Moberly Challenge Walk

Les Gilliam
Oklahoma Balladeer

On Sept. 6 a large crowd of Kiowans enjoyed Les Gilliam, the Oklahoma balladeer, who presented his Pickin’ for the Cure® concert. Underwritten by Don and Phyllis Willis, the show had the audience tapping their feet and singing along. Many had enjoyed a special dinner at the Lodge prior to the performance.

Moolling Heffers Betty Sue Vickery, Jayne Sweet and Nancy Jones.

Hee Haw Rallydrama

After months of preparations and rehearsals, the cast of Lake Kiowa’s Hee Haw Rallydrama entertained sell-out crowds Sept. 12 and 13. More than fifty Kiowans shared their talents with the audience and, at times, it was hard to tell who was enjoying the performance the most…the cast or the audience.

Hee Haw tickets brought $6,000 into the Rally For The Cure® Pot for 2008.

What a day!

As the sun came up on Saturday, Sept. 6, walkers, runners, dogs and workers gathered at the Pavilion at Lake Kiowa for the Moberly Challenge Walk benefiting breast cancer research. They left as a group to make the 8-mile walk around Lake Kiowa.

Runners Tom Bergstrom and Sue Angloch (with their three dogs Ollie, Daisy and Mary) finished first. Next, the youngest participant, Evelyn Seay, came riding her scooter. As the walkers crossed the finish line, they were cheered by Kiowans who had come out to celebrate their achievements.

Board Notes September...

It is hard to believe that another summer has come and gone. With the approach of fall and winter comes our fall clean up. This year, we will be accepting only brush, tree limbs, etc. Dates are Oct. 17-19 at the campground area. Our Public Works Department is busily catching up on mowing and street repair, and reports that the grass is growing nicely at water crossing #3.

Remember - Oct. 1 is Rally For The Cure® Golf Tournament.
Please support our ladies with pink yard art, balloons, or ribbons.

Our Angler’s Club has begun harvesting bluegill from the beds they installed in the ponds on the golf course, and, since July, they have relocated over 3,400 into the lake. Our most recent Electrostroshock Survey Report states: “Overall, the forage populations are the best we have seen since starting surveys at Lake Kiowa.”

While you are there, take a minute to complete the comment card and turn it in—that is how we will know what you like and what areas need further attention.

Did you all see the Hee Haw Rallydrama? The room was full both nights. What a great way to showcase the seriously talented people we have here in Lake Kiowa and raise money for our Rally for the Cure®.

FALL CLEAN-UP FOR BRUSH—THE CHIPPER WILL BE AVAILABLE

Even though this year’s fall clean-up was cancelled, a number of property owners have asked what the POA can do about tree and brush trimmings. The Board recognizes that many homeowners need a way to get rid of the debris so the Board decided to station the Public Works chipper at the area where the clean-up dumpsters have been placed in the past. This equipment and its operators will be on-site on Oct. 17-19, during the hours of 8 a.m. until 5 p.m. to assist in the disposal of the aforementioned materials. If you have any questions, please call the POA office at (940) 665-1055 for more information.

Thank you for your support and cooperation.

It looks like summer is gone and fall has finally arrived along with its change in temperatures. It just amazes me how time seems to fly by. Lake Kiowa also had its share of changes in September. Brett Wilson and David Long are no longer with us and it saddens me to hear some of the rumors that have surfaced about their dismissals.

Rumors have spread that Brett was dismissed because of a drinking problem, or that Chef Michael didn’t like him, or because of Board Treasurer Lee Skinner’s July financial report that she presented at the August Board meeting. None of the above represents the reason for Brett’s dismissal. Some are mean-spirited and hurtful and none have a useful purpose other than to promote someone as a person who is “in the know” when, in fact, they have no idea what the truth is.

I haven’t heard any rumors concerning David’s resignation. The real damage was caused by the rumors about his replacement. A rumor was started that a replacement had already been hired by the time of the September MGA meeting and playday. There was no basis for this rumor. The fact is that a panel consisting of MGA, WGA, Golf committee and Board members was formed prior to the meeting to interview prospective candidates and we are currently interviewing candidates to fill the superintendent position. As far as the vacant Lodge Manager position is concerned, the Chair of the Lodge and Tavern committee along with Chef Michael and myself are interviewing candidates for that position.

Last week another rumor was started that we had spent $92,000 on the consultant who provided the survey of the golf greens. The fact is that the cost was less than $3,500 dollars. How many property owners got worked up over hearing such a ridiculous dollar amount? Does anyone think that the person who was responsible for starting that rumor will go back and tell all the people the real dollar amount?

There are individuals who live here at Lake Kiowa, who thrive on creating controversy and are willing to say anything, inflate and embellish facts, delete information or just plain old lie and start or perpetuate a rumor just to see how far it will go. Some start the rumors because they like to watch the reaction of the community. And then there is the worst type—the ones who start and perpetuate rumors to discredit someone else that lives or works here at Lake Kiowa.

The rumor mill at Lake Kiowa needs to cease and desist! It’s going to be hard to accomplish this, but it is never easy to do something as worthwhile as this. It wouldn’t have been funny if the entire golf maintenance team had quit that Saturday during the MGA meeting because they thought they had been lied to. Rumors on why someone lost their job aren’t funny, either. And it wouldn’t have been funny if, in an open Board meeting, Board members were grilled about spending $92,000 for a consultant.

We’re better than that, and believe me—that’s not a rumor.

Dear Lake Kiowans,

For the most part, I truly think that only good thoughtful people choose to live at Lake Kiowa, from my vantage point, it seems so anyway. As a family, we thank you for the good food, flowers, cards, calls, monetary memorials and all the ongoing acts of kindness during the tragedy that recently struck our family.

LINDSAY TO BE HONORED AT THE 46TH ANNUAL GERMAN DAY IN TEXAS PIONEER BALL

This honor takes place on Oct. 11 at the Sheraton Grand DFW Hotel on 4400 W. John Carpenter Freeway in Irving (Hwy. 114 and Esters Blvd.) on the east side of DFW Airport. Each year the German Day in Texas Council in Dallas honors a town in Germany or Texas. This year’s honored city is Lindsay.

Dance to the music of Grammy Award-Winning Brave Combo. A pianist will provide music in the foyer during the cash bar reception starting at 6 p.m. At 7 p.m. while the seating for dinner occurs, the Frohsinn Kapelle will perform dinner music. Lindsay will be honored during the program that follows the dinner and before the dancing starts at 9 p.m.

Other honored guests include Dallas Mayor Leppert and possibly Dirk Nowitzki of the Dallas Mavericks.

KIOWA ONES

Bridge, 42, Canasta, Rummy Cube or any new game someone suggests.

Our dinner is a planned menu and the current cost is $13 including tip, which you may charge to your lot. Reservations must be made by the Friday before the Tuesday dinner.

Our next dinner is Tuesday, Oct. 14. The menu will be pork roast with roasted rustic vegetables and an apple crisp dessert.

If you are interested in joining our group, please call Vicki Liles (940) 665-3009 or Kathie Milburn (940) 612-1864.

LINDSAY TO BE HONORED AT THE 46TH ANNUAL GERMAN DAY IN TEXAS PIONEER BALL

A special door prize is two round trip tickets from DFW to Germany courtesy of Lufthansa. You must be present to win.

