Nominations Needed For LKPOA Board of Directors

It is the time of year to start thinking about candidates for the LKPOA Board of Directors. This year there will be three (3) directors to be elected. Retiring after completing their terms will be Jerry Slater, Justin McMurry and John Woldek; therefore, we need at least six (6) candidates on the ballot.

The LKPOA Board of Directors has the responsibility to govern our community and to preserve our LKPOA common assets/amenities. As each of us has an interest in protecting our individual property values, the decisions made by the Board affect us profoundly.

We need people of integrity that are interested, intelligent and involved to be presented on the ballot. Each director is elected to serve a three-year term. Please devote some time in consideration of who you would like to see serve our community by becoming a candidate to be a director of the LKPOA.

The Board of Director Governance Policy, Sections 1.2 “Major Duties of the Board” and 1.3 “Due Diligence-Responsibilities of Individual Board Members” are printed on page 31. The entire document is available on the LKPOA Web site.

The LKPOA Nominating Committee is seeking your assistance in identifying potential candidates to run for the LKPOA Board of Directors. A nomination form will be in your November LKPOA statement. The form is also printed in this issue on page 31. You may nominate yourself or another member and you may remain anonymous if you choose. The form may be returned to the LKPOA Office or to any member of the nominating committee. In addition, the LKPOA nominating committee members welcome your phone calls to discuss potential nominees or particulars of the nomination and election process.

Potential candidate names must be submitted to the committee by November 15, 2010. Committee recommendations of candidates are to be presented to the LKPOA Board of Directors by December 15, 2010. The candidates’ names will be published in the January 2011 CommuniQué. Ballots will be mailed to all homeowners on February 1, 2011. All ballots must be submitted by March 1, 2011.

Those elected will be announced at the LKPOA Annual Meeting to be held March 12, 2011.

The LKPOA Nominating Committee comprises: Nathan Outlaw, Chair, 915 Kiowa Dr. W. (940) 668-1895, noutlaw@ttnet.net; LaVertha Burhans, 105 Santee Dr. E., (940) 736-8598, laverta@ttnet.net; Jayne Sweet, 1205 Kiowa Dr. W., (940) 668-7314, jayne concess@yahoo.com; Larry Wilson, 113 Cocopa Dr. W. (940) 612-1107, wilson5253@sbcglobal.net; and Shirley Wooldridge, 318 Navajo Tr. W., (940) 668-7997, smwooldridge@ttnet.net.

Please return this form to the LKPOA Administration office with your dues payment or directly to the Nominating Committee at 915 Kiowa Dr. W.

Thank you for your interest and participation in our nomination process.

Board Notes October ...

Great news! We now have a new sound system at the Lodge. You may have already “heard” this news while attending a recent function at the Lodge. The new system is portable and can be “rolled” to the Pavilion or even down to the beach. The system was purchased through contributions from the following clubs: Kiowans, Kiowa Woman’s Club, Friends of the Lodge, Computer Club and the Lake Kiowa Chapel.

Texoma Area Solid Waste Authority Inc. (TASWA) has increased the monthly garbage rate charged Lake Kiowa residents by sixty cents, effective November 1, 2010. The monthly rate will increase from $13.05 to $13.65 to cover the increase in landfill costs. This increase will be reflected in your November billing.

that makes Lake Kiowa the special place that it is. and why we are so fortunate to live here.

In the 2009 November CommuniQue, I announced that the Board of Directors approved the installation of the toll tag reader at the front gate. This year we have installed the same type of gate drop barriers at the entrance and exit sides of the East Gate. During the day, the sliding gates will be left open, with just the drop barriers controlling entrance to and exit from Lake Kiowa. This will allow vehicles to enter or depart the community much quicker than is the case with the sliders. These slide gates will be reactivated in the evening, providing additional security. The addition of the drop barriers on the entrance side will reduce the amount of time it takes to get onto the property during peak afternoon usage hours, thus eliminating the long lines presently being experienced.

This year’s fall clean-up is scheduled for Friday, Saturday and Sunday, Nov. 5, 6 and 7. Please remember that we cannot accept any hazardous materials such as batteries, oil, tires, paint, chemicals or computer or television monitors (CRTs). And, I once again want to emphasize: NO SCAVENGING is permitted!

That’s it for now. As always, if you have any thoughts or concerns, please do not hesitate to contact me. Randy

looking for a group to paint with?

So are we!
We have found a great location in the new “Derrick” complex at the entrance of Kiowa on FM 902.
This organization would have a place to paint with weekly paint-ins, plein air events, gallery shows, workshops, a place to display your art for sale, and have fun keeping your brush wet while meeting new painters.
Monthly dues would be required to cover rent and operating expenses.

