morning at 8 a.m.

The Chapel Choir is taking a break during the summer but will resume practice after Labor Day. They encourage anyone wishing to sing with them, consider joining them on Monday mornings at 8 a.m. after that time.

Special music VISTO is the recipient of food and cash donations on the third Sunday of every month. Their cupboards are emptied as fast as they can fill them, so please remember them. There are a great number of families with children that need this assistance in our surrounding community. VISTO’s “Backpack Kids” provides more than 600 children with single-serving items for the days when there is no school, meaning “no lunches.” The Lake Kiowa Chapel has been a major contributor and much appreciated. Remember, any grocery items may be contributed or monetary donations will be used to purchase highly discounted items that are especially needed.

The Lake Kiowa Chapel meets regularly every Sunday morning from 8 to 8:30 a.m. in the Lodge. All residents and guests are welcome. This is an interdenominational service that may precede your regular church service or a round of golf. Casual dress is always welcome. Please come and share this time with your friends and neighbors on Sunday morning at 8 a.m.

Home Tips: Give Your Refrigerator a Check-Up

GAINESVILLE, Texas (July 7, 2008) – As the summer heats up, will your refrigerator stay cool or will it be too hot to handle?

Think ahead and schedule needed maintenance before the weather gets too hot. Dust, dirt and frequent visits from sweltering family members can make your refrigerator work harder than it should to keep chilly. This everyday strain combined with summer heat can have a damaging effect on your refrigerator.

“Not having your refrigerator checked at the beginning of summer can leave you with a minor disaster,” says Clifford Allred of the Mr. Appliance® of North Central Texas franchise.

“Most people don’t think about having regular maintenance done until it’s too late. Refrigerators can overheat from dirty coils and break down during the summer, which leaves the homeowner in danger of losing perishable food.”

Follow these tips from Mr. Appliance to protect your refrigerator from a summer melt down.

Clean the condenser coils at least twice a year, and always check them at the beginning of the summer. Dirty condenser coils can cause the refrigerator to stop cooling properly, which strains the refrigerator and can shorten its lifespan and raise energy bills. Unplug the unit and pull it away from the wall, then clean the coils with a coil brush and vacuum away any remaining debris.

Clean the door seals regularly with warm soapy water to keep them from getting dirty and brittle. If the doors aren’t sealing tight, call your local repair expert to fix any food spoils.

Keep the refrigerator full. The emptier your refrigerator is, the harder it has to work to keep cool, which can put unnecessary strain on the unit and on your energy bill.

If you notice any strange sounds coming from your refrigerator or if the inside temperature is warmer than usual, call an appliance repair expert to check the unit from top to bottom before any food spoils.

If your refrigerator does break down, call your local appliance repair expert immediately. Try to avoid opening the doors as much as possible until the unit is fixed. If you notice a foul smell after it’s fixed, check the drip pan for spoiled melted food and clean it out with water and a mild cleaner.

These tips are easy for you to do yourself and can even help you save energy and prolong the life of your refrigerator when combined with regular visits from an appliance repair professional.

TREES DON’T KILL THEMSELVES!

Something killed them and most likely it was a contagious disease that must be diagnosed by a professional and dealt with this year. Join us for an intense 4-session 28-hour course of study held at the Lake Kiowa Lodge on the first Friday in October, November, December, and January, beginning at 9 a.m. and ending at 4 p.m. The $85 tuition charge will cover meals, breaks, and educational materials. Certificates of Achievement will be presented to each graduating member at the end of the course. This course is open to Lake Kiowa property owners and anyone outside the community who is interested.

Contact LaVerta Burhans at laverta@tti.net, or call (940) 612-2057 or (940) 736-8598 (cell), or any Kiowans member.

The Lake Kiowa Computer Club meets monthly during the summer (that’s now), and twice monthly otherwise. We have had some really good programs so far this year. We are anticipating Justin McMurry’s contribution on July 24, which will be over by the time you read this.

The club had a highly successful kid fishing booth at the July 4th celebration. Here is a shot of a mommy trying to be sure her daughter snaggs one. The other photo is of two of the workers, and a visitor trying to get someone to hug him.

The Cooke County Planning Association’s steering committee met in late June with Kathy, the association’s planning consultant. The discussion centered on creation of a multipurpose event center. Several steps were taken to begin this process, including developing site selection criteria. The consensus was that 50-100 acres of land would be required to build such a center, with the location being on or near Interstate 35 or Texas Hwy. 82. The hope was expressed that perhaps someone willing to denote this land could be found.