Call (972) 241-0884 for tickets ($60) and information. You can also contact Baerbel Woitalla at barbarawoitalla@ sbeglotal.net or call Alvin Fuhrman at (940) 759-2251. Tickets will be mailed to you or you can pick them up at the reception.

If you want to spend the night and drive back after the dance, a block of rooms is reserved at the hotel for a special rate of $89. Be sure to tell them you are attending the German Day Ball to get the special rate.

For the history of German Day in Texas and more information, go to www.germandayintexas.com.

Dear Friends,

To all the wonderful people who have called, sent cards, brought food and visited—our many, many thanks. A special thank you to Betty and Ken Tackett who have delighted our taste buds with many meals!! After our twenty years at Kiowa, the faces may change but this community still seems to attract the "best of the best," the most wonderful caring friends you will find anywhere.

Situations have a way of changing very quickly. Noble and I had very little advance notice of my hip surgery. For several years now, golf has seemed much more important than what I thought would be knee surgery. In September the orthopedic doctor quickly informed us that my knees were in great shape. The pain I was experiencing came from not having any hip remaining and was radiating down my left leg to my knee and calf. The hip was replaced and I’m doing great. My only big disappointment is not playing in the "Rally." But, I’ll be praying for all the people involved in this venture.

Thanks again and God Bless You All.

TREES DON’T KILL THEMSELVES!

If you are losing trees or if trees are looking sickly, just removing the dead trees is not enough. Something killed them and most likely it was a contagious disease that must be diagnosed by a professional and dealt with this year. Why not call the experts at Specialty Tree Service and map out a plan that will protect your trees.

SARAH RATLIFF WINS TOP TEN TITLE AT WORLD CHAMPIONSHIP HORSE SHOW

The American Quarter Horse Youth Association World Championship Show is the world’s largest, single-breed youth world championship show. This is the pinnacle for youth around the world who must qualify for the event by earning a predetermined number of points to earn the right to compete in each of the 33 classes representing halter, English, and western disciplines. With 2,750 entries, this year’s event is the largest on record. Competitors from the United States, Canada, Brazil, Germany, Israel and Venezuela competed at this year’s event, Aug. 1-9. For more news from the Ford AQHYA World Championship Show, visit http://www.aqha.com/youthworld.

Sarah has been showing for eight years and this was her fourth appearance at the AQHYA World Championship Show. We are so excited and so proud of them both! Sarah and Shelby work all year long to be able to compete for a World Championship title.

LOCAL SINGERS INVITED FOR SPECIAL CONCERT

As Department Chair of Drama and Dance at North Central Texas College and The Center for Performing Arts Event Coordinator, I would like to invite all local church choir members (and all singing enthusiasts) to participate in a local collaboration along with the Denton Community Band. We are planning a patriotic concert in honor of Veteran’s Day on Sunday, Nov. 9 at 3 p.m.

We would like to meet at the Center for Performing Arts with our rehearsal pianist and all the singers on Nov. 2 at 2 p.m. to run through the music (1.5–2 hours max). Then, on the day of the concert, participants should arrive a little early (2 p.m.) so we can do a quick run-through with the band before the concert starts. The stage can hold 40–50 members along with the 40-piece band. We can also have another 40–50 participants lining the audience on the sides of the theater.

I hope you will be interested in participating in this event! It should be a truly wonderful concert and a great way to involve the community.

Duplicate Bridge News

At our Aug. 25 competition, Allene Johnson and Chrissy Bost won it all for the second week in a row. The E/W winners were Ginger Bowling and Pat McCleese. There was no game on Labor Day. On Sept. 8 Jacque and Joyce ran away with first place. Bert and Frankkie were second. In the B Category, there was a tie between B. J. and Smoke with Mary Gill and Helen Cowan.

The Sept. 15 winners were the Davis cousins, George and John. And, it was not close—they were 12 points ahead of second place. Meanwhile, second through fifth were all in the 55% range: second place was 55.93 and fifth was 55.19. It’s really tight at our club, huh? Chrissy Bost and Allene Johnson were in the 55% bunch, so they were first in the B Category.

We are off to a good start and I hope that the next few meetings will see more of you able to attend. At the last meeting we talked about records of various church denominations. For the month of October we will have discussions on “How to Climb Those Brick Walls” in an effort to find solutions to some of the problems you may be having in your research.

The schedule for the fall meetings is Wednesday, Oct. 8, Nov. 12, and Dec. 10. Our subject for November will be announced later. However, I think we will have a combination Christmas event on Dec. 10 with the new British and Irish group that will be starting in October.

Several have requested such a group and I am excited, as that area of research is one of my favorites to explore. So, on Thursday, Oct. 9 at 6 p.m. at the Lodge we will begin a session of British and Irish research. For the first evening, we will look at the basics of Irish, Scotch-Irish, and Scottish research. Join us if you have such an interest or e-mail me at nbierirish@aol.com at any time with questions you would like to see addressed at the meeting. I hope to see you in October.

At our Aug. 25 competition, Allene Johnson and Chrissy Bost won it all for the second week in a row. The E/W winners were Ginger Bowling and Pat McCleese. There was no game on Labor Day. On Sept. 8 Jacque and Joyce ran away with first place. Bert and Frankkie were second. In the B Category, there was a tie between B. J. and Smoke with Mary Gill and Helen Cowan.

The Sept. 15 winners were the Davis cousins, George and John. And, it was not close—they were 12 points ahead of second place. Meanwhile, second through fifth were all in the 55% range: second place was 55.93 and fifth was 55.19. It’s really tight at our club, huh? Chrissy Bost and Allene Johnson were in the 55% bunch, so they were first in the B Category.

We are off to a good start and I hope that the next few meetings will see more of you able to attend. At the last meeting we talked about records of various church denominations. For the month of October we will have discussions on “How to Climb Those Brick Walls” in an effort to find solutions to some of the problems you may be having in your research.

The schedule for the fall meetings is Wednesday, Oct. 8, Nov. 12, and Dec. 10. Our subject for November will be announced later. However, I think we will have a combination Christmas event on Dec. 10 with the new British and Irish group that will be starting in October.

Several have requested such a group and I am excited, as that area of research is one of my favorites to explore. So, on Thursday, Oct. 9 at 6 p.m. at the Lodge we will begin a session of British and Irish research. For the first evening, we will look at the basics of Irish, Scotch-Irish, and Scottish research. Join us if you have such an interest or e-mail me at nbierirish@aol.com at any time with questions you would like to see addressed at the meeting. I hope to see you in October.

**Butterfield Stage News**

Butterfield Stage’s 2008/2009 season is off to a great start! We opened with an outstanding performance of The Foreigner and are looking forward to our upcoming shows. Season tickets are still available.

Butterfield Stage will present the all-female improv group Comedy Boobs on Oct. 10 at 7:30 and 9 p.m. All proceeds benefit the Susan G. Komen Foundation Walk for a Cure. Don’t miss this evening of estrogen-charged comedy full of hysterical antics guaranteed to leave you laughing in the aisles! Tickets are $25 and are on sale now.