Things are coming together well at The Derrick and we hope you view it as a great supplement to our community. Thank you to so many that stopped by during the open house and expressed your support and great ideas!

We would like to express a huge “Thank You” to so many who have helped bring “The Derrick at Lake Kiowa” out of the ground. First, speaking of the ground... to Wayne and Carolyn Harper. The whole concept has been inspired by Wayne’s oil derrick and its iconic presence for so many years... We can’t wait to get it lit up again, and they will be the first to flip the switch.

Then, our community realtors; Lake Kiowa Realty and Lake & Country Realtors. Both Mike Ervin and Don Schneider and their teams have provided us tremendous support, ideas and access to their networks. Their passion for this community goes beyond business. Larry & Janie Clark and the entire Clark family of Lake Kiowa Septic and Landscaping have been incredible resources from day one. Wait until you see the wagon contributed to the site from Larry and Janie’s own front yard to ours. Their work ethic and generosity is what I have come to love most about this area. Jaquie Osborn of My Outdoor Home has just done wonders with landscaping and has been very resourceful on so many topics, and regular visits from our favorite neighbor, Bill Koziol of William George Homes, Inc.; Bill’s insights, experience and wit keep us on track! Locals such as Red River Plumbing, B.C. Lemons and Floorsource have been so quick to respond and have done great work for us.

Finally, Jerry Warren and Jeff Butts of Landmark Bank have been great partners. We look forward to working with so many more of you.

We are excited to have someone step forward and want to open a fitness and activity center which is something we hoped would be at the center of this active community. We look forward to a great partnership and will do what we can to make sure the setting of the facility is top notch and fits into our community. Although we have studied the results from your prior surveys, we do need to have a good idea of how many of you are interested and what you would like to see there in order for you to join. The goal is to keep the costs low and the membership high and fill it with fun and healthy activities. Troy’s enthusiasm is contagious and we look forward to working with her. Look for her survey and information in a separate insert. Please help us understand your interest!

Others have exciting ideas too and we will do whatever we can to make them come to fruition! Have ideas you have not shared? Entrepreneurial? We have room to build to suit your needs if it fits into the concept.

Come see us in the shop, call or email us: 940-765-9390 or KIOWADERRICK@AOL.COM

What a great community lake Kiowa is!! We want to thank all of our wonderful friends and neighbors for the love and kindness shown during Jack’s last few months. The meals from the Woman’s Club and our neighbors were delicious. The calls, visits and many cards and notes and donations were so appreciated. We shall never forget the neighbors who made trips to the airport to bring our sons home to be with their Bad and me. Flugs to you all.

Fenella
A Fable of a Fairy Afraid to Fly
Fenella was born with a fear of flying. Can you imagine? A fairy afraid to fly? A fairytale for children of all ages - including adults - in the tradition of Hans Christian Andersen. A story about facing and embracing your worst fears, about unconditional love, and how sometimes the worst thing that happens to you, can be the best thing that ever happens to you.

The World’s Most Elegant Wood Fireplace...
Is Also the World’s Most Efficient!

The Furnace That Looks Like A Fireplace

The Fireplace Xtrordinair is designed to maintain the aesthetic appeal of the fireplace while delivering up to 76,000 Btu/hour, through a decorative grille built into the face design, framing the fire and enhancing your home decor. Other firebox circulating fireboxes require large ugly finned boxes or highly visible vent boxes above the fireplace opening, sacrificing the traditional hearth look.

The Fireplace Xtrordinair features sleek lines and large glass doors for an expansive view of the fire. Optimal gold plating on the face and door add a dramatic flair. Only Fireplace Xtrordinair creates such a uniquely beautiful, versatile look in a high Btu output fireplace.

2010 RALLY KICK-OFF DINNER

As in the past, Gold Sponsor First State Bank’s sponsorship of the Rally Kick-Off Dinner gets resounding accolades from the Rally for the Cure® Committee. Under the direction of Stuart Bowles, our new Lodge Manager we had a delicious meal and the staff did a superb job.

The dinner was held on Tuesday, Oct. 5, the evening before the Rally golf tournament. The evening began at 5:30 p.m. with several stations of a generous variety of cheeses, fruits and crackers. The menu for the buffet dinner was New York Roast Beef, Chicken Cordon Bleu, two choices of salads, Squash Medley, and Yukon Gold Garlic Mashed Potatoes with an assortment of rolls. Dessert was chocolate mousse trimmed in pink.

First State Bank has been a Gold Sponsor since the inception of the Lake Kiowa Rally for the Cure® and we all appreciate their participation and support very much. Together we are making a difference in finding the cure for breast cancer!