More information will be forthcoming as this project develops.

The Furnace That Looks Like A Fireplace
The Fireplace Xtrordinair is designed to maintain the aesthetic appeal of the fireplace while delivering up to 76,000 BTU/hour, through a decorative grill built into the face design, framing the fire and enhancing your home decor. Other heat-circulating fireplaces require large unglazed breezes or high visible vent boxes above the fireplace opening, sacrificing the traditional hearth look.

The Fireplace Xtrordinair features sleek lines and large glass doors for an expansive view of the fire. Optional side plating on the face and door add a dramatic flair. Only Fireplace Xtrordinair creates such a uniquely beautiful, versatile look in a high BTU output fireplace.

The sales numbers for the Lodge during the month of June were great. This is the second month in a row with sales exceeding $60,000. Some new things that were tried turned out to be successful.

During a very busy three-day Fourth of July weekend, the Lodge had the pleasure of serving a tremendous number of people on Friday and Saturday, with a highlight of the weekend being the classy brunch on Sunday. Those who attended this event said the food was some of the best they had ever had. Comparisons were made to branches served at such well-known places as the Gaylord and The Wooten.

Chef Michael hopes to prepare many more of these types of meals, so keep checking the CommuniQué, the Web site, and gate electronic signs for opportunities to take advantage of what is being offered.

Chef Michael provided a delectable array of choices while a majestic eagle greeted diners.

Some of the notable names on the leader board are: Eric Lindgren is leading with 245 points while cashing out in five of the events; Barry Greenstein 235 points; Jacobo Fernandez 232 points (no bracelet this year); John Phan 220 points; David Benyamine 220 points; J. C. Tran 210 points; Farazad Rouhani 195 points; Daniel Negreanu 190 points; Chris Ferguson 165 points (no bracelet this year); David Singer 165 points; and Vanessa Selbst 162 points to round out the top 12. Other event winners include Mike Matusow, Scotty Nguyen (winner of the $50,000 HORSE event with the strongest field and probably the best all-around poker players), Mike Banducci and Lane Flack. With a total of over $180 million up for grabs, it’s no wonder that there were 58,718 entries in 55 events.

There were 6844 entries for the Main Event alone. Tiffany Michelle finished up in 17th place for the high finish for the women in the Main Event. At the moment of this writing it is down to 15 players. I wish the best of luck to them all. I’m looking forward to seeing the final table on TV.

Come to the Lodge on Wednesdays and Fridays where we all enjoy the food, poker, fellowship and fun.

WGA Monthly Scramble and Luncheon Meeting - July 2

(L-R): Margie Nash, LaVonne Jucha (not pictured), Joan Page and Bobbie Caldwell.

(L-R): Nancy Bryan, Paulette Andrews, Margaret Dressel and Betty Johnson.

Ruth Robinson, first gross winner for the Texoma Tanglewood and Red River at Kiowa tournaments.

The WGA was also responsible for sponsoring the “Patriotic Putt-Putt” game on the July 4 consisting of three putting holes at a cost of one ticket per round; each entrant will receive a prize. In her golf tournament report, Mary Pfiler said that the Red River Valley Women’s Golf Tournament was very successful. She thanked everyone for their help. The next tournament will be Thursday, July 17 at Legacy Ridge Country Club. Margie Nash reported that the next one would be the Texoma Women’s Golf Association on Tuesday, July 29 at Pecan Hollow.

Ruth ended up with 12 balls not claimed and no idea who did or did not get their scramble balls. If not claimed, the balls will be returned to available golf balls. If you have someone new on your team, be sure to let her know how to claim her win.

Well, that’s it for July. And while it’s been a little bit warm, play has been fun. Our next playday is Aug. 6, so bring your water and let’s hit the course. See you all there.

The Proof of a Golfer

The proof of the pudding's the eating, they say, but the proof of a golfer is not.

The number of strokes which he (she) takes in a day or the skill he puts into a shot;
There is more to the game than scores which you make, here's truth which all golfers endorse;
You don't prove your worth by the shots which you take, but the care which you take of the course.

A golfer is more than a ball-driving-brute;
He is more than a mug-hunting czar;
To be known as a golfer you don't have to shoot the course of your home club in par;
But you do have to love every blade of the grass, every inch of the fairways and greens.