The Unlikely Pumpkin will be performed Oct. 17-19 and 24-26. This is a heart-warming story about a pumpkin and a special child who share the sometimes-difficult gift of being unique. As they search for their place in the world they discover the wonder of their special gifts when they find each other. This is a show for the very young and the very young at heart. This original production began as a story written for Story Time at the Cooke County Library by John Broyles. You won’t want to miss this debut! Tickets go on sale for season members on Oct. 6 and to the general public on Oct. 13. Call (940) 665-8152 for more information.

The Best Christmas Pageant Ever will be performed Dec. 4-7 and 11-14. The Herdman’s were horrible children, probably the meanest, nastiest, most inventively awful kids in the whole history of the world! One Sunday the Herdman’s came to church because they heard that the minister gave out free desserts; so when they arrived at the church Christmas Pageant try-outs, even the adults were speechless. Christmas takes on a whole new meaning, and nobody would guess that it turns out the way it does. But when the curtain goes up, a real miracle starts to happen! A simply hilarious holiday treat for the entire family! Tickets go on sale for Season Members on Nov. 24 and to the General Public on Dec. 1. Call (940) 665-8152 for more information.

The Chapel Quarterly Business Meeting and potluck dinner met in the Lodge on Sept. 8. It was well attended with good food and fellowship enjoyed by all. There were some business items and plans made to bid farewell to Rev. J. L. Williams, one of our faithful pastors and the search for his replacement. Chapel services are regularly scheduled at 8 a.m. every Sunday in the Lodge Assembly Room. Two pastors have been serving the chapel on alternating Sundays. While Rev. John Hare will continue to serve us, Rev. J. L. Williams has resigned due to health reasons and some other obligations. A final farewell service for him was held on Sept. 28. J. Ray Smith will be the guest speaker on Oct. 5, while Rev. Hare will be delivering his messages on Oct. 12 and 19. His message on Oct. 12 will be entitled “Rest Points” with text from Colossians 1:1-14. On Oct. 19, his message will be “Say ‘Yes’ To Mess!” with text from Luke 10:38-42. The search committee will continue to provide us with guest speakers until a regular pastor is found.

The Chapel Choir is planning a dedication service on Oct. 19. It meets every Monday morning at 8 a.m. in the Lodge for practice and sings for the service on the third Sunday of every month. New voices are always welcome. VISTO is the recipient of food and cash donations on the third Sunday of every month. Their cupboards are emptied as fast as we can fill them, so please remember them.

VISTO’s “Backpack Kids” program is estimating it will provide between 1,100 and 1,200 children with single-serving items for the weekends and days when there is no school, meaning “no lunches.” There are a great number of families with children that need this assistance in our surrounding community.

The Lake Kiowa Chapel meets regularly every Sunday morning from 8 to 8:30 a.m. in the Lodge. All residents and guests are welcome. This is an interdenominational service that may precede your regular church service or a round of golf. Casual dress is always welcome. Please come and share this time with your friends and neighbors on Sunday morning at 8 a.m.

CHAPEL CHOIR DEDICATION SERVICE

The Chapel Choir invites you to attend a special dedication service at the Lodge on Sunday, October 19, at 8 a.m. All Kiowans are invited to the chapel services at the Lodge each Sunday from 8 to 8:30 a.m. Take a few minutes to worship God and thank him for all of the blessings He has given us. Chapel is non-denominational and dress is casual. See you there.

Keeping the laundry piles manageable is easier when everyone pitches in. School is back in session, which means washing machines are probably back in spin cycle full-time.

Soccer uniforms and school clothes will pile up quickly on top of your normal laundry heap. If you get your children involved in the process, you could cut your laundry workload in half. Follow these three steps to make dirty laundry less of a chore.

Step 1 – Start with Sorting
Put three (or more) plastic bins in your child’s bedroom or bathroom. Use one bin for colored clothes, one for whites and another for towels and jeans. If you have an athlete in the family, consider another bin for uniforms to keep grass and mud from staining other clothes. Get creative to make the sorting bins more fun for young children. Use trashcans with plastic lids and draw faces on them with a permanent marker. You can also buy pre-decorated laundry bins at most major retailers.

Step 2 – Set the Schedule
Post a washing schedule above the dirty laundry bins. On the appropriate day, have your child carry the proper bin to the laundry room to be washed. This will keep the dirty clothes pile manageable.

Step 3 – Finish Up
Encourage your child to help fold clothes. It’s not the most fun activity, but it gives you another chance to ask about his or her day at school.

Reducing your laundry workload also relieves stress on your washer and dryer. Clifford Allred at the Mr. Appliance® of North Central Texas said the back-to-school season is one of the busiest times for washer repairs. “Don’t try to squeeze as many clothes as possible into your washing machine,” Allred said. “A normal load of laundry weighs about 12 pounds, but once the clothes are wet, they become twice as heavy. The cost of washing an extra load is far less expensive than a repair bill.” Overloading a washing machine can lead to transmission and motor failure and broken drive belts. There are usually no warning signs—the machine just stops working.

Check the efficiency of your laundry room. Preventive maintenance can save you money on your utility bill. For example, a clogged dryer vent can increase your overall utility bill by $7 per month.

Use this checklist to see if your laundry room is costing you extra money:
- Replace washing machine hoses every three to five years to prevent flooding.
- Use cold water instead of hot, when appropriate. Your home’s hot water heater typically uses more energy than any other appliance.
- Clean the dryer’s lint trap regularly. Restricted airflow makes your dryer work harder and increases its operation cost. Also, excess lint buildup increases the chance of a fire.
- Make sure the washer is level and sitting on a well-balanced floor. An uneven washer is noisy and can break during the spin cycle.

JOE RIDER CELEBRATES 20TH ANNIVERSARY AS FIRE CHIEF

Joe Rider is probably one of the most well-known individuals in the Lake Kiowa community. As our Fire Chief, Joe has touched many lives over the years. This month, Joe Rider is celebrating his 20th anniversary as Chief of the Lake Kiowa Volunteer Fire Department. Joe is a man who has dedicated his life to serving and protecting the lives and assets of the Lake Kiowa community. He works tirelessly keeping the fire department in top readiness condition. He wears many different hats, ranging from Fire Chief, EMT First Responder, Certified Fire Fighter, Mechanic, Teacher, Fundraiser and Santa’s Personal Helper.

Those who do know Joe and those who don’t, please take a moment to wave when you see him drive by or stop by the station and congratulate him personally for these 20 years of devoted service.

BINGO HAS A PARTY

On the last day of Summer Bingo (Aug. 27) a surprise BIRTHDAY PARTY was held to celebrate the 98th birthday of Irene Tonello, the mother of Johnnye White. Mrs. Tonello has been a resident of Lake Kiowa for the past several years and attends Bingo every week. Cake was served to all attendees. Irene’s birthday was Sep. 16. HAPPY BIRTHDAY, IRENE!

IT’S YOUR CAR - IT’S YOUR CHOICE

New Metal Slate & Shingle Shake Roofing now available from ABC Seamless. Beautiful, Strong and Maintenance Free.

Please check out our website at www.abcseamless.com or call 668-2535 to see the product in person.

The unique 4-way locking system allows it to be installed quickly and easily. This 4-way system locks out the harshest of weather conditions. Permanent and virtually maintenance-free, Metal Roofing will last for years to come without incurring typical upkeep expenses.