Judy Neal

SPECIAL RECOGNITION

We proudly announce that we had two GOLD Sponsors this year! As they were recognized at the Kick Off Dinner, First State Bank and Ramon and Lali Santos shared the thunderous applause for their generosity at the Kick-Off Dinner, which was sponsored by First State Bank again this year. Karen Cook has been invaluable as our liaison from the bank and has supported us in many other ways as well. Ramon and Lali Santos became GOLD Sponsors in memory of their daughter, Yolanda Arronté, who was one of the founding members of the Lake Kiowa Rally for the Cure®.

We continue to appreciate Landmark Bank for their support of the Moberly Challenge, and, of course, we want to sing the praises of Marion Hefley and Mike and Donna Erwin as returning sponsors of the Rally luncheon. Jay and Lisa Houk played an important role by providing flu shots, as well as co-sponsoring the Moberly Challenge. Another unsung hero in our success story is Miriam Hogan, who has faithfully sponsored our ladies’ tournament prize money.

We would be remiss if we didn’t mention how much we appreciate J. B. Cole and his recruits from the MGA who have taken responsibility for many actions through the years, R. J. Stroup who has worn numerous hats on our behalf, Lloyd Butts for his auctioneering, Dorothy and Wayne Shearer for the special gift bag items each year, Dennis Tocquigny and his crew, Stuart Bowles and his Lodge staff, Brown McGrover and his staff, Ronny and Debbie Young and the Water Department, Randi Schmalz and staff, and of course, my personal thanks to Bill Burhans and Carole Clasing!

If it were possible, everyone who deserves a thank-you would be listed, but it’s truly not possible, so let’s put it this way: It’s been an awesome year and we thank literally everyone who had anything to do with helping the Rally for the Cure® be such a wonderful event!

GAINESVILLE, TEXAS – North Central Texas College issued the call this week for entries in the 2011 edition of its annual Creative Writing Awards contests.

The 45th anniversary contests offer aspiring amateur authors of all ages in Texas and Oklahoma the chance to have their work critiqued by professionals, to have it published and possibly to earn them special recognition and cash prizes.

Sponsored by the NCTC English, Speech & Foreign Language (ESFL) Department, the popular contest usually draws up to 500 or more entries from throughout the region.

According to contest director Gabrielle Fletcher of the NCTC English faculty, the competition comprises four main divisions for amateur writers ranging from middle school age through adults. Each division features subcategories for poetry, short stories and essays, and the contests are open to all who wish to enter.

Deadline for submitting entries in all categories and deadlines is noon on February 25, 2011. Writers may submit only one entry in each category for which they are eligible.

“This contest has a great history and tradition,” Prof. Fletcher said, “dating back as far as 1966 according to library records, and blessed with warmth.

And so many memories to cherish.

Thanksgiving reminds us of so many blessings to count.

Hoping your Thanksgiving is rich with meaning, and blessed with warmth.

Cherry carrell says, “The Speckled Monster,” a work of historical nonfiction about battling smallpox at the beginning of the 18th century, which USA Today cited as being written “in a compelling, almost novelistic, voice.”

A resident of Tucson, AZ, holding graduate degrees from Harvard, Oxford and Stanford universities, Carrell also has written a number of articles for “Smithsonian Magazine.” She won three awards for distinction in undergraduate teaching at Harvard University, where she taught in the History and Literature Program and directed Shakespeare for the Hyperion Theatre Company.

Copies of the 2011 edition of “The April Perennial,” featuring winning entries from last year, will also be distributed at the awards ceremony.

Middle-school students in grades 6, 7 and 8 may submit entries to the Jerry Simpson Memorial Poetry and Short Story Contests, while high-school students in grades 9, 10, 11 and 12 may enter their work in the Brad Dill Memorial Poetry and Short Story Contests.

The Regional Creative Writing Contest for poetry and short fiction is open to all non-student amateur writers residing in Texas or Oklahoma.

Contests for NCTC students include the Inspired Essayist Contest, the Aspiring Poet Contest, and the Gerald McDaniel Memorial Short Story Contest.

Handouts detailing the guidelines and format requirements for each contest will be available in the libraries on all NCTC campuses. In addition, entry forms and format requirements for electronic or paper submissions can be found online. The Butterfield Stage Executive Director, Kelly Fiore, is excited to bring a new interactive theatrical event to the historic theater. The Butterfield Golden Era Radio Show will be presented on Saturday night, November 13, 2010.

The Golden Age of Radio was the dominant home entertainment in the early 1920s until the onset of television in the 1950s. Family members and friends would sit side by side and listen to such programs as news, mysteries and screwball comedies.