And if you don't take care of the course as you pass you are not what "a good golfer" means.

The proof of a golfer—now get this, my boy—is the care which he takes of the course.

MGA July 12 Playday

The format for the July 12 playday was a Hot-Seat Irish Scramble. The longest/best drive was picked and the driver played his own ball for a “best net” while the rest of the team played a scramble. Both scores counted. Each team member had to be in the hot seat at least three times.

After the scramble, hot dogs and beer were enjoyed at the Pavilion. Special thanks go to Ronnie Young and the Kiowa Homeowners Water Supply Corporation Board of Directors for providing the hot dogs.

Our first hole-in-one winner of the year, Charlie Robinson, received his plaque at this month’s meeting. Congratulations, Charlie!

MGA GOLF NEWS

Our concerns for the greens

We have several greens on the back nine that are not in their best condition. We have done a lot of things agronomically to try to repair them. We fertilize them every Monday and try to baby them back to a healthy status. We have sprayed them with an algicid and continue to apply fungicides. We used a spiker to open the greens up to allow air to get down in the soil profile.

This is what we are doing now. We have taken additional soil and water samples and sent them to Turf & Soil Tech. We have hired David Gregg from Corpus Christi, the owner of Turf & Soil Tech. The fans are on and running on #11; they maybe noisy, but please do not unplug them. We are still getting leaf blades when we mow; therefore, we know the greens are still growing.

This organization employs interpretations derived from proven European balance theories that have been refined and complimented by renowned soil chemists, agronomists, and common-sense practitioners, including William Albrecht, Ph.D., Soil Chemist—Agronomist. David Gregg has an associate working with him who is on retainer with the Augusta National Golf Course.

Lake Kiowa Resident
The MGA held its annual Member-Member Tournament on July 19 & 20. Fifty-eight two-man teams were treated to a wide variety of golf experiences, a variety of food and beverages and typically hot July weather. On Friday, July 18 Brent Reed Financial Services and J. B. Cole Insurance sponsored an optional alternate shot shootout. Forty teams opted to play and were treated to a Mexican Buffet and Margaritas at the Pavilion following the event. Winners of the four flights were Sam Moore and Jeff Wagner, Don Hanratty and Wayne Shearer, Billy Woods and Phil Handley, and Noble Moss and Don Kane.

During the shootout players had the opportunity to try and hit a boat anchored in the lake off the #4 tee. Players bought three golf balls for $5, could use any club they chose and those that hit the boat had a chance to win cash. “Das Boat,” but only fifteen players actually hit it. Those fifteen were hit at “Das Boat,” but only fifteen players actually hit it. Those fifteen participated in a final elimination and six players received a cash payout.

Tee times started tournament play on Saturday with Best Ball being played on Holes 1-9 and Alternate Shot played on Holes 10-18. Each team member had to hit at least three drives on each nine holes. Following play, the Lodge provided players and their guest a delicious barbeque buffet featuring, brisket, ribs, sausage, potato salad, colelaw and all the trimmings. Winners were announced after dinner and awards were presented.

Preston and Travis Klatts won the first flight; Rusty Clark and Stacy Burkholder won the second with the lowest score of the tournament; Harold and Mark Baker won the third; and Steve Jackson and Marvin Crew won the fourth flight. Eight players received a new shirt and shorts courtesy of Noble Moss who sponsored the tournament’s Closest-to-the-Hole awards. Kapers Kash was played throughout the evening and four finalists elected to split $500. The evening concluded with a drawing for a vacation package where the winner could elect to go on a cruise or vacation in either Las Vegas or Cancun. Dale Daniels at Reynolds Ford in Norman, Oklahoma provided the lucky winner.

The MGA would like to thank the Hole in One donors, the Lodge, the Pro Shop staff, the players and their guest for making this event one of the highlights of the year. R. J. Stroup

The June 22 Couples Golf Tournament had 28 couples (14 teams) playing a Devil’s Game 6-6-6. Everyone seemed to enjoy the event as well as the taco buffet that followed.

Six places were paid. The first three teams were: 1st Place (62) — Corina and Jerry Nichols, Madolyn and Ed Tomlin; 2nd Place (64) — Carol and Jim Hawkins, Sharon and Gary James; 3rd Place (65) — Beth and Jim Alvey, Margaret and Joe Dressel.