Metal Roofing FAQ - Hail to the Metal Roof

Tom Black, Executive Director of the Metal Roofing Alliance answers frequently asked questions about the use of metal roofing in residential applications. Hail can break, split and cause tear-off damage to traditional roofing materials, resulting in big repair or replacement costs. Contractors and homeowners have discovered that metal roofs can protect homes from extreme weather events.

"Most of the damage to a traditional roof in a hailstorm is caused by water damage to the contents of the house when shingles are fractured," said Bill Hippard, President of the Metal Roofing Alliance. "Once a roof has a crack, water can stream into the home, damaging the structure and its contents. Water damage can lead to mold and serious repair bills."

Metal roofs are very tough and highly resistant to hail damage. Hail will not penetrate a metal roof. Even a new asphalt shingle roof won't protect a home from the next hailstorm. In fact, many metal roofing products have the highest impact resistance and hail rating (Class 4) granted by Underwriters’ Laboratory (UL). This means that a sample of the product did not crack when hit twice in the same spot by a 2-inch steel ball, which, in a storm, would translate into a huge hailstone. As a result of metal roofing’s superior performance in hail prone areas, some insurance companies even provide a reduced rate for homes protected by metal roofs.
OUTPOST THRIFT STORE

WHAT IS THE OUTPOST THRIFT STORE? A major fundraiser for your Fire Department that generates money through donations of gently used household items to re-sell at our monthly sales. OUTPOST SALES are held on the third Saturday of the month except in January and February.

DO I HAVE TO WAIT FOR THE MONTHLY SALE? No. We receive new items frequently and have sales on an intermittent basis. If you are looking for a specific item call Dee at (940) 665-4046 or the Fire Department at (940) 665-9321 and we’ll be happy to arrange a time to meet with you.

WHAT DO WE ACCEPT? Clean and working household items in good used condition or better. We do not accept clothing, soiled or broken furniture, dirty non-working appliances, and by law, we cannot accept used plumbing fixtures such as used toilets, sinks, faucets, etc.

HOW TO DONATE: If you have items you wish to donate or are unsure of what we will accept, call Dee at (940) 665-4046, Peggy at (940) 665-7977, or the Fire Department at (940) 665-9321. Be sure to leave your name, phone number and a brief message and we’ll return your call as soon as possible. IN ORDER TO KEEP THE FIRE DEPARTMENT’S PROPERTY FREE FROM CLUTTER, WE ASK THAT YOU DO NOT DROP YOUR DONATED ITEMS AT THE FIRE STATION.

ARE THERE DONATIONS TAX-DEDUCTIBLE? Items that are in good used condition or better qualify for a charitable donation as per IRS Tax Code effective 8-17-2006.

NEXT SALE: Saturday, Oct. 18 (weather permitting). Any changes or cancellations will be advertised on cable Reader Boards. Sale hours are 9 a.m. to 1 p.m.

LOCATION AND DIRECTIONS: The OUTPOST is located on CR 211 in Woodbine. Here are the two easiest routes to take from the Lake Kiowa main entrance. Turn left on to FM 902 and go 2.4 miles. Turn left onto FM 3164, go 5 miles and turn left on CR 211. We are the second driveway on the right. When turning right onto FM 902, go approximately 1 mile and turn right on CR 219. Proceed 2.9 miles, turn right on FM 678 and go 1 mile. Take a right on to FM 3164 and go about 0.1 mile and turn right on CR 211. We are the second driveway on the right.

***Due to the nature of services the Fire Department provides, it is difficult to adhere to a strict timetable. Our top priority is responding to emergencies, so please be patient and we will pick up your donated items as soon as possible.

Thank You!

WHY DON'T WE DO SOMETHING ABOUT THE PLANET?

Water pollution from oil leakage and oil spills affects our health, our drinking water, and our wildlife. It also affects our recreation. We can’t send our children out to play in our own lakes and streams. We need clean water.

If everyone who could help will help, we can make a difference. If everyone will do their part, we can make big changes. It’s up to us. The final decision is in our hands.

You’ve made the difference for NOAH’S ARK: Saving the Planet, One Dog and Cat at a Time!

THANKS!
An Interview With Chef Michael

Chef Michael C. Hackman joined us recently and is now starting his fourth month as our executive chef. We had the opportunity to sit down with him to discuss his approach to his job and what he has accomplished so far during his brief tenure.

CQ - What is your basic philosophy?

CMH - My philosophy is really multitrifed. First of all, I believe that, in any business, to be successful, you have to surround yourself with good people. Coming to Lake Kiowa is an opportunity to be part of something great and to be around good people.

You start off in a new restaurant coming in as an executive chef, you have to start by observing—observing the menu, observing the staff, observing your clientele. I was charged when I came in to change things for the better and I have done that. And, the way I have done that is through my philosophy. My philosophy is change. If you stand still, you are not changing. If the menu doesn’t change it gets stagnant. Also, the crew that is preparing the items on the menu, they become stagnant and they also become bored, complacent. I’m not one to put up with that for very long. I want them to be the best at what they do, which gets us back to my opening statement about being surrounded by good people, which makes me a better executive chef.

I have had the opportunity to work for some of the best chefs, I believe, in the country if not the world and I have learned an awful from them. And, my sous chef Danny and I love to have fun and we love to teach. That is what we love to do.

I believe in teaching my staff the right way to do things, teaching them how to make a recipe to the science of the recipe and, if you know the science of the recipe, then, if something goes wrong, you can fix it without having to throw your arms up in the air and say: “Well, I messed this up. What do I do?” You’ll know what to do. That pretty much wraps up my philosophy.

CQ - You briefly touched on what you want to achieve. You want to make this a first-class operation here.

CMH - Yes, my ultimate goal is to have Lake Kiowa be the envy of North Texas and the entire state because of the quality of product that we put out, the way that our service runs, the way that the members are so confident that they’ll have a great dining experience, be it a burger at lunch or a very nice dinner. They’ll know that they’re going to be able to bring their friends, their co-workers, people who may be coming in to possibly purchase a home. They’ll know that the product here is going to be exceptional all the time. We’re not there yet. The consistency of the food product is getting better and better. It’s going to take time for past problems to be a thing of the past. I’m not saying by any stretch of the imagination that there will never be problems, but they’re going to be of a more manageable size and quantity.

Now, a lot of things go into that. It’s not just enough to have a kitchen that knows how to cook. We have to raise the bar with our services. We can’t very well charge a premium price if we are not giving premium service. That makes no sense at all and, being a fan of food and dining out as I am, if I am not getting good service in my private life, I’m not going to tip.

People who come here to eat are obliged to tip, because it is built into the price at the end of the ticket. What the staff has to understand is, if they give exceptional service, if they raise the bar for themselves and their co-workers, then that little line at the bottom of the ticket is going to be filled in with a monetary value that eventually goes into their pocket, which gives them a great sense of pride, which gives them less stress in their private lives, because...
I was hired as an expert and I would venture to say that they haven’t had an expert here for a very long time. And, that’s not being egotistical. I’m very good at what I do and I let Randy know what is going on, because Randy and I are a team. Also, it’s really good that, if you’re to try something off the beaten path, it’s good to have an ally with you to charge up that hill.