On Nov. 13 at Butterfield Stage Playhouse, in Gainesville, we’ll be stepping back in time to entertain audiences with an authentic radio show! The Butterfield Golden Era Radio show will be comedic entertainment for the whole family to enjoy, just as the radio shows that were so popular back in the 1930s. These programs included Maxwell House Showboat, True Story hour, First-Nighter Program, and the Chevrolet Chronicles.

The Butterfield Stage Players will be doing the voices, sound effects and music for the production. Murder Mystery Players, Inc., a professional entertainment company based in Dallas, will provide three professional actors to facilitate the show, but to make things even more exciting, two members from the audience will be chosen at random to participate in the live event!

But what good is a radio show if no one can hear it live and on the radio? KGAF 1580 will be broadcasting the event live! The radio station will be at Butterfield Stage doing a live broadcast of the show and broadcasting old-time commercials of local vendors in Gainesville. The commercials will be rewritten to hark back to the day of live radio commercials. The audience in the theater will be able to see ACT 1 of the comedy show at the theater and then ACT 2 will be the live broadcast.

This is a Center Stage Circle event. The Center Stage Circle (CSC) is a theater guild organized to promote quality theater, artistic and educational programs at Butterfield Stage through fundraising and volunteer service. The guild hosts two events per season and the Butterfield Golden Era Radio show is their fall fundraiser. A reception will follow immediately after the radio show. Drinks and appetizers will be available in our new conference room and local DJ, Barry Otts, will be on hand to provide music to dance the night away in our new Studio Theater space. Tickets are $20 and can be purchased by calling Butterfield Stage (940) 665-8152.

There are many other programs and processes that affect your computer’s security. They include programs like Flash and Java. Your Windows settings can also create vulnerabilities. You’d probably never know when any of these need attention.

That is, unless you have the right tools. I’ve got two programs you’ll find invaluable. The Secunia Personal Software Inspector and Microsoft Baseline Security Analyzer will help you rest easy. Both are free on my site.

Let’s take a look at how these programs work. We’ll start with Secunia’s Personal Software Inspector.

Developers are constantly working on their software. They often find security holes, and they’re usually quick to fix them. They release updates and upgrades. But you might never know. It’s not as if they send you a letter or something.

That’s why you need Secunia’s Personal Software Inspector. Secunia will help you keep everything up to date. This includes Windows, your browsers, Flash, iTunes and more.

A system check can take a few minutes. Or it can take a lot longer, if you have it check everything. When it’s finished, you’ll get a rundown of your programs. It will let you know what needs updates.

Unfortunately, it won’t update the programs for you. Instead, it will provide a link to the appropriate place. You can also read about why the update is necessary.

I’m careful to keep my programs updated. But Secunia still found a problem. A patch had been released for the Foxit Reader. I didn’t know about it. But Secunia did, and it let me know. Soon, I was all patched up and ready to go.

You may see multiple versions of a program in the report. Some programs, like Java, don’t remove previous versions after an update. Secunia won’t remove these duplicate programs. But you can remove them through the Control Panel.

Secunia is compatible with Windows XP, Vista and 7. Now let’s take a look at the Microsoft Baseline Security Analyzer. This program does an in-depth check of your Windows software and settings. There is some overlap with Secunia. Both will make sure your operating system is up to date. But MBSA can find security problems in areas you may not think about.

First, it will check all of your user account passwords. It will alert you if any account has a weak or disabled password. Accounts with weak or disabled passwords can be easily broken into. A criminal could have easy access to your computer. If you need to make stronger passwords, read this tip.

It will also check many of your account settings. Is your computer set up to get automatic updates? Do you have more than one administrator account on the computer? Is your Windows firewall configured correctly? MBSA also has guides to what settings are preferred and why. Just click the “What was scanned” or “Result details” links to read them.

Pay attention to your shared folders. These programs will go a long way to keeping you safe. Now, remember these programs will only share what you want. Refine your settings to only share what you want.

That’s why you need the right tools. I’ve got two programs you’ll find invaluable. The Secunia Personal Software Inspector and Microsoft Baseline Security Analyzer will help you rest easy. Both are free on my site.

Kiowans

“Kiowans, as a group, was formed by and for Lake Kiowa property owners to provide factual information on significant issues of interest to all "LKPOA members in an effort to promote, preserve, and maintain our way of life, our assets, and the operations of our community affairs for the benefit of all.”

SESSION I OF LEADERSHIP LAKE KIOWA VII COMPLETED

Leadership Lake Kiowa VII began Oct. 1, with 21 students in attendance. In a stimulating briefing that Linda Fite presented, the group learned the history of this community. Included was interaction with five residents who have lived here for several decades. They brought additional life and laughter to Linda’s detailed presentation.