The next Sunday Couples Golf Tournament will be Aug. 17. Sign up at 12:30 p.m. at the Pro Shop for a 1 p.m. shotgun start. The format will be a Modified Scramble. Each player must use a minimum of three drives, then 10% of total team handicap is subtracted to determine the final scramble score.

Players must sign up in Pro Shop by noon Thursday, Aug. 14 to be included in the dinner after play. Come join the fun.

The Penlands
President R. J. Stroup called the meeting to order at 8 a.m. All board members were present with the exception of John Wolek and Jay Titus. Minutes from the MGA June 11 board meeting were read and approved.

Treasurer’s Report: President R. J. Stroup gave the Treasurer’s report. The MGA had a fund beginning balance of $70,080, with an ending balance of $29,190. Approximately $8,400 is committed funds (hole-in-one pool, etc.), leaving an uncommitted balance $20,800.

Membership: John Beck, Membership Chairman, reported 472 paid MGA members as of the meeting. There are 290 members in the 2008 hole-in-one pool.

MGA Projects: Sand traps for holes 11, 12 and 16 remain to be completed. The next workday, Monday, July 14, will begin on hole number #11. Volunteers are needed. The project remains on schedule and should be completed by early July. Many thanks to all those MGA volunteers who have worked so hard to get this accomplished.

Tournaments: The Saturday, July 12, playday format will be the Hot Seat Irish Scramble. All players will tee off, then pick the drive to be used. The player whose drive is selected will play his ball and the rest of the team will scramble. Both scores will be counted. The Irish part is that everyone is on the HOT SEAT at least three times. Anyone can be on the HOT SEAT for the remaining holes. The MGA Member-Member Tournament will be held July 19 and 20. A “shoot out” will be held preceding this tournament on Friday, July 18 sponsored by J. B. Cole and Brent Reed. MGA members are reminded to mark their calendars for the Aug. 2-3 Lake Kiowa Open.

New Business: R. J. Stroup presented a recap of the July 4 participation by the MGA, Monies from the dunk tank, games, holiday hats sold, and so forth tallied almost $3,900. The MGA netted approximately $2,100 after expenses. A discussion on how to use these funds was held.

A motion was made to reallocate the $10,000 that has been set aside for the practice area to be put back in the general funds. The motion was seconded and all present voted for approval.

The MGA board agreed that the condition of our greens needs to be discussed at the Saturday, July 12 membership meeting. The membership should be informed of the facts related to what happened, what is being done and what the short- and long-term fixes might be.

The meeting adjourned at 10 a.m.

Bob Hey, MGA Secretary

MGA Projects volunteers worked with the course maintenance crew on the sand traps. Community Manager, Randy Schmaltz, even grabbed a shovel and helped.

An intense lake safety publicity campaign incorporating mail-outs, handouts and CommuniQué articles to go along with an increase in fines for certain boating rules violations served to raise awareness during the busy 4th of July weekend. Lake Patrol administered a third less boating stops than on Memorial Day weekend by comparison. A big thank you to all staff, volunteers and concerned members for their efforts to prove that lake fun can be safe fun. Security gate personnel administered massive but controllable numbers of guests throughout the holiday weekend. Few problems were noted at the beaches and public gatherings but a determined cadre of individuals with a criminal bent worked overtime at night to vandalize golf course greens, residences, perimeter gates and American flags set out for the 4th of July celebration. The Security Department and, in one case, the Sheriff’s Office are pursuing all leads. Some citations for Damage to Property have already been issued and more may be as evidence is uncovered and witnesses come forward. It should be noted that there is no time limit for investigating cases involving vandalism.

A variety of calls was handled by Security during this reporting period. Dog bite incidents are fairly rare at Lake Kiowa. Escorted to residences within Lake Kiowa. LKVFD emergency page-outs were monitored and 4 ambulances were apprehended. Security officers found a report of someone digging on the golf course. Three illegal signs were removed, two residences with unlocked doors were secured, a trespasser was confronted and a gate runner was investigated. Security officers found one party violating curfew at a beach and escorted two underage golf cart operators to their residences. Kiowa residents turned in five theft reports.

Security personnel assisted Cooke County deputies responding to a domestic disturbance. Thirty-two LKVFD emergency page-outs were monitored and 4 ambulances were escorted to residences within Lake Kiowa. Gary Davidson Chief of Security

When walking or riding bicycles on the streets of Lake Kiowa, please remember these guidelines:

Walk on the left side of the road FACING traffic

Bicycles should travel in the same direction WITH traffic.