The two five-page menus I rolled out shortly after I arrived here—that was pretty much a litmus test, because they had the same menu forever and, in the same menu, you had a lot of redundancies. So, we tried to go a different route by separating lunch and dinner. And, you know, I wouldn’t say it was a failure. It was quite popular with a lot of people, but I found out how much people are willing to spend. I listened to suggestions from people. I’m always willing to listen to suggestions if they are in the proper forum and in the proper format.

In my estimation, 90% of the people who come to the Lodge are happy with the way things are going. They know it’s a progression, they know that you are not going to be able to snap your fingers and this is going to be a fantastic restaurant. There is 5% who don’t care and there is another 5% who is going to find something to complain about no matter what. That’s what they do. And, that’s fine. Everybody has to have a hobby. I don’t begrudge people for complaining.

Somewhere, living in a gated community, some people forget basic economics. Food costs a certain amount of money. The facility, to keep the lights on, costs a certain amount of money. And, the people who prepare the food cost a certain amount of money. Yes, it’s going to be cheaper if you make it at home, if you don’t have somebody serving it to you, if it’s not cooked with expertise and if you’re not getting the ambiance.

When I came in, I made it widely known that we are going to use fresh produce, we are going use fresh meat, we’re going to create a higher-quality product but it is going to cost more. We’re not going to use Swanson’s packaged dinners and throw them on a plate back there. It’s not happening. And, $4.95 spaghetti is never going to happen here, because we have to make this a better place. Yes, it is an amenity. Yes, it is subsidized by dues. Yes, people miss the old Lodge. I miss dollar gasoline. Things go up.

I really do have the best interests of the people of Lake Kiowa in mind. That is how come I am using the freshest product possible. That’s why I have gone non-transfat frying oil. That’s why I am trying to do everything fresh in house, even our salad dressings. Most of those are made fresh in house every day. That’s why, if I see a burger go out that’s not up to my standards, and granted I can’t see them all, there are going to be problems. But all I would hope for is that, if you have a comment, I’m easy to find. I’m the guy with the ponytail. It’s pretty easy to find me. Come up and say Hi or give me a call.

I’ve been around this business a long time and know that you’ve got to take the good with the bad. You know what I am talking about. You can’t take all the praise without taking the criticism. I know that and I welcome criticism, because it makes my job easier actually, as long as it’s factual. People either like me or they don’t like me. They may not like the fact that I have long hair. They might not like the fact that I wear different pants. They might not like the car I drive. And, that’s fine.

The fact of the matter is that I am the executive chef here and I was hired because I am an expert. And, I am doing the best that I think we can do given our budget constraints. And, we are going to keep on stretching that dollar until that eagle screams.

I know that there are going to be hurtful things said to me. I wouldn’t say it doesn’t bother me, but it doesn’t affect me, because I know that I can still go home to my beautiful wife Cheryl, pat my dog on his head, sit down, smoke a cigar and know that I did the best I could that day. And that is the most important thing. As a person living in their own world, if you can go home and you can look yourself in the mirror and know that you did your level best, you did OK.
LEADERSHIP LAKE KIOWA VI

Where the Spirit of Community Begins

STATED PURPOSE: To develop, encourage, and motivate creative, well-informed, civic-minded Lake Kiowa property owners willing to devote time and energy toward assuming leadership roles at all levels of the community.

Learn how all the pieces of the puzzle fit together

We will delve into what makes the puzzle of this diverse gated community work and how it fits together with our own governing documents, the laws of the State of Texas, and Cooke County. Join us for an intense 4-session 28-hour course of study held at the Lake Kiowa Lodge on the first Friday in October, November, December, and January, beginning at 9 a.m. and ending at 4 p.m. The $85 tuition charge will cover meals, breaks, and educational materials. Certificates of Achievement will be presented to each graduating member at the end of the course.

This course is open to Lake Kiowa property owners and anyone outside the community who is interested. It is time to register for this program. Please contact LaVerta Burhans at laverta@ntin.net, or call (940) 612-2057 or (940) 736-8598 (cell), or any Kiowans member.

Moments To Remember 2008-2009

From the President…

September 11th, our first meeting of the Kiowa Woman’s Club 36th year, had many Moments to Remember. We began by honoring those who died on this day seven years ago, their families and our military who serve in harm’s way to protect us. For our program, Dave Tanner gave us many wonderful moments to remember as he continued his musical story of Broadway’s Greatest Hits that he began last September. Dave is so popular that Program Chair Sharon Smith has again booked him for September 2009.

Our Board members all wore pink and the Canasta Department provided lovely pink centerpieces for our tables in keeping with our “think pink” support of the Seventh Lake Kiowa Rally for the Cure® benefiting Susan G. Komen for the Cure®. If you were unable to attend the meeting and receive your new membership yearbook for 2008-2009, come to our Oct. 9 meeting. If you have not yet joined KWC, call Carol Jacobsen, Membership Chairwoman (1-940-368-4950) or you can join at our October meeting.

Fiesta Jolgorio, our first Gourmet Group gathering, was held at the Pavilion and was a great success. Even the weather cooperated by giving us a perfect evening. Gourmet is open to all Woman’s Club members and, if you like good food, a fun time and the opportunity to make new friends, call Sue Vickery (940-612-3422) or Jan Jacobsen, Membership Chairwoman (1-940-368-4950) or you can join at our October meeting.

OCTOBER PROGRAM

Gena Dill of Kinne’s Jewelry will present a program on jewelry designs. “Red Wine and Jewelry” will be entertaining and informative. See you on Oct. 9 at 10:30!!!

OCTOBER MEAL

Fiesta Jolgorio, our first Gourmet Group gathering, was held at the Pavilion and was a great success. Even the weather cooperated by giving us a perfect evening. Gourmet is open to all Woman’s Club members and, if you like good food, a fun time and the opportunity to make new friends, call Sue Vickery (940-612-3422) or Jan Thompson (940-665-6651). You don’t even have to like to cook, as there are several “out to lunch” groups. Judy Penland and Genevieve Avinger are chairing our April Fashion Show. Judy heightened our anticipation of this event by announcing the theme, which is “Phantom Moments in Time.” Based on “Phantom of the Opera,” this should be quite spectacular.

To learn more about all Woman’s Club activities, just take a look at your yearbook. Whether it’s a Bible Study, Book Review, Bridge or Canasta, Garden & Nature field trips, Arts & Crafts, or the above-mentioned Gourmet Group, there’s something for everyone.

Chef Michael prepared a delicious luncheon and will continue to provide us with an excellent variety (based on the suggestions we received in the “Menu Box”). So don’t forget that lunch reservations or cancellations must be made by noon on the Monday prior to the meeting.

Our Oct. 9 meeting is sponsored by Garden & Nature and, if you like jewelry as much as I do, you won’t want to miss hearing Gina Dill from Kinne’s Jewelers speak about “Jewelry: The Story.” See you then.

Kiowa Woman’s Club Bible Study got off to an exciting start last month with this year’s kick-off Bible Study at Linda Stroup’s home. If you are interested in and/or curious about what the Bible has to say, then please join us at 10 a.m. on Tuesday, Oct. 28 for our next meeting to be held at the home of Julia Mayo, 111 Pawnee Trail N. We are continuing our study of Genesis. Newcomers are always welcome!