Corky Cohoon, Chairman of the Long-Range Planning Committee, treated the group to a briefing on long-range plans for the community, and provided demographic information as well. Community Manager Randy Schmaltz discussed the LKPOA assets and infrastructure. This was followed by lunch.

After lunch, the group traveled to the LKPOA Office for explanations by the managers of the workings of the departments that keep the community operating. KHWSC Manager Ronny Young escorted the students to a pump station and water tower to explain how they reached 100%. Cooke County United Way, please call (940) 665-1793.

Cindy Davidson, owner of Mom’s Donuts on Grand Ave. in Gainesville, recently presented a check to Cooke County United Way Executive Director, Angie Hare, in the amount of $334.

The check represents proceeds from the promotion in efforts to help United Way make its goal. The economy is hitting so meaningful to our campaign to have a neighbor helping neighbor. Every year, we lose pledged funding due to employee turnover and relocations. That is why it is very important that we exceed our goal for that fills in the gaps and helps ensure that we will receive enough paid pledges to cover the agency agreements supported by this campaign.”

Money raised here stays here! It’s not too late to give! For donation information or additional information on the agencies partnered with Cooke County United Way, please call (940) 665-1793.

The Kiowans organization hosted a forum the evening of Oct. 19 to introduce Precinct Two Commissioner-Elect B. C. Lemons to the community. Mr. Lemons introduced his wife to the audience of more than two dozen interested Kiowans, provided some biographic data on himself and his family and then outlined the areas in which he plans to place his emphasis. B. C. then took many questions from the interested audience.

One salient point in the ensuing discussion was that it is incumbent upon Lake Kiowa residents to attend the Commissioner’s Court meetings regularly to demonstrate their interest and voice their concerns. The court meets every second and fourth Monday of the month in the former Gainesville National Bank building.

When asked if he was willing to participate in a forum of this kind regularly, Commissioner-Elect Lemons responded that he would be more than willing to do so.

From the President…

It was a cool and beautiful fall morning for the October meeting of the Kiowa Woman’s Club. The theme for our meeting was “Mystery & Imagination.” Several members wore costumes, some wore masks and one of our board members even wore a large purple spider on her head, all in celebration of Halloween. NCTC drama students and dancers provided the program for the month. A creepy and wonderful reading of the “Raven” set the dark mood of the season and another reading of a poem by Edgar Allan Poe, “Annabel Lee,” lightened the mood with a lovely and airy dance. A musical rendition of Alice in Wonderland was updated by adding dancing to appropriate Beatles music. I saw many hands and feet tapping dancing to appropriate Beatles music. The Kiowa Cookbook has been reprinted and are for sale for $15. If you would like to purchase one, please call Leslie Tomich at (940) 612-2351. Books would like to purchase one, please call Leslie Tomich at (940) 612-2351. Books

The next meeting of the Kiowa Woman’s Club is Nov. 11 at 10:30 a.m. Social time starts at 10 a.m. Reservations can be made by calling the Luncheon Reservation Committee listed in the CommunityQuot or on the Lake Kiowa Web site. We are asking each member to please bring a non-perishable food item for those in need in Cooke County. All items collected will be donated to VISTO. The November meeting is also the last time for pictures to be taken for our new KWC Pictorial Directory so, if you have not had your picture taken, come early or stay late so we can get you in the directory. The KWC theme for our November meeting is “All Creatures Great and Small.” Ryan Herman of the Frank Buck Zoo in Gainesville will be here to tell us about some of the fascinating animals there at the zoo. Ryan will also have several critters with him for this road trip, so come see your friends and come see the animals from the Frank Buck Zoo!

Last but not least, I wish you and your families a very happy and Blessed Thanksgiving. Maureen Anselmi

ALL CREATURES GREAT AND SMALL

We are going to have some special four-legged guests at our Nov. 11 meeting. You won’t want to miss this month’s program presented by Ryan Herman, the Education Programs Coordinator at the Frank Buck Zoo. Ryan cares for the education animal ambassadors (mammals, birds, reptiles, etc.) and develops and teaches environmental education programs for the Zoo. Ryan also trains and supervises the Zoo’s adult and teenage volunteers.

After hearing Ryan’s presentation and meeting some of his friends, I know we will have a better appreciation of our wonderful zoo and the animals that call it home. Our Gourmet group is this month’s sponsor. I hope to see you there.

Plant Exchange: Our Nov. 9 meeting will be held at Jennifer Schmidt’s house, 110 Kiowa Dr. E. at 10 a.m. Go to the lakeside of the home for the plant exchange on the deck area. You do not have to bring a plant to participate in the exchange. Seeds or cuttings kept moist or in potting mixture are also welcomed.