Please note that Bible Study meets on the fourth TUESDAY of the month. In the yearbook, it incorrectly says Thursdays.

Fiesta Jolgorio held in the Pavilion with 175 people attending was a great success. We had a beautiful night for our first Gourmet event. Kirk Hamilton furnished our entertainment for the evening. Our door prize winners were Lucille Crow, Jennifer Schmidt and Dot McAllister.

We surprised Irene Tonello on her 98th birthday with a Happy Birthday poster card and a birthday cake.

We are looking forward to our next event, which will take place Dec. 16 (A Night at the Oscars).

THE MOBERLY CHALLENGE WALK 2008
LAKE KIOWA WALKS IN SUPPORT OF
RALLY FOR THE CURE®
This event is sponsored by Gainesville Landmark Bank and prizes were given for:
The Oldest walker to finish
The Youngest walker to finish
The most money raised from Sponsors

Thank you for your support. Walking will help keep you healthy and at the same time meet a great challenge. $13,000 raised by this event will be donated to Susan G. Komen for the Cure.

Bob Moberly was the oldest participant and the original inspiration for this portion of the Rally For the Cure Fundraiser, as he always celebrated his birthdays with a walk around Lake Kiowa.

Marion Hoeflein was the individual who raised the most money.

Evelyn Seay was recognized as being the youngest participant.

Tom Bergstrom and Sue Anglock, along with Ollie, Daisy and Mary, were the first to finish.

Did you know that one in eight women are affected by breast cancer during their life? We are trying to develop a registry of breast cancer survivors at Lake Kiowa to provide support and education for our community. If you are a survivor, please contact Sarah Franklin at (940) 668-7922 so your name can be added to this registry.

ABOUT SUSAN G. KOMEN FOR THE CURE

For more than 20 years, Susan G. Komen for the Cure has been a global leader in the fight against breast cancer through its support of innovative research and community-based outreach programs. Working through a network of U.S. and international Affiliates and events like the Komen Race for the Cure®, Komen for the Cure is fighting to eradicate breast cancer as a life-threatening disease by funding research grants and supporting education, screening and treatment projects in communities around the world.

SUSAN G. KOMEN’S STORY

Susan G. Komen for the Cure was founded on a promise made between two sisters - Susan Goodman Komen and Nancy Goodman Brinker. Suzy was diagnosed with breast cancer in 1978, a time when little was known about the disease and it was rarely discussed in public. Before she died at the age of 36, Suzy asked her sister to do everything possible to bring an end to breast cancer. Nancy kept her promise by establishing Susan G. Komen for the Cure in 1982 in Suzy’s memory.

scheduled in 2009. Also, if there is major business to conduct, a meeting and luncheon could be scheduled on one of these Saturday playdays to give our women who work an opportunity to be more involved. The motion passed as proposed.

The 2008 Susan G. Komen Rally for a Cure® is at the top of the agenda these days. As we know, Fran Adams and her committee of Elaine Blackwell, Regina Carnley, Sarah Franklin, Marcia Hammond, Julia Mayo, Donna Osborne Chapman, Rosal Leigh Wood and LaVonne Duryea have been hard at work to make this year a banner year for the rally. The events included the Moberly Challenge held on Saturday, Sept. 6, followed that evening by the talents of Les Gilliam.

This year a banner year for the rally. The Duryea have been hard at work to make whatever—way to go, gals!

be much more on that next month. Fran also reminded rally players that shirts could be picked up at her home.

According to Maureen Anselmi, seven couples signed up for the 9-Hole Couples Tournament on Sunday, Sept. 7, which was to be followed by a potluck dinner, but this event had to be canceled due to the course being closed.

Regina Carnley announced a WGA Saturday Playday for Sept. 13 for the women who work, with the signup deadline being noon, Tuesday, Sept. 9. Everyone looked forward to playing, but “Ike” caused a rainout.

LaVonne Jucha announced that the club championship is to be held Sept. 19-21. Signup deadline is Sept. 14, and a field of 24 players is required for match play for the 18-holers. Nine-holers may either play in the three-day championship or play two days only in a format decided upon before the tournament. Everyone is welcome to the $9 Sunday lunch at the Pavilion. Judy Neal will be presiding over the meal. This has been postponed until Oct. 17-19 and hope we have “greens” to play on at that time.

According to Mary Pilfer, another golf association opportunity is the Red River Valley Women’s Golf Association on Sept. 11 at El Dorado CC. Margie Nash announced the Texoma Women’s Golf Association play at Hurricane Creek CC Sept. 9.

All were reminded that, due to reseeding of greens, the regular scramble would be Wednesday, Sept. 10. Also, Audrene reminded members that, due to the Rally for a Cure on Oct. 1, the October business meeting, luncheon and scramble would be held on Wednesday, Oct. 8.

On a drippy, cloudy day and using temporary greens, nine brave souls took to the course. The stats for play were: 1st Gross 74 Net 63.1 (money) - Cynthia DeBorde, Margaret Dressel and Pat Smith; 2nd Gross 82 Net 71.3 - Jan Thies, Maxine Pattillo and LaVonne Jucha; 3rd Gross 91 Net 76.7 - Audrene Robison, Maxine Lane and Donna Rehm. According to Ruth, 1/3 of the field pays, but 2nd and 3rd place get two balls each. Endurance, diehard dedication, playday support, whatever—way to go, gals!

**MGA PLAYDAY SATURDAY, SEPTEMBER 13, 2008**

Even with Hurricane Ike threatening to disrupt the event, we were able to complete the playday without any rain delays. The format was a ProAm Scramble which is where the A player is the pro for the whole round. Everyone teed off and both the pro and the scramble team selected the longest drive. The pro then played his ball and the scramble team played a scramble.

The search is on for a new golf course superintendent. We will continue to play on temporary greens until further notice. A permanent solution is being formulated to address the greens and the results will be forthcoming. In the interim, the next step is to overseed the greens with rye. This should see us through the winter and potentially provide the ladies a fair quality green for the Rally for the Cure. In the meantime we ask the golfing community to be patient.

Tournament scores do not affect your handicap unless they are exceptionally low scores. If they are exceptionally high then they are not used in the computation of your handicap.

Your handicap is figured using the best 10 of your last 20 scores regardless of whether they are regular play or tournament play. The handicap system retains your two lowest tournament scores and the number of tournament scores you have within any year period and only uses them for reduction if those two low ones are exceptionally low. You are reduced depending on how much lower they are compared to your handicap from your latest 20 games, and then the reduction depends on the number of tournament scores you have during the year period.
AUGUST HOLD’EM POKER

On Wednesday nights we have one session that starts at 7 p.m. (please sign up prior to 5:55 p.m. sessions). On most Friday nights there are two sessions, one at 7 and one at 8 p.m. after completion of the first session (typically at 9:20). The last Friday of the month is our end of the month tournament, one session starting at 7 p.m. with prizes generously donated by the Lodge (Thank you, Lodge staff!). The end of the month tournament will have a maximum of 72 players. The top 48 point finishers are automatically entered, any players with points for the month will fill out the field, if you have not played that month you can play but will not be eligible for prizes.