Bulbs: Plant daffodils and grape hyacinths bulbs when you buy them, but tulips require a “pre-cooling” prior to planting for at least 45 days—do not plant earlier than mid-December. Arrange bulbs on top of the ground where they will grow or simply throw them on the ground letting them fall in random patterns for the most natural-looking display of flowers. Dig each planting hole roughly three times the diameter of the bulb it will hold, and only wide enough to insert the bulb. A bulb planter attached to a drill makes planting hole roughly three times the diameter of the bulb it will hold, and only wide enough to insert the bulb. A bulb planter attached to a drill makes planting easy. The tapered tip should face upwards. Fill the hole and dust lightly on top of the ground with bone meal. The bone meal will stimulate root growth and boost blooms as it gradually supplies phosphorus as it seeps down to the bulb. For the best display cluster bulbs close together. The farther away you will be viewing a bulb display, the larger the groupings should be. The biggest mistake most gardeners make when planting bulbs is just not planting enough.

Planting: Remember that now is the best time to plant container-grown plants. The ground in this area rarely freezes thus allowing a plant’s roots to grow throughout the winter.

When a hard freeze finally hits and the foliage is completely burned, cut perennials close to the ground. You can do this immediately or wait until late winter before new growth begins in the spring. Most ornamental grasses can be split in fall if needed. Cut the tops back to help compensate for their diminished root systems. MULCH tender perennials with a 2-5 inch layer of mulch in the form of leaves, bark or pine needles.

The Sept. 29 Canasta winners (L-R): Gussie Utting, Mary Smith, Katherine Thacker and Sharon Wolek.

GREAT SEPTEMBER FOR CANASTA PLAYERS

Nancy Jones, Kerlene Ross, Jenny Schmidt and Dany Valenzuela assisted with lessons for 16 women Sept. 14 and 28. That first day we had seven tables of players having fun and learning the Kiowa game of Canasta. The winners that day were Dany Valenzuela, Cathy Wilson, Peggy Ashton, Mary Smith and Vicki Poole. On Sept. 28 we had six tables of players with a little more experience under their belts and, of course, having fun playing Canasta. The winners this time were Gussie Utting, Mary Smith, Katherine Thacker, Sharon Wolek and Ada Brown.

October will be a very busy time for all players. The Canasta Department will not offer lessons again until spring. We will continue to play Canasta twice a month (Oct. 12 and 26). In November we will play Nov. 9 and Nov. 23.

All Canasta players are encouraged to sign up for the Dec. 4 Christmas party prior to Nov. 9.

This month’s theme was “A Simpler Time” and Oct. 19 was the first opportunity the Gourmet Club got to flex their wings, and flex they did. The groups went with the four winds to places such as Denton – Hannah’s Off the Square and Chestnut Tree Garden Tea Room; Highland Village - Patrizio’s and Grotto; Tioga – Diverso; Sherman – Gourmet China Restaurant; Allen – Patrizio’s; Pilot Point – Da Frederico’s; and Lake Kiowa – The Brannan residence.

FIRST ANNUAL MEN’S OPTIONAL RALLY TOURNAMENT
Tuesday, Oct. 5 was the beginning of something good! Fifteen four-man teams enjoyed a beautiful day of golf as they helped support the Rally for the Cure® with their own optional tournament. The men teed off at various times of the day, but the air was still full of anticipation from the teams as they considered the possibility of being the lucky ones to win a golfing trip with our pro, Brown McCrory. The winning team was Mike Hammond, Jay Titus, John Seefeldt and Teddy Grant with a score of plus 7. Second place, with a plus 5, went to John Schneider, Mike Merolla, Jim Weaver and Ronny Phillips.

Pat Williams and Marcy Titus were alluring the men with the aroma of steaming hot brats cooked with green peppers and onions. They also served water and beer to quench their thirsts. The food and libations were complimentary to tournament players, but were available for purchase by the general public.

From all reports, this event will continue to generate enthusiasm and support for the Rally for the Cure® for years to come!

Judy Neal

Thank you Mike, Donna and Marion for the terrific luncheon!

Couples Golf - Oct. 17 Winners

The Couples Golf Association tournament was held Sunday, Oct. 17. The winners were: 1st - Nichols, Parish and Cramer; 2nd - Marishak and Page, Chapman; 3rd - Leatherman, Spencer; 4th - Wilson, Schuitt; 5th - Bergbower, Botha. The group enjoyed a fried chicken dinner at the Lodge following the tournament.

The final tournament for 2010 will be Sunday, Nov. 21. We will meet at the Pro Shop at 12:30 p.m. for a 1 p.m. shotgun start. The cost to play is $6 per couple. The game will be Turkey Trot (teams will use six holes from the blue, red and white tees, and then scramble). The optional turkey meal ($12.25 per person) will be at the Lodge following the tournament.

Your Handicap Committee

Did you know...

That a tournament score is a score made in a competition where a winner is identified based on a stipulated round played under the rules of golf? For handicap purposes, the letter “T” identifies tournament scores in the handicap system. The committee in charge of the competition in consultation with the handicap committee must determine in advance if the competition meets tournament requirements and must announce in advance that the letter “T” will identify scores when they are posted. Routine events such as regular play days are normally not designated as T-scores because they are not significant in the traditions, schedules, formats, and membership of the club. Scores in both match play and stroke play competitions must be posted for handicap purposes. If you start, but do not complete a hole or are conceded a stroke, you must record for handicap purposes your most likely score. Your most likely score may not exceed your Equitable Stroke Control limit and should be preceded by an “X” on the scorecard. For example: A and B are playing a match. On a hole on which neither player receives a handicap stroke, A has holed out in 4; B has a 30-foot putt for a 5. B has lost the hole, and picks up. B records X-6 on the scorecard because 6 is B’s most likely score. If your match ends in fewer than 18 holes but more than 12 you must post an 18-hole score. You have the option of playing the remaining holes or posting par plus your handicap for the unfinished holes. If 7 to 12 holes are played, you must post a nine-hole score. There is no limit to the number of unfinished holes a player may have in a round, provided that failure to finish is not for the purpose of handicap manipulation.

From the Golf Course Superintendent ...

Looking Back - Most of us have heard the saying “What a difference a year makes!” It could not be more true for us here in the Golf Maintenance Department.

We have and continue to enjoy a successful year in having brought to fruition your vision of what the golf course here at Lake Kiowa should be.

It took a cooperative effort working with the POA, led by Randy Schmaltz, to be successful and achieve all of our goals. The current Board of Directors along with their predecessors have been visionaries and thus proactive in support of our efforts.

I would be remiss if I didn’t mention Don Hoover and all the support he has provided throughout the past year as well. On many occasions and often with short notice, Don provided critical support.

Finally, we thank you as members and golfers for your patience and understanding. Renovating a golf course is never an easy nor simple task. It is truly a labor of love and requires a commitment of time and effort that most individuals would not understand. My staff was up to the task and thus deserves a great deal of credit for meeting the challenges of the past year.

On a different note, we were proud to do our part in insuring a successful Rally for the Cure® Tournament. Again, I was proud of my staff for their efforts and our small, yet heartfelt monetary contribution to the Cure. I believe everyone enjoyed the course and, of course, the beautiful weather.

As we approach the winter months, we will keep you apprised of our off-season project schedule. As always your input through the Golf Committee is welcome.

Lake Kiowa Men’s Golf Association Board Meeting

October 7, 2010

President John Seefeldt called the meeting to order at 9 a.m. Board members present were: Phil Handley, Jim Mead, Bobby Andrews, Jim Williams, Jay Titus, Gary O’Dell and Robin Howell. Brown McCrory and Dennis Toquigny were also in attendance. Don Hanupty and Larry Gingerich were not in attendance.

Golf Course Report: Dennis reported that the end of the growing season is getting close, and due to that the watering schedule will be reduced. He anticipates going to a 90-degree rule sometime in November and will determine later if we need to go to cart path only for the winter months. He also plans to start his pre-emergent treatment in the near future for weed control.

Brown McCrory Report: Brown reported that we have had over 800 rounds of tournament golf in the past 30 days. This was due to increased tournament schedules from the course being closed in the spring. The 2011 tournament schedule should return things back to normal.

November Playday: The November playday will be what the board considers real golf. One low net and one low gross score to be counted per team. Everyone will play their own ball from tee to green. Effective in November the playdays will be a 1 p.m. shotgun start.

Number One Tee Box Camera: The new security camera is still not operating. We may need to remind everyone to start sanding the divots around the practice green area. He will work with Dennis on coming up with some sort of sand bottle station for the practice area.

The regular meeting adjourned at 10:45 a.m. Robin Howell, MGA Secretary

KID FISH RETROSPECTIVE

Do you remember the first fish you ever caught? I certainly remember mine. I can recall as if it were only last week. Unfortunately, it was well over 50 years ago.

I can remember following behind my father as we were walking back the old lane from my aunt and uncle’s farm to the creek. It was like a big adventure to me as I carried an old cane pole in one hand and the can of worms in the other.

I wanted to stay behind my dad and let him absorb all the branches and stickers that always managed to find exposed areas of skin and I really hated stepping on snakes and I thought behind him, I was safe.

We would set on the bank or even pile up some rocks to be used as seats and it seemed like it was a contender for the World Record. My father was beaming with pride as I removed the hook from the fish and put it on the little stringer.