The results for the August poker nights were: 8/1/08 1st Session - Ronnie Young, 2nd Session - Paul Mason; 8/8/08 1st Session - Jim Pollard, 2nd Session - B. R. Good cards come and go. Luck comes and goes. It is important to understand the quirks, tells and betting patterns of your opponents at the table. What is the most important factor in Hold’em Poker? I have been asked that and, like many others, I feel that it is position.

There are three basic positions, early, middle and late position. At a table with eight players I consider the first three players to be in early position, that is the small blind, big blind and “Under the Gun.” Having early position is often a disadvantage. You will always be one of the first to act, which allows your opponents to react to what you do after you have taken an action. You are at a disadvantage, because good opponents can come up with ways of disrupting or exploiting your play since they can wait to see what you do first.

The next three players to the left of the early position players are called the middle position players. Being in middle position has few advantages and quite a few drawbacks. The reason is that, when in middle position, you are able to see the early position players’ moves before the action comes to you, but you still have players in late position acting behind you. You need to be wary of being squeezed when trying to call a bet by a player in early position, but are getting raised by another opponent in late position. This is dangerous because you may be wanting to slow down the action when you are holding a marginal hand or are wary of your opponent acting behind you in late position, but the middle position player is either too aggressive or has a good hand himself and is forcing you to commit more chips to the hand.

The last two players to act in the round are considered the late position players. Being in late position is a very big advantage in Texas Hold’em, because of the dynamics of the game. When in late position, you are often in situations where the hand has been checked around and you have an opportunity to steal the pot right there. The steal situation is often impossible for anyone in early position or mid position since they cannot know the strength of their opponents’ hands behind them and randomly betting out is a dangerous thing. When you are in late position and can see nothing but checks ahead of you gives a good indication that your opponents are likely holding nothing of value and makes the steal a much safer play.

Another play in late position is the semi-bluff. The semi-bluff is raising a player who bet out in early or middle position when you are drawing to a better hand, such as a straight or flush. This play works in two different ways: 1) by raising, you are hoping that your opponent will be scared and possibly fold, especially if he/she only had a mediocre hand to begin with and 2) making your opponent put the brakes on his own action and check to you on the turn if he calls your raise on the flop. The early raise is usually no more expensive than calling the early players bet twice and puts you in a position of power instead of merely reacting. Unless the player in early position hits a big hand on the river and bets the hand accordingly, your earlier raise magnifies the power of your bet.

As a general rule of thumb, just remember that early position requires you to play stronger hands, while late position gives you the option of playing drawing hands. When you see the professionals betting large on relatively weak hands, look to see what position the player is in.

Lake Kiowa Fishing Limits

Bob Lusk, Fisheries Biologist and Lake Management Consultant, made the following fishing limit recommendations. These recommendations have been given careful consideration to keep a thriving ecological habitat for Lake Kiowa.

The Angler and Conservation Club has fully endorsed the following fishing guidelines for Lake Kiowa:

Rainbow Trout:
- 5 Per Day, Per Person

Black Bass:
- Keep Black Bass between 10-15 inches; 5 Per Day, Per Person.
- Release all other Black Bass under 10 inches and over 15 inches.

Crappie:
- Keep over 10 inches; 10 Per Day, Per Person.
- Release all under 10 inches.

White Bass:
- Otherwise known as Sand Bass.
- No Limit.
- Remove all you can.

Perch:
- No Limit.

Channel Catfish:
- Keep fish over 14 inches; No Limit.
- Release all under 14 inches.

Drum:
- No Limit.
- Remove any caught from lake.

Carp:
- No Limit.
- Remove any caught from lake.

TROT AND JUG LINES ARE NOT PERMITTED

Dock owners are encouraged to provide cover for the fish under your docks. Make sure the trees are securely anchored not to interfere with boat traffic. Feed the fish! Dry dog food or pellets especially made for the fish are readily available at feed stores. For questions, feel free to contact Mike Bitsche for specifics.

SECURITY REPORT
August 13 – September 9, 2008

Kiowans were given one last beautiful three-day weekend this summer to enjoy the lake and other amenities. Water conditions were good and boating activity was heavy, but the number of stops for observed violations continued a downward trend begun with the lake safety campaign in the weeks just prior to the July 4 holiday. Lake Patrol Officers assisted 4 stranded watercraft during this reporting period and overall lent assistance to 21 boaters over the course of the spring and summer boating season. Two citations for lake violations were issued to make a total of 25 citations written on the lake in 2008. Land patrol officers likewise recorded relatively few stops but one citation was issued for speeding. Three motorists were assisted, two suspicious vehicles were searched for and an automobile accident was investigated.

There was only one reported act of criminal mischief compared with 17 the month before. This reduction may in part be attributable to the activities of a newly re-formed nighttime neighborhood watch committee. Any residents interested in being a part of this effort are asked to contact the Chief of Security. Security patrol discovered three unlocked doors or gates, checked the welfare of three residents, responded to two business alarms, responded to two business alarms, removed an illegal sign and searched for a suspicious person.

Response was also indicated to two prowler reports, a disturbing the peace call, a complaint of bicycles on the golf course and an observed cart off the path. Security personnel received a report of an alleged theft and led Cooke County deputies to the scene of a domestic disturbance.

Animal Control Officers responded to 20 stray dog calls, 4 barking dog complaints, a report of a unconfined cat and a loose cow. Twenty-one varmints were caught in traps or otherwise dealt with. Guardhouse personnel logged radio transmissions for 27 LKVFD emergency runs and Security patrol escorted 6 ambulances to locations within Lake Kiowa.

Any person other than an owner, a lessee or member of the family of an owner or lessee not in possession of a Guest Card, shall be considered a trespasser and may be evicted unless accompanied by an owner or lessee or a member of the family of an owner or lessee.
CALL TO ORDER: President Peggy Padgham called the meeting to order at 6 p.m. All were present except Jerry Slater. A quorum was established.

ADDITIONS TO AGENDA:
Siren on East Beach
Nomination to Investment Committee
20 MPH speed limit on West Side

APPROVE MINUTES: It was noted that Lee Skinner’s votes regarding citations 2066 and 2069 had not been properly recorded in the minutes of August 11. Lee Skinner made a motion to approve the August 11 minutes as corrected. Linda Moore seconded. All were in favor.

ACC HANDBOOK REVISIONS: Discussion of the proposed revisions to the ACC Handbook were postponed for our next meeting to provide all Board members time to read and digest the information.

ENTRANCE SIDEWALK: Randy Schmaltz presented a proposal to pave the cart path in the entry island by the front gate. It requires 12 yards of concrete. Wayne Shearer made a motion to approve $1250 from AARF to pave the cart path in the entry island. Bill Dalton seconded. All were in favor.

TRAILER HILL: Randy Schmaltz presented three estimates for fencing trailers. The estimates range from $1,750 to $3,723. Changing the base from pea gravel to crushed granite would incur an additional $19,440 for 720 cubic yards of material. The current area provides 108 spaces, of which 99 are currently leased for $10 per month. Justin McMurry raised questions about the accessibility of trailers to the lessees in the current configuration. Wayne Shearer voiced a concern that it may be worth looking at alternative locations for trailer storage. All Board members were requested to visit the area before the next meeting. Wayne Shearer will chair an ad-hoc review of other locations.