Even though that little fish was tiny, it seemed like it was a contender for the World Record. My father was beaming with pride as I removed the hook from the fish and put it on the little stringer. I can also remember telling him at the end of our adventure. “Thanks Daddy, for taking us fishing.”

Little did I realize at that time that that time does not stand still and someday I would become a father and would be teaching my own daughter and son how to fish, bait hooks, remove fish and all the same things that my Dad taught me.

I have five grandchildren that I love very much and they all received their first fishing pole BEFORE they came home from the hospital. They now range from ages two up to twelve and they love to ride in the boat and fish.

Dylan Perry holding the big fish - 5.6 lbs. Dylan, a newcomer to Lake Kiowa, was fishing his first tournament. He also won third place with a stringer of 12.3 lbs.

Brandon Burks, the first-place winner with 14.2 lbs. This is his second straight win in as many months.

Chris Henry took second place with a stringer of 13.8 lbs.

HELP BUILD A SAFE HAVEN FOR SMALL FRY

With the approval of the LKPOA Board of Directors, small areas of native plants were reintroduced into Lake Kiowa to provide cover for the smaller fish. Two of the areas have taken hold and the third was vandalized and destroyed at a loss of about $400 in plants, plus the volunteer hours to place them there.

It is very important in order to maintain a healthy lake that the fry have a place to hide so they may grow larger. With that in mind, the Angler Club will be collecting unflocked and unadorned trees after Christmas. If you would like to donate your Xmas tree, please contact one of our board members. Thank you.

Brandon Burks, the first-place winner with 14.2 lbs.

After years of service, the members of the current Anglers Club board will be stepping down at the end of their terms. Anyone interested in running for one of the positions should contact me at dnoble5754@aol.com.

White Bass: Otherwise known as Sand Bass. No Limit. Remove all you can.
Perch: No Limit.
Channel Catfish: Keep fish over 14 inches; No Limit. Release all under 14 inches.
Drum: No Limit. Remove any caught from lake.
Carp: No Limit. Remove any caught from lake.
TROT AND JUG LINES ARE NOT PERMITTED

Dock owners are encouraged to provide cover for the fish under your docks. Make sure the trees are securely anchored not to interfere with boat traffic. Feed the fish! Dry dog food or pellets especially made for the fish are readily available at feed stores. For questions, feel free to contact Mike Bitsche for specifics.

LAKE KIOWA SECURITY DEPT.

SECURITY REPORT

September 15—October 11

Cool, autumn temperatures have put the finishing touches on summer at Lake Kiowa as evidenced by empty swimming beaches and the single boating stop recorded for the reporting period. Eleven traffic stops were also performed, but no citations were written for any rules violations. Security patrol assisted two boaters and a motorist, checked the welfare of residents on three occasions and secured two unlocked buildings. Three incidents of criminal mischief were reported, as were two complaints of disorderly conduct. Security personnel responded to five calls of suspicious vehicles, contacted a member about an illegal sign and confronted a golfer playing golf while the course was closed. Cooke County Sheriff’s Department deputies responded to Lake Kiowa for a domestic disturbance and to investigate one of the disorderly conduct complaints.

Animal Control Officers searched for a lone stray cat and sixteen free-running dogs. Two complaints of barking dogs were investigated and thirteen varmints were either trapped or chased. Security was administratively involved with eleven Lake Kiowa Volunteer Fire Department emergencies and actually escorted ambulances on four of those calls.

SEPTEMBER HOLD’EM POKER

Here are the results from the September poker nights:

September Points Leader: Brant Buck;
2nd Jim – Lewis; 3rd - Bill Thompson;
4th - Dennis Horvath; 5th - Ben Blythe;
6th - Tom Blackwell; 7th - Randy Howell; 8th - Hank Pyott.

September was a Buck month. It has nothing to do with the upcoming hunting season and has everything to do with the Buck family. I was gone Sept. 10 and Brant Buck won. Brant’s previous victories had also come on evenings when I was not present. Brant had decided that I should go on a permanent vacation. I was happy that Brant won on the following Friday when I was around. Brant assured me that it was now OK for me to stick around. I am glad I have the approval of this month’s Player of the Month.

There was another member of the Buck family that was to be heard from as well. Glenda came through strong in the end-of-month tournament and took second in a great head-to-head matchup. The lead changed hands at least seven times. It was the most exciting and enjoyable finish we have witnessed in quite a while. Congratulations, Brant and Glenda!

On Wednesday and Friday nights, the poker sessions start at 7 p.m. (please sign up prior to 6:55 p.m. for these sessions). The last Friday of the month is our end-of-month tournament. Have you thought about playing, but are concerned about a lack of experience? Our group has some of the friendliest people around. They will help you out and make you feel comfortable.