SIREN ON THE EAST BEACH: Lee Skinner reported that a wire powering the East Beach siren had been cut during East Beach renovation, and the siren had been running on its backup battery power. This required replacement of the backup battery. Lee Skinner made a motion that the Board approve replacement of the backup battery for the siren at the East Beach. Wayne Shearer seconded. All were in favor.

EXECUTIVE SESSION: At 6:24 p.m., Lloyd Butts made a motion to enter executive session. Lee Skinner seconded. All were in favor.

COMMITTEE: President Peggy Padgham called the meeting to order at 7 p.m. She led the assembly in the Pledge of Allegiance. Jim Mead was a new member in attendance. Jim and his wife Pat became “full timers” here in June.

TREASURER’S REPORT: (see complete report in CommuniQué): Lee Skinner presented the July Financial Report. The month of July was very hard on the Repair and Maintenance Budgets in most departments. Repairs of $9,700 over budget included, among other things, work on air conditioning units at the Lodge and Pro Shop. The Golf Department was over budget, however, the budget is spread over 12 months and some of the actual expenses incurred in July will be dispersed over the next four to five months. By December the Golf Department should settle down. Salaries, food and beverage were the accounts showing most of the over budget items for Lodge and Tavern for July. The LKPOA Investment Committee is meeting to discuss improving our position on monies held in our bank accounts.

ASSOCIATION:
Before the meeting, the Board members were requested to be present for the annual meeting on October 15th. The Board members were also requested to be present for the installation dinner on October 21st.

DEPARTMENT HEAD REPORTS

LAKESIDE PROPERTY OWNERS ASSOCIATION BOARD MEETING
AUGUST 18, 2008
3 on the North side of the Lake. Don responded that it was a fish spawning ground.

Randy Schmidt will work with the Anglers Club to determine what, if anything, can be done.

Brett Wilson reported that a lot of labor had been expended for the 4th of July celebration and that many additional food supplies had to be ordered to support the new menu. Brett expects our financials to improve next month and to have funds left over them by September. Most residents present who had tried the new menu reported that they liked it. A resident stated that Sunday breakfast was very good, however, the current number of people being served, the Lodge is losing money on Sunday Breakfasts. Chef Michael stated that he is committed to raising the quality of the food, and that both the quality and the costs of providing it will get better.

Gary Davidson reported that vandalism was continuing and that Security had been called to a break in at the Kiowa Pharmacy where the suspects were said to have been using a deadly force. Bill White asked if it was true that a firearm had been discharged. Chief Davidson responded that a suspect had fired two shots. Tony Morris stated that since there are no children or grandchildren visiting, reports of shots fired should be big news in the local papers. Mr. Morris also stated that there is no law stating a juvenile’s name cannot be reported; it is a convention the news media has taken advantage of it by bringing in many things for other non-residents, and that while the local patrol is able to accept things like brush and tree limbs, it was not financially viable to hold the full fall clean up. We will reconsider again for spring clean up. Brett voiced his disapproval of the cancellation.

Paul McMurry inquired about the status of the Fairway Bay Lots. We have done the legal paperwork required for a forced sale. If the owed accounts are not settled within a prescribed number of days, there will be an auction of the lots “on the courthouse steps”. This could be contested.

LaNelle Little asked if we have to go to foreclosure. President Padgham responded that, per our attorneys, this is the most cost-effective manner.

PRESIDENT’S COMMENTS:

President Padgham thanked everyone for their questions. She announced that the Board had approved the paving of the drive areas on the 1st Board Workshop was scheduled. Our next Board meeting will be September 15th. She encouraged everyone to patronize the Lodge for dinner and to bring your friends!

ADJOURN: Linda Moore made a motion to adjourn. Lee Skinner seconded. All were in favor. The meeting adjourned at 7:55 p.m.

Respectfully submitted,
John Wolck

LAKE KIOWA PROPERTY OWNERS ASSOCIATION

CALLED MEETING
AUGUST 19, 2008

CALL TO ORDER: President Peggy Padgham opened the meeting with a word of prayer.

CALL TO ORDER: The meeting was held at the Kiowa Homeowners Water Supply Corporation Office and was called to order at 9 a.m. by President J.A. Samples.

ESTABLISHMENT OF QUORUM: A quorum was present. Jerry Hollon was elected to serve as the second.

APPROVAL OF THE MINUTES:

The minutes of the July 9, 2008 board meeting were approved with the addition of a special meeting on August 19, 2008. Brent Reed expressed his appreciation for the hard work of the Board members.

MANAGER’S REPORT: Mr. Barney reported on the installation of a new tap on lot 3153. The Water Corporation has been kept busy fixing tap blowouts and main breaks. Bob has had 16 hours, and Gary also had 16 hours. The Water Corporation has received about 95 letters of non-compliance for watering on Monday and Tuesday. This week on Monday and Tuesday water usage was down and we are pleased with the compliance. No fines have been levied as of today.

DISCUSSION AND APPROVAL OF FINANCIAL STATEMENTS AND AUTHORIZATION OF PAYMENT OF BILLS: After a discussion of the financial statements, Brent Reed made a motion to pay the bills and table the financial statements. Bill White seconded the motion and all were in favor. Ronny discussed the use and purchase of a used Pitney Bowes folding/sorting machine. Bill White made a motion to approve the purchase of a folding/sorting machine. Al Arronte seconded it and all were in favor.

COMMITEE REPORTS:

Long Range planning committee has met two meetings. They are looking at supplementary water supplies. They would take a few years to get a line from Gainesville in order to buy water from Moss Lake. They are also looking into the possibility of drilling another well and building another ground storage tank.

Bylaws - The Bylaws committee has had one meeting and is making progress rewriting the bylaws. Their goal is to have the bylaws ready for review by November. Another meeting will be held tomorrow.

Conservation - The conservation committee has not met, but has scheduled a meeting for August 26.

DISCUSSION AND POSSIBLE ACTION ON COPY MACHINE LEASE: The Board reviewed three bids. Ronny will test the Toshiba machine before he makes a decision. Brent made a motion to let Al Arronte work with Ronny to lease a copy machine within our budgeted numbers. Bill White seconded it and all were in favor.

DISCUSSION AND POSSIBLE ACTION ON VARIABLE FREQUENCY DRIVES FOR DAM STATION: After looking over the bid from TNT Electric, claiming we would save money on our electric bill except during times of heavy usage, the Board decided to wait until the two drives we have already purchased are installed and then judge if they are saving us any money.

DISCUSSION AND POSSIBLE ACTION ON BACKYARD GENERATOR: To date we have received only one bid for a generator from TNT. Since we are required by the state to have a back-up generator or have a contract in place to have one on site in 24 hours, we have decided to get ready for the generator by remodeling the present shed to make the necessary connections and provide a separate fuel tank. Brent Reed made a motion to approve accepting the bid by TNT to modify the shed for $1700. Bill White seconded it and all were in favor. We will wait for more bids on the generator to make any decision.

DISCUSSION AND POSSIBLE ACTION ON LANDSCAPING CONTRACT: Bill White made a motion to accept the contract with The Outdoor Home to maintain the Water Department’s flower beds through November. Al Arronte seconded it and all were in favor.

ADJOURN: Justin McMurry made a motion to adjourn. Peggy Padgham seconded. All were in favor. The meeting adjourned at 7:48 p.m.

Respectfully submitted,
John Wolck
